HINT NEW BRUNO REPRIEVE

EXPECT FRANCE TO SIDESTEP NAVAL AGREEMENT

Alice Longworth Says

(Special To The News)

WASHINGTON, D. C., Feb. 21.—The two major parties have at last found something upon which they see eye to eye.

The vote to investigate the Townsend plan was all but unanimous. The committee is to be half and half, Democrat and Republican. Both sides are so badly frightened by the Townsend bogey that they hope for a committee finding that will insure a uniform anti-Townsend plank for both parties.

The fact that provision has been made for publication of the report after congress adjourns stamps it as a campaign document.

Doctor Townsend is a kindly old gentleman who no one is likely to threaten to kick down Pennsylvania avenue.

The experience that the benevolent gospeleer is about to undergo may cause him to have a fellow feeling for Mr. Morgan, Mr. Raskob, the Duponts and other capitalistic suspects who have suffered on the same grill.

A grisly thought occurs. What if this circus should give Doctor Townsend the pulpit from which to preach his creed to the public at government expense!

ALICE LONGWORTH.

Yesterday afternoon, Young Pa Newc watched a group of youngsters playing on the treacherous ice of Neshannock creek, at the Mill street bridge. The boys were rolling around and throwing small iron rings. One youth hurled one over the bridge and nearly struck a passerby.

French Seeking To Make U. S. Goat Of Naval Parley

Wily French Diplomacy At Work In London Is Observer's Opinion

FRANCE TO AVOID ANY AGREEMENT

Will Seek To Put Blame For Failure On Stand Of U. S. For Tonnage

By KINGSBURY SMITH
International News Service Staff Correspondent

WASHINGTON, Feb. 21.—The United States today was seen in danger of being made the "goat" of the London naval conference by wily French diplomacy.

Genuine fear prevailed in authoritative quarters here that France may use the American stand for 35,000 ton battleships as an excuse to avoid signing any general naval agreement at London.

Looking For Excuse

France is known to be unwilling to have Germany invited to participate in any general naval agreement reached at London on the grounds it would legalize violation of the Versailles treaty. Britain is insisting upon Germany's participation. France is believed to be reluctant to cause the breakdown of the conference on the German issue and is therefore seen as looking for some other excuse.

The peculiar circumstances surrounding France's sudden interest in battleships and the unusual measures to which she has resorted to force the American delegation to abandon a stand which it is known to consider in the best interests of the American Navy has led to suspicion here that a move may be afoot once again to make Uncle Sam the scapegoat of an international conference.

No Sacrifices

The fear prevailed that France may now take the position it cannot enter an agreement because of America's refusal to agree to any reduction in the size of battleships.

In this connection, the attitude here was that the United States was not going to make any sacrifices in the ships which are considered the backbone of the American Navy merely for the sake of European politics.

Rubber Dispute Enters Court

Companies Seek Injunctions To Halt Mass Picketing Of Plants

(International News Service)

AKRON, O., Feb. 21—The dispute at the plants of the Goodyear Tire & Rubber Co., here moved into the courts today as the company sought an injunction to halt mass picketing.

The Goodyear suit names 60 defendants, including the union and its officials, and alleges unlawful picketing and intimidation methods by the union. A three-judge court was to hear the injunction suit.

Meanwhile, at the Goodyear plants where 12,000 are out of work as the result of the strike of the United Rubbers Workers Union local, national guard observers dispatched here by Adjt. Gen. Emil F. Marx, kept close watch on the situation.

Capt. E. J. Henry Is Acting Head Of State Patrol

(International News Service)

HARRISBURG, Feb. 21.—Capt. Earl J. Henry, commander of the state highway training school at Harrisburg, today was named acting superintendent of the highway patrol pending appointment of a successor to Capt. Wilson C. Price, who retired today as head of the unit he established 15 years ago.

The appointment of Henry, a native of Lancaster county, who joined the patrol in October, 1924, and has been in command of the training school since last November, was announced by Secretary of Revenue John B. Kelly.

Spain Will Grant Amnesty To 20,000 Political Prisoners

By TOMAS A. LOAYZA
International News Service Staff Correspondent

MADRID, Feb. 21.—Acting speedily to prevent further riot and bloodshed in the wake of Sunday's general election, President Niceto Alcala Zamora today approved the new Spanish government's amnesty decree, freeing approximately 20,000 political prisoners.

The decree was to be submitted to the parliament's permanent committee tonight. Approval was certain, since the government and all victorious socialist deputies were anxious to end the violence which took the country in its grip Sunday and continued through last night with a toll of 15 lives lost.

Most of the violence was in protest against detention of socialist

Applicants For Jobs As Firemen To Be Examined

Must Undergo Physical Examination Before Taking Mental Test

Thirty-eight applicants for positions as city paid firemen will undergo a physical examination at 8:30 p. m. tonight in council chambers, city hall, according to the Civil Service commission for fireman.

The system now in vogue, as the result of an act of assembly, calls for the applicants to first undergo a physical examination and if they pass to follow this up with a mental examination.

Assembly act of 1931 placed all civil service employes under the one system but the Assembly act of 1933 placed fire departments of Second and Third class cities under a different system.

The first time the local commission acted under the Act of 1933, was in 1934, and tonight the same procedure will be followed when the physical examination, which costs each applicant $2.00, will be made.

The act also provides that the examiners commission consist of two physicians. They will be on duty tonight and it is not expected the physical examination of the 38, more or less, will take much time.

After the physical examination is conducted the candidates will be either pronounced to the civil service commission as "O. K." or "Not O. K."

It was reported some time ago the city council desired a list of eligibles so that any of the firemen old in service and who may want to retire on a pension, if eligible to do so, can join the pensioned list.

Institutions Of State For Mental Defectives Need Quarters For 3000

By ARTHUR H. WAKELEE
International News Service Staff Correspondent

HARRISBURG, Feb. 21.—Over-crowded conditions in state institutions for mental defectives today were termed "appalling" by officals who disclosed approximately 3,000 mental patients in Pennsylvania are on "waiting lists" of the various hospitals, being deprived of proper institutional care.

"There is over-crowding in nearly all of these hospitals and the problem has become acute," Dr. J. Evans Scheehle, secretary of welfare, told International News Service. "Since we have been unable to carry out our planned building program, there is an appalling number of mental defectives being cared for 'at home' because there is no room for them in our institutions."

Need Doubled Facilities

To care adequately for these patients, about twice the present facilities should be made available, in the opinion of Dr. William C. Sandy director of the state bureau of mental health.

"The latest figures indicate there are 2,755 mental defectives in the

GEHRIG HURLS DOLLAR ACROSS HARLEM RIVER

(International News Service)

NEW YORK, Feb. 21—Walter Johnson may hurl a silver dollar across the Rappahannock tomorrow and thus duplicate a feat which legend credits to George Washington, but he'll still have to match Lou Gehrig, slugging first baseman of the New York Yankees, as a dollar tosser.

The broad shouldered Gehrig in the interests of fun, science and publicity journeyed to the banks of the Harlem river at 166th street yesterday and tossed five 1935 silver dollars into the near-frigid atmosphere. One of them landed on the other side of the murky, ice-filled stream 430 feet from the point of departure. The others wound up at various points between the two banks.

New Tax Bill Being Prepared

President Says Measure Will Be Ready Late Next Week

PLANS TO REPLACE PROCESSING TAXES

(International News Service)

WASHINGTON, Feb. 21.—President Roosevelt confirmed at his press conference today that the tax bill designed to raise $500,000,000 to replace the outlawed AAA processing taxes probably will go to congress late next week after his return from Hyde Park.

Mr. Roosevelt would only say that progress is being made in completing the bill.

It still is not possible, he said, to estimate the amount of the federal relief load for the next fiscal year.

Lincoln-Garfield "Boys" Have Reunion

About one hundred "boys" of Lincoln-Garfield school, boys of 25 and 30 years ago, gathered in the Elks club Thursday evening for the annual mid-winter stag party of the club. It was the ninth annual affair of its kind and by far the largest one of its kind.

President Coy H. Cole presided and for more than an hour addresses of reminiscence were heard. As a token of esteem in which four of the club members are held, J. Garfield Davis presented each one of them with a fountain pen. The four were Mayor Charles E. McGrath, Councilman Joseph Alexander, Sheriff Edward D. Pritchard, County Treasurer Joseph H. Hartland. All of them attended Lincoln-Garfield school and all of them have been members since the inception of the club.

Presentation Good

In his address of presentation Mr. Davis stressed the fact that the club is not a political one. "It is a splendid commentary upon the calibre of the Lincoln-Garfield school when four members occupy major positions in our government," said Mr. Davis. "While all of us were and are interested in their success,

(BULLETIN)
(International News Service)

PITTSBURGH, Feb. 21—Priscilla Wright, 15, daughter of Dean A. B. Wright, of the school business administration at Duquesne University, and Jane Hughes, 14, her best friend, have mysteriously disappeared, police revealed today.

Mayor William N. McNair, who is associated with Dean Wright as an economics instructor at Duquesne, issued a special appeal to police to nearby cities to search for the two girls.

Nervous over the disappearances, Mrs. Wright expressed the hope the girls were suffering from nothing more serious than a desire to travel and see the world.

"When Jane and Priscilla left for school yesterday they each wore two dresses, one over the other. A least there are two dresses missing. I think they had about five dollars each.

"They both talked all the time about travel and they've been reading travel books.

"They were both very bright students, nigh in their classes.

Jane is the daughter of Robert Hughes, a former newspaperman.

ROME REPORTS NEW ADVANCE IN ETHIOPIA

(International News Service)

ROME, Feb. 21.—Further Italian advances on the northern Ethiopian front were reported today by Marshal Pietro Badaglio in military communique No. 132.

"The first army corps occupied a strong position at Aderat, south of Buia," said the communique. "The air force has been most active on all sectors of the northern front.

"On the Somaliland front the situation remains unchanged."

Aderat is 12 miles north of the Mai Meschie river.

It was reported the first army corps has occupied the village of Hedno where the Enda Michael monastery is situated.

Hauptmann's Iron Will In Quizzing May Affect Chance Of Reprieve

HOFFMAN BELIEVES CASE NOT SOLVED

Informant Asserts New Reprieve Is Likely To Be Given Hauptmann

By KENNETH T. DOWNS
International News Service Staff Correspondent

TRENTON, N. J., Feb. 21—Bruno Richard Hauptmann's iron will has won him a very strong chance for a new reprieve, it was learned today by International News Service from an unimpeachable source.

For, when he resisted nearly 14 hours of grilling by Samuel S. Liebowitz, noted criminal lawyer, who was bent on obtaining a confession, he provided Governor Harold G. Hoffman with a new argument for postponing his execution again.

Governor Hoffman intends to use this argument, one of his close aides confided to International News Service. Despite his denial, the governor plans to grant one more reprieve, the informant said.

Ice In Rivers Is Thickest In Several Years

Sudden Thaw Would Probably Cause Severe Floods To Occur

(International News Service)

HARRISBURG, Feb. 21.—Ice conditions in the state's rivers "are probably worse at this time than they have been for many years," it was revealed today by Thomas C. Buchanan, secretary of the department of forests and waters.

Pointing out practically all of the streams, with the exception of the Monongahela river in western Pennsylvania, are covered with ice of unusual thickness, Buchanan said damaging floods would not "necessarily" result when the ice begins to break up.

Many Factors

"Past experience has shown that many factors enter into the manner in which the ice may be carried out," Buchanan said. "For this reason it is impossible to predict for any considerable time in advance whether or not the ice may be lifted, broken and floated away without any material damage."

He pointed out, however, that if there is not sufficient flow in the streams to float the ice above obstructions when it breaks, damaging gorges may result.

Dear weatherman, I take my pen in hand to write a little note, to let you know these winter days have just about got all my goat. I know you get a lot of squawks from customers from here and there, and now and then some critics words are more than human ought to bear. But all I want to say is this, why can't you change your pace a bit, a little sun would go right well, some balmy days would be a hit. Don't answer this unless you wish, I've told you what I had to say, but just remember what I've said, the weathers twenty-two today.

PRISON REVELS ARE REVEALED

Illinois Probe Is Astounding

Convicts Played Poker In Cells For Large Stakes Is Testimony

LIQUOR REPORTED MADE IN PRISON

(International News Service)

JOLIET, Ill., Feb. 21—Astounding and incredible tales of prison revels, picturing the Joliet and Stateville penitentiaries as pleasant clubs for such convicts as could afford the dues, were related by two members of Gov. Henry Horner's investigating committee today after interviewing inmates.

Assistant State's Attorney Emmett Moynihan of Chicago and Warden Roy Best of the Colorado state prison made the startling revelations which they said existed prior to the appointment of Joseph E. Ragen as warden of the two prisons last October.

Among their disclosures were:

Convicts played poker in their cells for large stakes, one inmate declaring he had seen as much as $1,500 on the table in one poker game.

Money was smuggled to inmates and used to corrupt guards.

Liquor was freely circulated, and was even manufactured within the prisons.

Narcotics, taken from the prison hospital, were sold to drug addicts at $1 "a shot".

Favored convicts, the men-about-prison, were permitted to wear white shirts and flannel trousers instead of the drab, coarse prison garb.

The convicts were organized into distinct social circles, the sets in which they moved dependent on the funds available to them, the commissioners disclosed.

Your Income Tax In Brief

No. 23
DEDUCTION FOR CONTRIBUTIONS

Charitable contributions and gifts made by an individual are deductible within limitations provided by the revenue act. The organization to which the gift is made must meet several tests. The corporation, trust, community chest, fund, or foundation must be operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals; and if a substantial part of its activities is carrying on propaganda or otherwise attempting to influence legislation, it fails to pass the tests. No part of the organization's income may inure to the benefit of any private stockholder or individual.

Contributions made to a missionary fund, church building fund, and for the benefit of other activities of the church are deductible. Pew rents, assessments, and dues paid to churches are regarded as contributions. Gifts to a corporation or association organized or devoted to the advancement of learning are deductible.

Gifts to an individual are not deductible, but if made to a charitable organization, as defined by the revenue act, may be deducted even though the organization distributes funds among the individual beneficiaries.

Contributions made to the United States, any State or Territory or political subdivision thereof, such as a city or town, or the District of Columbia, for exclusively public purposes, are deductible; for example, a gift of real estate to a city to be used perpetually as a public park is deductible. Also allowable are contributions to the special fund for vocational rehabilitation, to posts or organizations of war veterans and their auxiliaries in the United States, and to lodges, if used for religious, scientific, educational, literary, or charitable purposes.

In general, the deduction is limited to 15 per cent of the net income, exclusive of the contributions.

they had to go far beyond the limits of this association before they could rise to the positions they hold." Mr. Davis then presented them with the pens.

Answering the presentation each one of the men expressed his gratitude and appreciation. They urged the association to expand and to enter into the civic affairs of the city towards the end that the youngsters now in school might have a better city in which to live.

Edward Reese, state employment officer, also a member of the association was called upon and spoke briefly of the days when they were all youngsters together in the Lincoln-Garfield. Speakers also were William Crane and Principal James M. Hughes. The last speaker of the evening was Attorney George W. Muse who was in Lincoln-Garfield some time before most of the men present. Other speakers were Ed. Cochran, D. J. Reeble and Carl Weide. Mr. Muse's speech capped the speaking program and the men then devoted themselves to a sauer kraut and wiener dinner.

Elect Pritchard

In the election of officers Sheriff Edward D. Pritchard was named president for the coming year and William E. Trick vice president. Edward J. Ryan is the permanent secretary of the organization. The second Sunday of July was named as the date of the annual mid-summer picnic and the following committee was named to select a place of meeting: John Moore, J. Garfield Davis, Howard Meehan, Robert Dukes, William A. Francis, Edward Reese and Henry Fletcher.

City Hall offices will be open tomorrow, Washington's birthday until noon, it was decided by city council during their session at the municipal building today. City Treasurer C. C. McKibben informed the city fathers that for tax collecting purposes he desired to keep his office open.

It was decided, however, that if any of the councilmen decided to spare the services of their stenographers they could do so and whether or not those employes were given the entire day off, was a matter for each head of a department to decide. No city hall clerks or stenographers work a full day on Saturday.

By granting amnesty to the political prisoners, the government hopes to appease the restive elements. The decree officially affects 10,000 political prisoners, but unofficially actually will result in freeing of more than 20,000.

Five-thousand prisoners already have been freed as a result of supreme court decisions Wednesday.

INSTITUTIONS OF STATE NEED QUARTERS FOR 3000

state unable to get into one of our three mental institutions," Dr. Sandy informed International News Service. "Of the total number, at least 451 are considered urgent cases. Our investigations are not yet complete, however, and, in addition, many have not applied for admission to the hospitals, realizing they would not be admitted because of the over-crowding."

Both Dr. Scheehlee and Dr. Sandy called attention to the fact that planned institutional building was halted by the invalidation of the general state authority act by the state supreme court. Many of the projects included in the authority program provided for construction of, and improvements to, state institutions.

Huge Sum Designated

"More than $24,000,000 was set aside in that program for increasing institution capacities for inmates," Dr. Sandy declared. "Another million dollars was provided for the removal of existing fire hazards."

Dr. Sandy pointed out many of the institution buildings are in good shape, but some are so old they are no longer fully useful, presenting fire hazards and other undesirable features."

Such conditions, prompting alarm on the part of Gov. George H. Earle recently resulted in the launching of a state police investigation of 54 state institutions.

While a few of the mental hospitals are considered in good shape, it was pointed out, overcrowding is general in all of them. In one institution, a recent investigation revealed, occupancy was reported at 139 per cent, while another reported 120 per cent occupancy.

"There is no 'waiting list' for insane patients," Dr. Sandy said, "but unless we get relief sometime soon we are not going to be able to take care of all of them."

GOV. HOFFMAN MAY CONSIDER NEW REPRIEVE

committed the crime—he sincerely doubts that Hauptmann was the Lindbergh murderer at all," the informant said. "He told me so himself after Leibowitz had gone into the death house the second time to try to break Hauptmann and failed."

Partially corroborating this information was a written statement to the press from the governor. The statement, in answer to the query, "do the statements of Mr. Leibowitz influence your position that the Lindbergh case is still unsolved?" he said:

"No. I am more convinced than ever. I had hoped that Mr. Leibowitz in almost nine hours of questioning might have been able to get something from Hauptmann if he had anything to tell."

From a practical standponit as well as because of his personal belief the governor will be moved toward issuing another stay for Hauptmann, the writer's informant said.

"The governor will really have nothing to lose through granting another reprieve," he said. "He can't take any more abuse than he's getting now. And he will have everything to gain. The odds are tremendously against his success, but everybody knows that if he solves this crime beyond any doubt he will be swept into Washington."

Deaths of the Day

Mrs. John Christy.

Mrs. John Christy, 49, a life-long resident of the Slippery Rock community, died on Thursday at Grove City, where she had resided for the past three years. Mrs. Christy suffered a stroke on February 11 from which she never regained consciousness.

Born in Slippery Rock township, Butler county, the daughter of Mr. and Mrs. John Logan, Mrs. Christy lived in or near Slippery Rock until three years ago. She was a member of the Slippery Rock M. E. church and the True Blue Sunday School class of the Grace M. E. church, Grove City.

Surviving are her husband and mother, Mrs. John Logan, of Grove City; three children, Frank, Helen and Carrie, at home; two sisters, Mrs. W. C. Richards, of Grove City and Mrs. Walter Park, of New Castle.

The body is at the Richards home, Lincoln avenue, Grove City, where services will be held Saturday at 2 p. m. in charge of Dr. L. S. Case, of Grace M. E. church. Interment will be made in the Slippery Rock cemetery.

Mrs. Delmer J. Duncan.

Mrs. Lucy A. Duncan, aged 53 years, wife of Delmer J. Duncan, died suddenly at 7:30 a. m. today at her home in Enon Valley. She had been in her usual health during the past two days except for a headache which had been bothering her. This morning she was engaged in her household duties when she was stricken.

Mrs. Duncan was born May 9, 1882 daughter of the late Samuel and Eliza Jane Riddle, in Little Beaver township. She was a member of the Enon Presbyterian church.

Her husband, one daughter, Mrs. James Huston, of Enon Valley, one son George Duncan, two grandchildren, two brothers, Earl Riddle, of Detroit, Mich., and Ray Riddle, of Rochester, Pa., and four sisters, Mrs. Adda Morrow, of Beaver, Pa., Mrs. Percy Bonnett, of Petersburg, O., Mrs. James Pollyblank, of West Pittsburg and Mrs. Laura Honhoddle, of Beaver Falls, survive.

Funeral services will be conducted in the home Monday at 2:30 p. m. with Rev. Andrew Koonce, of the Enon Presbyterian church in charge. Interment will be made in Little Beaver cemetery.

R. S. Wynn Funeral Time

Funeral services for Robert Stewart Wynn, of 803 Harrison avenue, who was found dead on Thursday, will be conducted from the home Saturday afternoon at 2 o'clock. The pastor of the Second Baptist church, Rev. W. W. Nelson, will be in charge. Interment will be made in Graceland cemetery.

Confidence Vote Given Sarraut

(International News Service)

PARIS, Feb. 21.—Premier Albert Sarraut's government won a vote of confidence in the chamber of deputies by 380 to 151.

The issue on which Sarraut won was postponement of the chamber debate on the beating administered to Socialist Deputy Leon Blum by members of the Monarchistic Camelots Du Roi.

Both rightist and leftist deputies have requested the debate, and question of monarchistic and fasist activities are certain when it is held.

tricity which would have enabled him to devise the cunning fire machine.

The victims were Carl S. Barbour, 66-year-old wealthy property owner, and his wife, Dorothea, 61.

Lying side by side on a blazing bed, the charred bodies were discovered by firemen after they had battled a fire which raged through the 15-room apartment house which Barbour managed.

Beneath the death bed police discovered a watch attached to an electric heater in such a way the minute hand would make an electrical contact. Above the heater newspaper drenched with kerosene had been placed.

Scarlett Has Real Troubles

Former Chauffeur Weds Wealthy Girl And Then Troubles Commence

(International News Service)

WASHINGTON, Feb. 21.—George Scarlett, his wife's former chauffeur, is willing to match his matrimonial troubles—and even his honeymoon—with any other married man.

His wife left him immediately after their two week's honeymoon trip during which both of them miraculously escaped death when a train demolished their automobile, and Scarlett has been alone and in court ever since.

Faces New Suit

First his mother-in-law had him arrested on charges he took some family jewelry. While he was being freed of the charges in court his bride, the former Jane Cooke, of a prominent and wealthy Chevy Chase, Md. family, left him for her parents' home.

Today Scarlett, who came here from Winston-Salem, N. C., won his contest of his wife's efforts to get a court annulment of their marriage on the claim she was "forced into it," but was served to appear in another proceedings in which Mrs. Scarlett seeks a limited divorce.

Two Widows In Estate Contest

Court Battle Under Way For Estate Of Frank C. Hart, Plane Crash Victim

NEW YORK, Feb. 21.—Two women, both claiming to be the widow of the late Frank C. Hart, wealthy young oil man who was killed in an airplane crash in Arkansas in January, are battling for the estate in a local court. One of the women, Mrs. Muriel Constance Woodworth Hart, is the granddaughter of Mrs. Wallace Falls of New Castle, Pa.

Hart got a Reno divorce on June 28, 1935, and three hours later married Muriel Constance Woodworth. At the same time, Mrs. Marion Hart, first wife, was suing for a divorce on the grounds of adultery and naming the now second Mrs. Hart.

In Hart's will he left one share of his estate to his second wife, and one share each to his three children. His first wife received an insurance policy of $150,000.

Gray Gets Damage For Tree Accident

The jury in the case of William J. Gray against R. J. Totten and A. W. Thompson, which was tried before Judge James A. Chambers, returned a verdict in favor of the plaintiff for $275. The case was one in which a tree in front of the Telephone exchange building at New Bedford, blew down and fell on Gray's automobile. He claimed damages on the grounds that Totten and Thompson, who owned the telephone building, knew of the decayed condition of the tree and were negligent in not having it cut down.

Council Awards Truck Contracts

When council met in formal session at the city hall today the J. R. Rick Motor Car Company was awarded a contract for two 1½ ton Dodge trucks at a bid price of $2,416, less $300 trade-in allowance for the two Graham trucks now in use by the department of streets. The recommendation that the company receive the contract was offered by Purchasing Agent J. D. Alexander, City Engineer G. R. Throop and Streets Director B. F. Butler.

Wynn's Death Was Dues To Exposure

Coroner Potter And Police Find Evidence Man Had Fallen And Received Injury

Following an investigation which was completed this morning, Coroner Orville Potter stated that Robert Wynn of Harrison street, whose body was found at the foot of an embankment along the Pittsburgh and Lake Erie railroad tracks, below Gardner avenue, yesterday afternoon, had died of exposure.

It was learned that he had left a cafe on Long avenue at 3 o'clock Thursday morning, and had not been seen after that time. The movements of Wynn were backtracked from the place the body was found, and it was discovered that he had fallen down another embankment further down the tracks, and had slid a considerable distance. Evidence was found that he had suffered an injury to his knee, and it is believed that he had made his way up the tracks as far as he could, and after falling over the second embankment, was unable to proceed and died of exposure.

Third Party Plans Have Been Dropped

Townsend Followers Not To Form Third Party Says Leader

(International News Service)

LOS ANGELES, Feb. 21.—Abandoning plans for a third party and repudiating the presidential candidacy of John Steven McGroarty, Dr. Francis E. Townsend, founder of the $200-a-month old age pension plan, today had bade farewell to 12,000 of his followers here.

With Gomer Smith of Oklahoma City, national vice president of the Townsend movement, the white-haired doctor will leave for Tulsa, Okla., and then to Washington, D. C., where both men are scheduled to testify before a congressional committee investigating graft charges against the organization.

In a fiery address here last night, Dr. Townsend told his cheering followers that plans for a third party in the coming elections had been dropped—'but for this year only."

APPREHEND WOMAN ON FORGERY CHARGE

Fire Takes Place At Country Mine

Engine And Tool Room At Coal Mine Owned By Steven Saesan Are Destroyed

The engine and tool rooms at the coal mine owned and operated by Steven Saesan on the Old Pittsburgh road, were destroyed by fire, causing a loss of $150 to $200, which included the clothes of five miners who worked the mines. There was no insurance to cover the loss.

The fire was thought to have started with the high winds blowing hot coals about. Oily cloths that were lying about, apparently caught fire, starting the blaze which was too far along when discovered by Mr. Kraft, a neighbor, to get under control.

Preparations to resume work are being made, and it is thought that the mine will be in full operation Tuesday of the coming week.

To Hold Sentence Court On Saturday

Judges James A. Chambers and W. Walter Braham will hold sentence court on Saturday morning at which District Attorney Mont L. Alley will present the cases of prisoners who desire to plead guilty in commonwealth cases. It is expected that from six to ten prisoners will avail themselves of the opportunity, as otherwise they will have to wait for the March term of court for trial.

WHITE SHRINE HOLDS PATRIOTIC MEETING

Thursday afternoon in the East Lodge Room of the Cathedral, a delightful social affair took place that is listed on the week's calendar of activities as one of the most outstanding. It marked the February party for members of the White Shrine, which took the form of a dessert-bridge, and attracted nearly a hundred guests. Mrs. Anna Rowland was chairman in charge.

A little different than the usual procedure of affairs held in the Cathedral, the guests were served in the reception rooms leading to the lodge section, at tables attractively arranged and decorated in George Washington appointments. Unique hatchets were place favors and clusters of fresh crimson rose buds adorning the center of each table, claimed much attention. Tall tapers and miniature flags further carrying out the red, white and blue color theme, completed the setting.

After the serving the guests whiled away the balance of the afternoon in playing cards, in pivot fashion. Prizes were given at the various tables to the one holding high score.

Mrs. Rowland was assisted by a capable committee composed of Mrs. Estella Weddell, Mrs. Cora Crain, Mrs. Ruth Boyd, Mrs. Celia Gowell, Mrs. Harriett Hammond, Mrs. Cynthia Spear and Mrs. Alfreda Tindall.

GOOD ATTENDANCE AT FIELD CLUB BRIDGE

The usual bi-weekly evening bridge party was held at the New Castle Field Club Thursday, which was marked by a splendid attendance. Dr. and Mrs. R. G. Campbell, presided as hosts of the occasion, which proved enjoyable.

Cards held sway, and at the close of the contests, Mrs. M. E. McLure and Miss Verna Tratz received the honor score awards, for the women participants and the men who won trophies were A. B. Street and George S. Long.

In two weeks, a similar party will be held, the hosts to be decided later.

ATTY. AND MRS. BROWN ENTERTAIN OFFICERS

Thursday evening, Attorney and Mrs. Orville Brown, the former of whom is worthy patron of Shenango chapter, No. 333, Order of the Eastern Star, were hosts to officers and past matrons of the chapter, at a party held in their home on Lincoln avenue, honoring the present worthy matron, Mrs. Lois Martin Shreffler. This occasion is an annual affair at the worthy patron's home, and is always looked forward too, with keen interest by the presiding officers, and past matrons. Thirty-five or more participated.

The hours were spent informally with cards and hokum, pretty prizes going to Mrs. P. H. Bridenbaugh for bridge honors; Mrs. Edwin Cowles for the 500 top score and Mrs. Q. E. Davy for being highest in the hokum contest.

Afterwards, Mrs. Orville Brown served a most tempting menu of refreshments, with the following as aides; Mrs. Jean Nunly, Mrs. Earl Dufford, Mrs. Harold Wharton and Mrs. Lillian Buckner.

Following, the hosts presented Mrs. Shreffler and Mrs. Lucy H. Round, the latter District deputy grand matron of District 2-B each with a beautiful personal gift, bringing one of the most delightful social affairs on the chapter's calendar to a close.

ART CLUB MEETING IN LUSK RESIDENCE

Fifteen members of the Art club gathered in the home of Mrs. Donald Lusk, on Moody avenue, Thursday afternoon for their regular monthly meeting.

The program for the day was in charge of Mrs. T. A. Gilkey, and was presented as follows:

Paper on Bamboo, Mrs. S. M. Matheny; paper on Screens, Fans and Lanterns, Miss Moore.

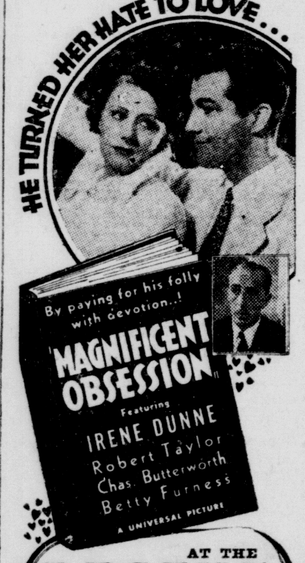

The meeting scheduled for March 19, has been cancelled and the next meeting of the Art club will be held on April 16, at the home of Mrs. F. L. Burton, Euclid avenue. At this meeting every member of the Art club is expected to bring at least one specimen of forced shrubs, artistically arranged, and members are requested to prepare it once in anticipation of this exhibit.

READING CIRCLE '06 ENJOYS FINE PROGRAM

In the midst of winter, Reading Circle '06 members, meeting Thursday afternoon with Mrs. L. T. Moore on Morton street, enjoyed a program which told of summer delights.

"Magnolia Gardens" was an interesting topic given by Mrs. M. P. Book, while "Adventures in Kansas" were related in an article by Mrs. J. H. Griner, who replaced Mrs. J. C. Cavill, scheduled for the subject "Yellowstone National Park". Mrs. L. T. Moore read a story of the "Life of Lewis Pasteur", the inventor of the serum for hydrophobia. Current events were given in answering roll call.

The next meeting is dated for March 5 at the home of Mrs. W. H. Martin, Englewood avenue.

WASHINGTON TEA IN ST. PAUL'S LUTHERAN

Commemorating the birthday of the Father of Our Country, the Women's Missionary Society of St. Paul's Lutheran church, held a Washington tea Thursday evening in the church on Grant street.

Decorations were developed in the tri colors, red, white and blue, like tones prevailing in the dainty menu served by the social committee, composed of Mrs. Joshus Morgan, Mrs. A. T. Chamberlain and Mrs. Walter Knobloch, after the program.

Following the customary devotionals, led by Mrs. Adolph Lang, there wefe piano solos by Miriam Thomas; readings by Martha Chamberlain and a vocal duet by Mrs. A. C. Dietterle and Mrs. Adolph Lang, with Mrs. A. M. Stump at the piano. Pep singing was enjoyed by the assembly which was large and included one out of town guest, Mrs. John Rice, of Chester, W. Va., who is the guest of Miss Sara Markel, of Highland avenue.

JUNIOR FEDERATION AT NEW WILMINGTON

Last evening a caravan of cars motored to New Wilmington, carrying members of the Junior Federation to a tavern where a deliciously prepared dinner awaited them. Upon arrival, at 6:30 o'clock, the group took their places at long banquet tables appointed, in white, reflecting in the glow of tall white candles. Thirty-two participated.

Following, the hours were spent pleasantly in playing bridge, Mrs. Paul Dingledy and Louise Fink capturing the honor score awards. Miss Dorothy Cain received the traveling prize.

Miss Julia Gordon, chairman, and her committee were responsible for the evening's success. Their next meeting falls on Thursday, March 5, with other details to be announced.

JOLLY TWELVE CLUB GUESTS THURSDAY

Mrs. Edward Burdette of East Washington street was hostess on Thursday evening to members of the Jolly Twelve club. The group called a short business meeting during the early hours, and following, cards were in play. Mrs. Charles Gardner and Mrs. H. B. McConnell were winners of the prizes. The small tables were later re-arranged and appointed in seasonal tones for the serving of a tempting lunch. Patriotic novelties were cleverly used and the hostess was assisted by her daughter, Ruby Burdette.

A special guest of the occasion was Mrs. Lawrence Houk, who received a pretty gift from the hostess.

In two weeks the women will meet in regular session with Mrs. Albert Perkins on Round street.

MRS. RALPH FISCHER AFTERNOON HOSTESS

Mrs. Ralph Fischer opened her home on Edison avenue to members of the Thursday Afternoon Bridge club yesterday. Luncheon was served at the appointed hour, and following, the guests gave attention to card contests. Mrs. William Hamill and Mrs. Harry McClintock captured the honor score prizes.

In two weeks Mrs. William Hamill of Huey street will entertain.

HAVEN TO ADDRESS FEDERATION GROUPS

Guests of the Catherine von Bora Missionary Society were seated at ten tables Thursday evening when a George Washington tea was conducted in St. John's Lutheran church.

An excellent entertainment, including two plays by talented senior high school players, "Breakfast" and "The Wisdom Tooth," and a vocal number by Avery Rigby, was presented for the enjoyment of the guests.

Arrangements for the tea were made by Miss Dora Carlson, Mrs. Elmer Dyson, Mrs. Raymond Gustafson, Miss Lena Richards, and Miss Esther Trent.

Children's Colds Should Have This Safe Treatment

Young Mothers Benefit From Two Generations' Proof Of External Treatment

IT AVOIDS CONSTANT "DOSING"

There's nothing like a child's cold to upset a young mother. And mothers of two generations, anxious to help end colds, have depended on Vicks Vapo-Rub, It is effective—external—and safe. It avoids the risks of constant "dosing," so often upsetting to children delicate digestions.

Just rubbed on throat and chest at bedtime, Vapo-Rub acts **direct**—two ways at once:

1. By stimulation through the skin, like a poultice or plaster—
2. By inhalation of its penetrating medicated vapors, released by body heat and breathed in direct to irritated air-passages.

Continuing through the night, this combined poultice-and-vapor action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion.

A Practical Guide for Mothers

Each year, more and more families are being helped to **fewer** colds and **shorter** colds by Vicks Plan for Better **Control** of Colds. Vicks Plan has been clinically tested by practicing physicians, and further proved in everyday home use by millions. Full details of the Plan in each package of Vicks Vapo-Rub.

Over 53/36/17 Million Vick Aids Used Yearly for Better Control of Colds

LADIES ASSOCIATION LUNCHEON-PROGRAM

A study of South America furnished an interesting program for the Ladies Association of the First U. P. church, which held the February session Thursday at the church. For luncheon at one o'clock, the hostesses were Mrs. Robert Louden, Mrs. William Lang and Mrs. John P. Lockhart.

Miss Minnie Sterling led the devotionals which opened the afternoon meeting, these being followed by talks by Mrs. Clyde Sanders, Mrs. Roy M. Jamison and Mrs. J. Louis McConaghy. The next meeting will be in March on the third Thursday, at the home of Mrs. Walter Patterson.

Y. M. M. Club

Miss Margaret Smith was a special guest at the meeting of the Y. M. M. club, which held the regular meeting Thursday evening, with Mrs. Harry Haggerty, on Forest St.

The same routine of cards was followed with the prizes going to Mrs. Willis Boyd and Mrs. Thomas Sanfillippo. Aides at luncheon were Mrs. Aaron Yoho and Mrs. George Gunnett. Nancy Lightner, of County Line street, will be the next hostess, in two weeks.

Children's Party Held

Mrs. Ralph Staph of 938 Marshall avenue, entertained a group of small children in her home one afternoon this week, at a delightful party honoring the fourth birthday anniversary of her son Dick. The house was decorated in red, white and blue colors, appropriate to the season. A table marking places for twelve, was appointed in the same theme, centered with a large cake, where lunch was served at a suitable hour. The hostess was assisted by Mrs. Patsy Juliana, Della Apielli and Edith Cotalesse.

Games were played, and the kiddies each received an attractive valentine, as a favor.

BREADTH OF WASHINGTON

WHEN we celebrate Washington's birthday, we might well give a thought to the marvelously broad intelligence which characterized George Washington. The Father of his Country was not merely a great military leader, whose resourceful powers as an army commander were the principal force through which our people gained their independence. But he had the capacity to rise above the ordinary controversies which divide men and women into antagonistic groups.

When he formed his cabinet, he did not form it on political lines. The cabinet consisted of only four secretaries at that time. Two of them were Federalists, the party that corresponded rather well to the Republicans of the present day, and two were Democrats. He could see that there was merit in both points of view, something to be said on both sides. He felt that the interests represented by each faction must be given due weight and attention.

Soon after Washington finished his term, this broad nonpartisan viewpoint disappeared, and ever since then the nation has been torn by political controversy.

It seems desirable in this age, that the government should be run by political parties, which represent definite ideas and points of view. A party will get into office to try out certain principles. If they are good, it stays in power, and if they are poor, the voters put it out. The people know who is responsible.

But we need today more of that broad spirit that animated the Father of his Country, who was willing to consider the interests of the adherents of all parties, who sought advice and information from all competent people, no matter what their beliefs might be. We need more willingness to look at questions on their merits, regardless of partisan appeals.

THIRD SENTENCE FOR HAUPTMANN

For the third time has been signed the death sentence ordering Bruno Richard Hauptmann to the electric chair.

Twice before he had stepped from the shadow of the chair as the date of execution was postponed, as he and his counsel took advantage of every legal twist and turning, of every appeal, or every red tape delay, to stay the sentence of the court.

During those many months since the jury in Flemington branded him as the Lindbergh murderer he has had opportunity to demonstrate his innocence. On the very eve of execution he was granted a last-minute reprieve by the governor of New Jersey so he might have additional time to prove himself guiltless.

That proof has not been forthcoming. There has not been adduced any evidence to overturn the testimony at his trial.

Hauptmann has had his chance!

STOP-GAP NEUTRALITY

Following the example of the house, the senate has voted an extension of the stop-gap neutrality resolution, which would have expired on February 29, to May 1, 1937. Congress evidently concluded that the whole question had got into such a tangle that it would be wiser to continue the present plain provisions designed to keep this country out of war.

There is some gain in the defeat of the administration's original plan to give the president discretion in proclaiming embargoes which might lead to collective action with other nations for ending a war. The present resolution says the president "shall" embargo shipments of arms, ammunition and implements of war to original belligerents, but "may" extend the embargoes to nations that join in the hostilities later. In its revised version this "may" has been changed to "shall" which is a decided improvement.

Other alterations forbid American loans to belligerents and exempt from embargoes American republics engaged in war against non-American nations. The excuse for this departure from strict neutrality is found in an extension of the Monroe Doctrine. This neutrality resolution, like most hastily drawn emergency legislation, is open to many improvements. But it is sound so far as it makes neutrality measures mandatory upon the president instead of virtually leaving to his discretion courses of action which might conceivably drag the nation into war.

A LIMITED DECISION

In sustaining the sale of surplus power at Wilson Dam, the supreme court did not give the federal government carte blanche to compete with private business. On the contrary, the court warily followed a narrow ledge of reasoning that kept it from passing on the TVA project as a social as well as power development. The refusal to validate the experiment as a whole must be construed as a warning that wholesale experimentation by the federal government would be checked, if that issue were forced on the court, as now constituted.

The sole issue considered by the majority was the validity of the contract entered into by the TVA for the purchase from a private utility of its transmission lines running to the dam. Beyond that the eight justices who were in accord did not go.

No general implication may be drawn from the decision as to the sale of electric power from other government plants in course of construction. From the reservations which the court is so careful to express it would appear that the decision does not sustain little TVA plants which may be proposed for erection on non-navigable streams.

The critics of the court ought to take a day or two off before deciding whether the court is in any better standing. This decision should indicate to them that the judicial branch is not a total loss. Senator Norris is still in favor of unanimous decisions. If the senator will extend that principle to the legislative and executive branches of the government, he would doubtless be providing us with a first-class demonstration of its workability.

Here is a question for the English history class: What is the difference between Edward the Eighth and Henry the Eighth. The answer is—six wives.

New Power Plans.
Grasshoppers, 10,000 Tons.
4 Puzzled Russians.
A Real Mystery.
By ARTHUR BRISBANE

ENCOURAGED by the Supreme Court TVA decision, Mr. Ickes, for the administration, has planned a chain of ten power-developing dams along the Columbia River to supply power to the Northwest. If it can be sold cheaply enough it might change the iron-bearing sands of the Pacific shore into commercial iron by the electric process.

Judge Gary was much interested in that before he died; Mr. Taylor, present head of "Big Steel," and Mr. Grace, of Bethlehem, might carry that on. What is one corporation's poison could be another incorporation's meat.

THERE is a "BUT." Utility lawyers hope the Supreme Court meant to legalize only the Wilson Dam project, started as a war measure, and may later, forbid other government power plans, including the Tennessee Valley Authority.

Already this country produces one-half of all the power generated in the world from coal, water, oil, gas and that wealth of power has produced our prosperity.

THE ARGENTINE, building 600 miles of galvanized iron barriers, to keep back destructive grasshoppers, has trapped **ten thousand tons of** the creatures on one Argentine ranch.

Plowed under, they would make good fertilizer. It seems a pity to burn them, as was done in the Argentine.

THE FRIGHTFUL reproductive power of the insect world should make men thoughtful.

Entomologists tell you that one pair of cabbage lice, if for one year their offspring and descendants could all come to maturity, would produce a living mass as big as the earth. Men might well fight insects instead of butchering each other.

THERE EXISTS a puzzled Russian family, father and three sons. They decided wisely that notes given to United States manufacturers by the Soviet government would be good and bought them here at a heavy discount.

They were good and the Russians made $2,000,000 profit. Afraid to put that money in Russia, they decided to buy gold and store it in the United States.

Russia would have been safer; our government found one of their safety boxes, confiscated $338,600 in the form of 10,000 of the old $20 gold pieces. This sounds like old Turkey under the sultans, but the Supreme Court says it is proper.

THE RECENT crash of a plane that killed seventeen develops mysteriously. A pistol and vials of morphine have been found in the wreck, with the mark of a bullet fired from the inside of the plane.

It is suggested that some passenger, having insured himself heavily or for other reasons, decided to commit suicide and wrecked the plane from the inside. It is a plot for a modern Sherlock Holmes, or a gruesome movie.

I....I....I

I KNOW nothing sweeter than a little fellow's forgiveness—after his father has spoken quite sharply to him and big tears have rolled down his cheeks—and then his father has spoken gently to him—and he smiles—and all is forgotten.

Or does anything touch the heart more poignantly than a child's glad courage—and you wondering how often, in how many ways, life will test that courage to the utmost?

Shall I ever again meet anybody as omniscient as that bow-legged stable hand, who used to sit in the sun, tilting his chair back, with a toothpick in his mouth, explaining everything about everything to everybody?

Or anybody as constantly kind as that old black nightwatchman, who said hello to us every night as he came to work?

Or anybody as deftly heroic as those brakemen or the switchmen, who used to get off freight cars BACKWARD, but warned us never, never to try it?

You can admire "Mona Lisa" if you wish—I suppose her portrait IS a great painting—but she gives me a pain....I don't like that smug smile.

I've taken a couple of artificial sunbaths in my time and I'll grudgingly admit that they do the work—but I've always felt silly while taking one....Who wants to feel silly?

I know a woman who dreamed two nights in succession of a white room with doctors and nurses around and she the center of their attention.... Three days later she went to the hospital for a sudden appendectomy.

The other day in a secondhand store I saw a vase entirely—O so tastefully—covered with cigar bands. ....An antique! and how times have changed.

THE MODEL LADY

The "model lady' had her critics back in the middle of the nineteenth century, as does the "modern woman'" of today. A reader has passed on this description of the so-called lady of that time, which had been printed in a magazine of 1854.

"The model lady," it reads, "puts her children out with a nurse but tends to her lap dogs herself. She lies in bed until noon, wears paper-soled shoes, pinches her waist, gives the piano fits, forgets to pay her milliner, cuts her poor relations and goes to church only when she has a new bonnet.

"She turns a cold shpulder to her husband and flirts with his friends. She never saw a thimble, doesn't know a darning needle from a crowbar, wonders where cakes grow, eats ham and eggs in private, but orders pigeon's eggs in public.

"She runs mad after new fashions, dotes on Byron and adores any man who grins behind a mustache."

That description would not miss a lot of women today.

Now comes the time when a great number of thrifty young men are patching up the quarrels they had with their girl friends just prior to Christmas.

"Children, we have with us tonight, a guest of whom you have all heard, even if you do not know him personally. He is a man who has a reputation for good cheer in every club in the city, and this evening we are to have the privilege and honor of being numbered among the admirers of his entertaining qualities. By FRANCINE MARKEL

Dear Miss Markel: What reply, if any, is necessary when some one to whom I have been introduced and who is taking leave of me, says: "I am very pleased to have met you"? Should a man or a woman say this after being introduced?

ALICE F.

Answer: When some one you have met is so courteous and thoughtful as to make such a remark, a reply of some sort from you should be forthcoming. To stand by and ignore such a compliment would be rude, indeed. "Thank you" or "I hope we shall meet soon again" are both courteous acknowledgments of the compliment paid to you.

Since a woman never "meets" a man, it would be definitely out of place for her to say to a man: "I am very pleased to have met you." She might instead say: "I've enjoyed this meeting" or "I've enjoyed seeing you."

Roosevelt Woos Progressives.
New Move Made By President.
Car Shortage Faces Roads.

Central Press
New York Bureau
235 East 45th St.
By LESLIE EICHEL
Central Press Staff Writer

NEW YORK, Feb. 21.—A great deal has been said in this column concerning the belief of progressives that President Roosevelt has let them down. But, in opposition political circles, there is a fear that the president, once he gets into the thick of the campaign, will resort to a dramatic maneuver of some kind that will sweep the progressives toward him again—especially the two groups that he needs. Those two groups are the near-to-the-line Socialists of the large cities and the farmers of the northwest and the northern part of the midwest.

* * *

NO LAND UNCLAIMED

Nor will the Roosevelt campaign forces leave any territory unclaimed. They will strike heavily into Michigan, where Senator Vandenberg holds sway, and into Kansas, where Alf M. Landon is governor.

They already claim Mr. Hoover's home state, California. And they insist they will march through Pennsylvania. But, at the moment, it does not look as if the Pittsburgh industrial region will roll up enough Roosevelt votes to overcome normally Republican Philadelphia and the adjacent region.

And New England is not yet looked upon as wholly lost. If factories and mills become very busy New England workers may take a favorable view of the New Deal.

They are beginning to see, too, that the AAA processing taxes were not wholly responsible for the lack of business in New England textile mills. The administration contends its argument was correct: New England mills had not kept pace with the competition of southern mills. Now, with the processing taxes gone, the argument is gaining ground.

But what will the administration "throw" to the New England workers? In addition to the normal accrual of business, there will be "something".

* * *

REPUBLICANS

The Republicans, of course, will not permit President Roosevelt to make those gains, if they can help it. In fact, they plan to take New York state away from him—and Illinois. Factional fights in both parties make Ohio doubtful.

* * *

BORAH'S STANDING?

A poll taken by the president of the Ohio Federation of Republican clubs "shows" how the Ohio delegation's vote would be split if the national convention were split today.

Landon would receive 27 votes, Knox 15 and Borah 10.

But the popular vote in the May 12 primary may tell a different story—and probably will.

An endeavor is being made to have Governor Landon, instead of Colonel Knox or a "favorite son" compete in the May 12 Ohio primary. Fear is expressed, unless the "strongest" candidate takes the field against Senator Borah, he may win the Ohio delegates.

* * *

SOVIET HITS BACK

Japan's protests over the Soviet's protection of Outer Mongolian borders against violations from Manchoukuo actually are wails of surprise. This is the first actual resistance Japan has met in its expansionist program. Soviet border forces are said to have soundly defeated a force of Manchoukuoan-Japanese troops which penetrated 12 miles into Outer Mongolia.

The worst of it is, in Japan's eyes, Great Britain evidently approves tacitly of the Soviet's back-slaps at Japan.

Japanese militarists have been trying for some time to center Japanese attention on "attacks" on Japan "from communistic Outer Mongolia". There is a Japanese election this month, and anti-militarists have been making great strides, it is said. A new wave of nationalistic fervor "was needed".

* * *

CAR SHORTAGE

Railroads are facing a shortage of coal cars in the spring. There will be a rush to have cars built—but coal moving from mines to the Great Lakes for transshipment to the northwest, may be delayed.

Coal cars, which have been dwindling for five years, have been spread "all over the map" during the frigid weather, in an effort to rush coal wherever it has been needed. It will take months to draw those cars back to home roads and mines.

The World AND THE *Mud Puddles*

PERHAPS

Another reason why the Swedes settled in Minnesota has been unearthed—yes, that's the proper word,—unearthed.

In the clubrooms of the Alexandria Chamber of Commerce, Alexandria, Minnesota, may be viewed the famous Kensington Runestone which tells of the visit of the Norsemen to Douglas County, Minnesota, in the year 1362. This stone was found on the farm of Olaf Ohman about three miles northeast of Kensington, in 1898, under the roots of a popular tree, five inches in diameter. A translation of the Runic inscription on the stone tells of the travels of a group of these early explorers. On one side the stone has the following inscription in Fourteenth Century runes:

"Eight Goths and 22 Norwegians on exploration-journey from Vinland over the west. Had camp by two skerries one day's journey north from this stone. We were and fished one day. After we came home, found 10 men red with blood and dead (scalped). Ave Maria. Save from evil."

One one edge of the stone is the following: "Have 10 of our party by the sea to look after our ships 14 days journey from this island. Year 1362."

Olaf said he found it any way.

WINTER IN THE NORTH

Blankets of snow on the cold, tired earth,
Tippets of snow on the shoulders of trees,
A blazing fire on the friendly hearth!
Only the north has charms like these.

Skies there are which are always fair.
Lands there are which are always warm,
But who would live without knowing care?
Who would stay sheltered from every storm?

There is a comfort in blazing fires.
There is a beauty in drifted snows.
There is something the heart desires
Which only the northland in winter knows.

STAMP NEWS FROM EVERYWHERE

BY JOHNRAE EARL, SEC. NEW CASTLE STAMP CLUB.

By JOHNRAE EARL

Secretary New Castle Stamp Club

Many are the rumors which are circulating in regard to the future of postal adhesives in Great Britain. It is generally believed, however, that no new stamps will be issued by this country for at least nine months, the period which will be set aside for mourning for their recently departed king, George V. When the stamps do eventually appear they will in all probability bear the likeness of the new king, Edward VIII. Portraits of Edward have already appeared on stamps of England. The first appearing shortly after he became Prince of Wales. His brother, Duke of York is also depicted on one or two of the postal issues of this kingdom.

The new king is very fond of travel and covered a great deal of territory and visited many different countries prior to his being named king upon the death of his father. It is more than likely that his days of travel are now at an end, because his kingly duties will undoubtedly occupy the greater portion of his time, and leave very little if any for travel. In view of these facts the rumor has been circulated that the new king will continue his father's valuable stamp collection. This will be one pleasure which he will be able to enjoy during the short intervals when his duties as king will slacken a bit. Many hours of enjoyment may be derived from looking over the pages of the hundreds of beautifully arranged volumes of stamps which go to make up the collection of the deceased king.

A Government Supported By Gambling!

A country where graves are already dug for its visitors suggests some evil land of long ago rather than a modern little nation on the shores of the Mediterranean Sea. Yet, until a few years ago, so great were the number of suicides in Monaco, land of the famous gaming casino, that shallow graves were always ready on the grounds of Monte Carlo, awaiting the bodies of those who killed themselves after losing their fortunes on the roulette wheel! Between the years of 1860 and 1900, it was rumored that two thousand such graves were filled, and so carefully smoothed over that twelve hours later not even the groundkeepers could tell where the bodies rested!

Monaco, with an area of only 370 acres, is almost entirely enveloped by its great neighbor, France. Nowhere in the world is there a more exciting industry than that run by the famous gambling casino at Monaco's chief city, Monte Carlo. On the spin of a wheel fortunes change hands; and often the ruined players leave the Casino, broken in pocket and spirit, bent on self-destruction.

Prince Louis, the ruler of Monaco, occasionally threatens to drive the gamblers from the country, but upon hearing these proposals, Louis' subjects immediately protest that they value the evil more than the cure, for the share of the gambling loot given by the Casino to the Principality provides all the expenses of the government and entirely pays the tax bill of the Monacoans!

10 Most Outstanding Stamps Of 1935

If the question, what in your opinion were the ten most outstanding stamps issued during 1935?, was asked of you, what would your answer be? This question was recently brought up at a recent meeting of the Philadelphia Philatelic Society and the members spent a very enjoyable evening choosing those stamps which in their opinion belonged among the first ten to be issued last year. First of all, and I think that everyone will agree on this point they picked the French stamp bearing the picture of the Normandie. This is a large and very beautiful stamp which was issued about the time of the sailing, and in honor of the Normandie, the largest ship now afloat. The next nine stamps in their respective order are: Spanish issue showing map of the Amazon River; Belgian Parcel Post design picturing an antique locomotive; Queen Astrid mourning stamp of Belgium; French stamp honoring Cardinal Richelieu; (incidently I rather disagree with this choice, because I believe that this stamp should have been ranked sooner, say second or third.) Russian depiction of Iranian Art; a British Jubilee stamp; Denmark's Hans Christian Anderson Ugly Duckling commemorative; Mozambique Company triangle; and Jugo-slavia's new King Peter. (He is also a very ardent stamp collector, a fact worth noting.)

ial agent" to protect it from possible kidnapers.

But London is still safe. King George's royal crown was dragged through the streets, sitting loosely on his coffin, with diamonds and rubies and emeralds in it worth millions. Here, such an ornament would be transported in a bullet-proof van; even then it might be dynamited.

THE BABY'S apartment will be protected by double doors and double windows, making it "germ-proof," but nothing in London's foggy winter can take the place of an infant of sunshine, free to all in this country.

Too bad that American babies cannot thrive in the sunshine without danger from kidnapers, or business without interference by racketeers:

The Cleveland Trust Company issues this most encouraging line:

"Passenger automobiles registered in this country in 1925 were almost a million more in number than they were in the previous year."

No business fact could be more important or more encouraging than that a country, in depression, is able to register more new passenger automobiles than the total number existing in many important nations.

SWISS GUARDS with picturesque costumes designed for them by Michelangelo, will have charge of a new jail just opened in Vatican City.

It will surprise American cities to know that this jail, equipped with a modern ventilation system, has only three cells, nobody in any one of them thus far.

AFTER LONG abstinence, when men start gambling or drinking, it takes little to encourage them.

After the TVA decision, apparently allowing the government to compete with private enterprise power distribution, speculators were frightened, stocks fell.

Wednesday they were up again. Human nature often has more influence than facts on stock prices.

10,000 Americans Remain In France

(International News Service)

PARIS, Feb. 21.—There are 10,315 Americans residing in France now, it is shown by statistics just published here.

Many of them are A. E. F. veterans married to French women while others are engaged in business, chiefly as representatives of American firms. Most of them live in or around Paris.

Radios In Every Cell For Convicts

(International News Service)

CANON CITY, Colo., Feb. 21.—Colorado state penitentiary now offers all its "guests" radio in every room.

Convicts are elated over the installation of the system and are paying for it out of their own funds accumulated through the sale of jewelry and other souvenirs made within prison walls. It will cost them between $3,500 and $5,000.

Each cell will have a set of earphones by which they may while away their time by listening to radio programs, selected in the warden's office.

Programs of a high educational or entertainment value only will be tuned in, and crime dramas and other radio offerings which might have a bad psychological effect barred.

COSMO CLUB OPENS NEW BRIDGE SERIES

The entertainment committee for Cosmo club, who co-operated with chairman, Charles C. Levine, can feel their efforts given to the first of a new series of parties held Thursday evening in their club rooms, were worth while, as the affair proved a complete success.

Guests entered into competition for bridge honors at the appointed hour, with Mrs. Louis Sandler, Mrs. Charles H. Levine, Mrs. Henry Sloan and Mrs. R. S. Rubenson receiving the pretty prizes, at conclusion of play.

A tasty menu of refreshments was served later, by the hostesses in charge: Mrs. H. Friedman, Mrs. H. Ruzewich, Mrs. J. Hershman and Mrs. N. Rosen.

Section One Election

Section One of the Missionary Circle, First Baptist church, met on Thursday afternoon in the church and elected the following officers to serve during the coming year:

President, Mrs. Pearl McClelland; secretary and treasurer, Mrs. E. U. Snyder; sick committee chairman, Mrs. Houston; and reporter, Mrs. Elizabeth Jones.

The prayer was given by Mrs. Pearl McClelland. Mrs. Elizabeth Jones told of "Washington and His Mother," and recited a poem. Mrs. E. U. Snyder read the minutes. Mrs. Leonard Dandy spoke on "Prophecy," and Mrs. Snyder showed photograps taken on a trip to California.

The next meeting will be on March 19 at the church.

Semper Fidelis

Mrs. Marie Felasco, of Huron avenue, welcomed the Semper Fidelis club Thursday evening, furnishing cards as the main diversion. Prizes were captured by Mrs. Frances Colao and Mrs. Carl Tranquillo. Mrs. Thomas Cubellis was a visitor. A daintily appointed refection was served with the aid of Mrs. D. Monsey.

The next meeting will take place in a fortnight at the home of Mrs. Elrick Scarazzo, Laurel boulevard.

Joint Meeting

There will be a joint meeting of the Star of Wales lodge 60 and the True Ivorites of America Saturday evening, February 22, at 7:30 in Emmanuel Baptist church.

LITERATURE GROUP PROGRAM MONDAY

The Fine Arts and Literature group of the Woman's club will hold their regular meeting, Monday afternoon, February 24th, at two o'clock, in the home of Mrs. E. F. G. Harper, of Boyles avenue.

Music and Literature will be featured, Mrs. Kaplan giving a talk on music, Mrs. John Elliott on the Art and Paintings of E. H. Blashfield, and the book of review for the afternoon will be of Woollcott's "While Rome Burns," presented by Mrs. Glenn Berry.

G-Club "Hobo" Party

Members of the G-Club had an interesting and hilarious time on Thursday evening, in carrying out a daring "hobo venture" party, visiting the various members's home for hand-outs. The affair had originally been slated for February 13.

The group assembled in the home of Jane Cwynar on Hanna street, from where they proceded on their way. Knocking at back doors and asking for a handout in true hobo fashion, until a complete and full menu had been rounded out, ended at one of the girl's homes, where the remainder of the evening was spent. The menu which they were given, was a most delicious one, and was topped with hot fudge sundaes, a bit luxurious for "hobos." An exchange of comic valentines and a program of games, provoked much amusement, during the remaining hours.

On February 23, the club members will be received in the home of Leona Wanda, instead of the hostess previously announced. Plans will be drawn up for the lenten season, at this time.

W. C. Club

Cards and bingo, held attention of W. C. club members Thursday evening at the home of Mrs. William Wanatosky, Lee avenue, who entertained in a pleasing manner. Mrs. John Cochran and Mrs. Thomas Gartland, were recipients of the honor score awards.

Following play, the hostess served a tempting menu, assisted by Mrs. John Cochran. They decided to hold their next event, on Friday, February 28, with Mrs. Patrick McDowell, Smithfield street, hostess.

E. N. C. Club Dinner.

Mrs. I. A. Lytle of East New Castle received the E. N. C. club women in her home Thursday evening for a 6:30 o'clock dinner. Spring flowers were used for decorations of the attractively appointed tables. In serving the hostess was assisted by her daughter, Mrs. T. C. Watson, and Mrs. L. R. Houk.

A program of games filled in the time that followed, prizes going to Mrs. W. H. Butler, Mrs. R. J. Fredericks and Mrs. Clyde Turner, the first mentioned being a special guest.

On March 19, Mrs. Clyde Turner of Huron avenue will entertain.

JUNIOR WOMAN'S CLUB HAS WORTHWHILE MEET

In the absence of the president, Mary Wilson, Ruth Sample presided over the meeting of the Junior Woman's club Thursday evening in the North street home of Stella McVay.

Belle Offutt supervised the program which consisted of several worthwhile and interesting papers including one on "Rock Gardens", by Martha McGill; one on Pennsylvania Trees" by Mrs. Ina McConnell; a third on "Pennsylvania Wildflowers" by Nellie Ringer.

The meeting for March 5 will be at the home of Martha McGill, on Garfield avenue.

W. H. M. S. First M. E.

A delightful meeting of the Women's Home Missionary Society of the First M. E. church took place Thursday afternoon at 2:30 o'clock in the home of Mrs. Hiram Houk Park avenue, whose associate hostesses were Mrs. L. E. Burleson, Mrs. Clark Wadding and Mrs. Ira Fulkerson.

Mrs. Margaret Shields led the devotions. The program and study book, "Toward a Christian America," were ably presented by Mrs. George Morris. Mrs. Roy C. Miller presided over the business period.

During the social hour refreshments were served in the dining room. Mrs. E. M. Feringer poured the tea.

On Thursday, March 19, the organization will meet for a tureen dinner at 1 p. m. in the deaconess home. The committee in charge will be Mrs. T. A. Myers, Mrs. Margaret Shields, Mrs. Howard Quest and Mrs. W. O. Mayberry. There will be a mite box opening, at this time.

Honor Mrs. Harlan.

Miss Harriet Truby of 136 Winter avenue entertained a group of friends Tuesday night in honor of her aunt, Mrs. Pearl Harlan, who was observing her birthday anniversary.

Card playing and monopoly interested the guests during much of the evening; the prize for the latter game was won by Miss Connie Short.

Lunch was served by Miss Truby, assisted by Mrs. Harriet Gloss.

Mrs. Harlan received a shower of gifts and felicitations from the group.

G. H. M. Class.

Mrs. C. B. Wingerd, wife of the pastor of the Central Presbyterian church, was a guest at the meeting of the G. H. M. class Thursday evening in the home of Mrs. John Atkinson on Emerson avenue. Eleven members were present.

A business period followed by a social hour with refreshments was enjoyed, Mrs. William Anderson, joint hostess with Mrs. Atkinson, aiding. The next meeting will take place on the third Thursday of March.

Reunited Ladies League

Members of the Reunited Ladies League, were entertained Thursday evening by Mrs. Anna Nolte, who entertained in the home of Mrs. George Nolte, on Hazel street.

The usual routine of bingo featured, prizes going to Mrs. George Nolte, Mrs. Nancy VanHorn and Mrs. Anna Richards. In serving a tempting lunch, the hostess was assisted by her daughter-in-law, Mrs. George Nolte. In two weeks, they will meet again.

The Unique-Clique Club

The Unique-Clique group, who recently adopted their new name, met Thursday evening with Mrs. Jack Earl on Harrison street for a period of card playing. Mrs. Roy Tieche and Mrs. Fred Thompson were presented with attractive prizes, for winning distinction in the contest.

After the serving of lunch, they planned to meet on March 5, with Mrs. Harry Hitchings on Garfield avenue.

Past President's Club

A meeting of the Past President's club, Mable Wilson lodge, dated for Thursday evening, with Mrs. Florence Solomon, on Edgewood avenue, was postponed until a later evening, on account of illness.

Octo Bridge Club.

At the home of Mrs. Charles Perry on Pine street, Thursday evening, the Octo Bridge club enjoyed a round of cards, with two visitors, Dorothy Anderson of Ellwood City and Genevieve McCalmet of New Castle, sharing.

Lovely refreshments were served by the hostess and Miss Anderson. The next meeting will take place on March 5 at the home of Evelyn Moore, Morton street.

P. W. Club.

P. W. club members were received by Mrs. Ruth Suber at her home on Lorain avenue Wednesday evening. Cards were in play until a late hour, the awards going to Mrs. Lizzie Bruce Low and Mrs. Earl Donaldson.

Mrs. Frank Cartwright was presented with a birthday gift. A tasty lunch was served at the close of the evening.

On March 4 the club will be entertained at the home of Mrs. Thelma Black, East Washington street.

Pythian Sisters No. 37

The Castle Temple, No. 37, of the Pythian Sisters, will meet this evening in their new location, the Modern Woodmen's hall on East Washington street, at 8 o'clock. Regular business will be conducted.

Personal Mention

J. P. G., Josephine Kieler, Spring street.

Kupple Kard Club, Mr. and Mrs. Amos Zeigler, Temple avenue.

Emil Hilke of Bell avenue is confined to his home due to illness.

Clifford Barr of 409 Bartram avenue is confined to his home after a tonsil operation.

Mrs. Maurice Slaven, South Mercer street, who has been ill for the past few days, is improving.

E. W. Kimes, of 323 Quest street, who was injured the result of a fall, is reported showing improvement.

Peter Karidis, of 1602 Delaware avenue, who has been confined to his home for the past six weeks, is improving nicely.

Mrs. Charles Heidish, of the Wilmington road, is somewhat improved from a second attack of bronchitis this winter.

Mr. and Mrs. J. A. Perdue, of R D. 1, New Castle, announce the birth of a son on February 16, who has been named Gerald Robert.

Tony D'Andrea, of Hamilton street, who has been on the sick list for some weeks, has recovered sufficiently to be up and around.

Salvatore Cresce of 315 East Division street, who recently underwent a serious operation in the New Castle hospital, is getting along fairly satisfactorily.

J. A. Robinson of Cleveland avenue, manager of People's Service store, who has been confined to his home for the past few days, due to illness, is improving.

Al Sferra of 12 Garfield avenue, who has been confined to the New Castle hospital for the past few weeks, is convalescing nicely and is expected to return to his home on Sunday.

According to postcards received by friends from Mr. and Mrs. P. K. Fike of Sheridan avenue, who have been wintering in Lakeland, Fla., both have been confined to their hotel with colds these past several days.

Motorcycle Patrolman Ray Showalter was confined to his residence today the result of his fall from his motorcycle in Highland avenue, near Sheridan avenue, yesterday afternoon. Showalter was enroute south and when passing a motor car the motorcycle upset.

According to word received from County Commissioner George H. Bolinger, his wife, who was operated upon at a Cleveland hospital yesterday, is getting along as well as could be expected. The operation appears to have been a success, and if no complications arise, Mrs. Bolinger will soon be on the way to complete recovery.

Y. W. C. A. Notes

TRUE BLUE CIRCLE

The scheduled game between the True Blue Circle and the St. Michaels' girls for last Tuesday evening was postponed to a future date due to inclement weather.

The group met in the gymnasium with only a small percentage of the girls putting in an appearance, due to the last minute cancellation of the game. Miss Stewart having received no notice of the change in plans, was not present at the short business session. Miss Ella Ostroski was introduced as a prospective member. The "amateur hour" scheduled for next Tuesday will be held after the basketball game. Girls must fill out application blanks before "going on the air". Miss Mabel McCandless will accompany candidates at the piano, while Miss Dorothy Stewart and Mrs. Jennie Ostroski, as judges, will preside at the "gong". A few minor details were attended to and the meeting was adjourned. Then followed a short basketball drill, with a snappy half hour of scrimmage to top off the evening.

There will be a basketball game at 8 o'clock on Tuesday, February 25, with a group of girls coached by Miss Ann Hennesley . The True Blue girls are coached by Mrs. Jennie Ostroski. Members of the basketball team will meet at 7:30.

BOY SCOUT Activities

TROOP V-18 MEETS

Troop V-18 of the Highland U. P. church met this week for its regular get-together with a large number of scouts in attendance. Three leaders and four visitors were also in attendance.

Games took place and following that there was a review of compass points and knot tying. New patrol leaders were formed and a hike planned.

Troop V-18 now has five patrols, the Eagle, Flaming Arrow, the Bob White, the Silver Fox and the Seascout Patrol.

Seascouts of the troop met following the regular troop meeting.

The next meeting takes place next Tuesday night at 7:30.

Scribe, Don Woodworth.

BAPTIST TROOP PROGRAM

Scouts of Troop 2 held their Parents' Night program recently in the First Baptist church. The opening exercises were in charge of Assistant Scoutmaster Barber.

Scout demonstrations were the main features of the program. Each scout performed.

At the close Scout Ray Ludovici entertained the parents with special accordion numbers. Refreshments were also served the guests. Later the patrols put on a demonstration of games.

Taps closed the meeting.

Scribe, Charles Kerestely.

TROOP NO 12

Troop No. 12 opened a meeting in the Second U. P. church with colors; color bearers were McCormick and Brenneman. Inspection for cleanliness was conducted and dues collected. Patrols met in their corners. This was test night; signalling was in charge of William Zahniser and tenderfoot tests were in charge of Senior Patrol Leader Hanna and Scoutmaster Ray Zeigler.

Announcement was made of the fathers and sons banquet March 12 for the benefit of the jamboree fund of 1937. A few games were played, including leap frog and chair relay. The meeting closed with colors and the repeating of the scout oath and law.

Scribe, John Senka.

GIRL SCOUTS

TROOP NO. 9

Troop No. 9 met Wednesday evening at 7:15 o'clock after a week's vacation. New songs were sung, with Alice Young accompanying at the piano. Betty Rowland passed tests for observation and sewing; Elverta Miles passed observation; Dorothy Young passed observation; Betty Wilcox passed sewing and bed-making; and Dot Anderson, bed-making.

Games were played before the girls departed for their homes. "Daisy" was sung in the goodnight circle. The next meeting will be on Wednesday evening at 7:15 o'clock.

Scribe, Phebe Pursell.

In Religious and Fraternal Circles

HICKORY HEIGHTS

Pep singing led by Delbert Aiken featured the opening of Thursday night's meeting of the Hickory Heights P. T. A. in the school building.

The routine business matters were attended to, with the president, Loy Patton, in the chair. Reports of the National P. T. A. conference were presented by Mrs. H. E. Grant and Erwin Stunkard. Members voted to join in a flower show exhibition to be sponsored by the New Castle Fair.

A school play, "The Wrong Washington," was presented by grades 5 and 6 under the direction of Mr. Stunkard.

The guest speaker was Dr. G. S. Bennett, of the First Christian church, New Castle, who chose for his subject, "Where Do We Go From Here?"

He brought a vivid picture of the human side of the depression suffering, telling of the losses of life and health, especially dwelling upon the increase in victims of tuberculosis. He said the state tuberculosis sanitoriums are being filled by the sufferers of this disease, and that the malnutrition of today's children will be paid for by future generations, just as we are now paying for the World War.

A Dilmuir, England, housewife got a surprise when she broke an egg into a bowl preparatory to mixing it with milk. She discovered that in addition to the usual yellow yolk and the surrounding white, the egg contained a smaller egg inside. When the shell of the smaller egg was burst it was found to contain only the white common to the egg.

Entertainment To Be Feature Of Exposition

Program Will Be Presented Each Evening At Industrial Exposition

GETS UNDER WAY HERE ON MONDAY

One of the features in connection with the big Industrial Exposition, which will open Monday in the display rooms of the Lawrence Auto Sales Company, will be the entertainment which will be offered in connection with the display of products made at the local plants.

Citizens of New Castle will be amazed when they view the exposition and learn of the wonderful variety of products which are made here and used all over the world. Many of the industrial establishments have added new lines of products in the last few years, and are finding a big demand for them.

It is going to be one of the most worthwhile exhibits of this nature ever staged here.

Mayor To Preside

The formal opening will occur at 8 o'clock Monday evening when Mayor Charles E. McGrath, will officially open the exposition. The doors will be open to visitors at 2 o'clock Monday afternoon, however.

Admission to the exposition will be free and adequate parking facilities under police protection will be afforded.

Chairman Numa Vidal, of the entertainment committee has secured a number of musical organizations who will present a high class variety of music on the various evenings of the exhibit.

The program for the week is as follows:

Monday, February 24—PWA Orchestra of 32 pieces.

Tuesday, February 25 — Senior high school orchestra.

Wednesday, February 26—Musketeers of Rhythm, 8 to 9:30.

Thursday, February 27—Grant Parks Orchestra.

Friday, February 28—Senior high school orchestra.

Saturday, February 29, afternoon —Tin Mill Male chorus, 60 voices; evening—Tin Mill band, 40 pieces.

Big Appropriations Bring No Worry To Present Congress

(International News Service)

WASHINGTON, Feb. 21.—Appropriations running into hundreds of millions seldom stir a ripple in congress these days.

Chairman Jones (D) of Texas, of the house agriculture committee, seeking to speed action on the farm bill, asked for consideration of several "perfecting amendments. One of them authorized an appropriation of $500,000,000 a year for the program.

"Doesn't the gentleman think that is slightly more than a "perfecting amendment?" asked Rep. Mapes (R) of Michigan.

Jones laughingly agreed. The house also laughed but accepted the amendment without debate.

Card Of Thanks

We wish to express our sincere thanks to all our friends, relatives and neighbors for the many beautiful flowers sent and cars donated: also to the singers of the Eintracht Society and pallbearers at the funeral of Paul Artz.

Hundreds Of Passengers On Ships In China Waters Are Marooned

(International News Service)

TIENTSIN, China, Feb. 21.—Hundreds of passengers, including many Americans, were marooned today on 20 ships ice-bound in the Gulf of Chihli.

Tugs with rescue parties aboard were sent out in an attempt to reach the stranded vessels with food and fuel.

The ice was as much as 40 feet thick in some parts.

BLUE STAR CLUB HONORS WASHINGTON

The memory of George Washington was honored at the recent meeting of the Blue Star club of the free public library when they gathered in the story-hour room to discuss matters of importance.

Attendance dropped off considerable, a fact which can be laid to no other cause than the extremely cold weather with its slippery streets.

A short busines smeeting was conducted at which time it was decided to have curtains made for the windows of their meeting room. These plans will be completed at the next regular meeting of the club.

Following the business session, a short social time was enjoyed by the members.

Tifereth Israel Boys Will Meet

Junior Congregation Will Have Service Saturday Morning At 10:30

The first in a series of services and sermons in behalf of the newly installed Tifereth Israel junior congregation will be conducted Saturday at 10:30 a. m. at the synagogue.

This service is given primarily for boys from the ages of 10 to 18 years, but will also include all young men who are desirous of having services of their own on the Sabbath morning. Those behind the movement are preparing to introduce a guest speaker from the city at each and every junior Sabbath assembly. Rabbi Pinchos Katz will speak to the boys tomorrow on "Why You Should Belong to the Junior Sabbath League."

The board of education of the synagogue requests that each and every student of the religious Sunday school bring with him all books of his class on Sunday morning at 10 o'clock sharp. Plans are being made to introduce interesting programs for the benefit of the Sunday school children.

The board of education also is making arrangements for the performance of a Purim play to be given by a number of pupils of the Hebrew and Sunday schools. It is therefore important that all players and co-workers be present. Sunday morning for a special rehearsal and to have manuscripts at hand.

Regular Friday services will be conducted tonight at 8:15 o'clock in the synagogue. The topic will be "The Torah."

IT PAYS TO LIVE IN THIS LITTLE TOWN

(International News Service)

LANSDALE, Pa., Feb. 21—Residents of this Montgomery county community apparently were born under lucky stars. Mrs. Walter Craig wife of a newspaperman, became the latest citizen to share in unexpected good fortune when she opened a letter bearing an unfamiliar postmark.

It contained a check for $3,000 and a note that she was the first winner in a national contest sponsored by a flour mill. Last summer another Lansdaler won approximately $30,000 on a sweepstakes ticket and a third resident won first prize in a national slogan competition.

CONTRACT AWARDED FOR BOOK SUPPLIES

Contract for supplying books to be used in making assessments of properties was let by the county commissioners today to the Commercial Printing Company of this city, at the company's low bid of $695. There were two other bids, one by the William G. Johnston Company of Pittsburgh, at $1000, and one by the Miller, Pyle and Street Company of this city, at $970.50. The books to be purchased include one for each of the assessors of the county, and one for each district for use in the county commissioners office.

Redlick Fights His Extradition

Alleged Diamond Robber Held For Pittsburgh Police By Coast Officials

(International News Service)

LOS ANGELES, Feb. 21.—Blandly asserting he will fight extradition "to the last ditch," Abraham Redlick, 38, known as the "Frisco Kid", today awaited Pittsburgh, Pa., authorities who will question him concerning the $75,000 diamond robbery of Sable's store there Jan. 2.

Redlick, who was arrested after being routed out his home here with tear gas yesterday, boasted he "knew all about the robbery," according to police. He denies connection with it, however.

Local officers have received word Pittsburgh detectives are flying here.

At the same time postal authorities yesterday announced they had eliminated Redlick as a suspect in the $125,000 mail robbery at Warren, O., last April 24, for which he also had been held here.

Grieved At Death Of Gen. Mitchell

New Castle Residents Well Acquainted With Former Head Of Air Service

Announcement of the sudden death of Brig.-Gen. William (Billy) Mitchell, commander of the United States air forces during the World War, recalls memories to local people, among whom are Mr. and Mrs. G. W. Short, of Wallace avenue, of friendship with him during his lifetime.

Mr. Short's brother, Harry Short, who is superintendent of the U. S. air depot at Middletown, Pa., was an aide to General Mitchell for a period of six years. He was closely associated with him at the time of his court martial and suspension in Washington, D. C., and after the general later resigned his command, Mr. Short also left the service, just re-entering within the past few years.

It was while on a visit with Harry Short, that Mr. and Mrs. George Short met General Mitchell on his estate in Middleburg, Va., and they remember him as a most genial host.

Fire Alarm At Western Pen Is Found "Weak"

(International News Service)

PITTSBURGH, Feb. 21.—The fire alarm system at the Western Penitentiary here was found "weak" today by Sergeant V. F. Bunch and Private J. F. Griffith as they began the third day of their probe ordered by Gov. George H. Earle.

Tests showed the siren was too weak to be heard in the mess hall and power plant. A fire drill was planned to determine how quickly the huge prison could be emptied in case of emergency.

Four prisoners asked the troopers for an opportunity to talk with them as Bunch and Griffith made their rounds. It was expected their request will be granted.

BUTLER MAY THROW HIS HAT IN RING

(International News Service)

PHILADELPHIA, Feb. 21—General Smedley D. Butler, fiery ex-commander of the Marines may become a Democratic congressional aspirant in adjacent Delaware county in the spring primary.

Butler's name has been submitted to Democratic leaders for indorsement.

Airport Plans Are Considered

Councilmen And State Man Talk Over Project This Morning

Following council meeting at city hall today, Mayor Charles E. McGrath and councilmanic colleagues assembled in the mayor's office where they discussed with a Lieutenant Scofield of Harrisburg the proposed airport project.

Sometime ago it was reported to the city that the federal government was willing to allocate $162,000 to the city providing the city provided about $21,000, which it was explained could partly be charged off in engineering services and for tools, which the city now has.

The present airport site was offered for sale to the city, it was reported. However, it has been indicated that more ground than that now occupied along route 422 would be required.

If the proposal is taken up the county of Lawrence will be asked to help bear part of the burden of the approximate $21,000 by furnishing engineering services, tools and some supplies, it is reported.

RELATIVE OF LOCAL MAN DIES THURSDAY

Ben H. Ice, 48, of Mannington, W. Va., brother-in-law of Mrs. William Ice, of New Castle, died on Thursday, according to word received here.

Mr. Ice was principal of the high school in that city and a member of the Free and Accepted Masons. He leaves his wife and daughter. Funeral services will be conducted Sunday aftrnoon.

Former Resident Of This City Dies

Mrs. Clara Eye Mash, aged 40 years, wife of Dan Mash, died Thursday in St. Elizabeth's hospital, Youngstown, O., after a short illness with pneumonia. Her residence was 725 Cassius street, Youngstown, O.

Mrs. Mash was born in Pittsburgh in March, 1895, daughter of Mr. and Mrs. Peter Eye. She had resided in Youngstown for the past 18 years but was a former resident of New Castle. Her husband and one son by a former marriage, Alfred Jessop, survive.

Funeral mass will be celebrated in the Immaculate Conception church, Youngstown, Monday at 9 a. m., and interment will be made in Calvary cemetery, that city.

WASHINGTON AT A GLANCE

TVA Decision Is Puzzling One

Believe Nothing Definite Has Been Settled By Supreme Court Decision

BOTH SIDES ARE ANALYZING MATTER

Central Press
Washington Bureau
1900 S. street

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, Feb. 21.—New Deal legalists are not sure yet whether the federal supreme court did or did not decide the TVA case in their side's favor.

At first they believed they were unqualifiedly victorious. With a little study of the court's opinion they began to have certain doubts. They do still think that they had a shade the better of the ruling, but admit that they cannot be certain until some more cases, similar to the first one, have been passed on, clearing up several unsettled points.

Early bulletins from the courtroom were to the effect that TVA's constitutionality had been upheld.

In fact its constitutionality was exactly what the "nine old men" did not uphold. Upon analysis of the majority's judgement it became apparent that they had been at considerable pains to emphasize that idea and to rub in the thought that they were disposing only of a secondary issue.

* * *

SITUATION ANALYZED

The situation is this:

Scattered around the country Uncle Sam has undertaken or contemplates a number of projects involving the generation of a deal of hydro-electric power, and such of this power as he does not need for his own use (there will be a big surplus all right) he wants to sell in competition with private power interests.

The private interests, foreseeing price-cutting, naturally object to such a program.

Their contention is that it is unconstitutional for Uncle Sam to compete with them. On this proposition a group of stockholders in the Alabama Power Company sued to prevent Uncle Sam from competing with their concern with power from his Wilson dam at Muscle Shoals.

The supreme court holds that Uncle Sam can do it, but it did not decide the question on constitutional grounds.

* * *

NO ANSWER TO THIS

According to the supreme court, Uncle Samuel is entitled to engage in hydro-elctric activities for purposes of national defense or in connection with navigational improvements, or flood conrtol.

If, having constructed something like the Wilson dam, in good faith for national defense, to improve navigation or to prevent floods, thereby (but incidentally) generating a lot of power, the power is his to sell, constitutionally. And the supreme court holds that this is the kind of power generated at Wilson dam. Therefore let Uncle Sam go ahead.

But suppose Uncle Samuel decides upon a hydro-electrical development, not in good faith for national defense, to improve navigation or to prevent floods?—but simply to have power to sell?

Is that constitutional? The supreme court does not say.

* * *

STILL UP TO COURT

However, New Dealers are of the opinion that no hydro-electrical development imaginably can be hit on which cannot be defended as navigational in its purpose, for flood control or for national defense; consequently that the supreme's court's decision broadly is in their favor.

It may be so.

Nevertheless, the definition remains in the supreme court's hands.

The "nine old men" put their "O. K." on nothing but the Wilson dam. That they'll "O. K." anything else under TVA is purely problematic.

* * *

"QUEER" DECISION

It was a queer decision, at that.

Chief Justice Hughes and Associate Justices Sutherland, Butler and Van Devanter held that the anti-Wilson dam litigants had a right to sue but were beaten.

Justice McReynolds held that they not only had a right to sue but had won.

Justices Brandeis, Cardozo, Stone and Roberts held that they had no right to sue but ought to lose, anyway; so voted against them, though feeling that they had no title to be in court at all.

Meantime Justice McReynolds voted with the majority on the initial issue, in order to vote against everybody on general principles.

* * *

POLITICAL QUESTION?

The New Dealers are in an embarrassing position, too.

They took it for granted that the supreme court would outlaw TVA, and Senators Joseph T. Robinson, the administration spokesman, and George W. Norris, TVA's apostle, bitterly attacked the bench only a few hours before the high court, which they had been denouncing, handed down a decision partially in their favor.

Their expectation had been to conduct an anti-supreme court campaign of 1936.

Now they don't know whose side it is on.

And folks say that the supreme court is out of politics!

Starvation, carried out by professionals and political prisoners, has proved that individuals can deprive themselves of food and survive for weeks by consuming their own carbohydrates, fats and proteins. This loss may even reach 40 per cent of the body weight. Water, however, is essential to life.

Poverty doesn't explain the farmer's grouch. Even a rich man would feel that way if he got up at 4:30.

BESSEMER HIGH SCHOOL NOTES

CHAPEL PROGRAM

Mr. Ross was in charge of the chapel program on Friday, Feb. 14, 1936. He presented the Democratic and Republican platform, giving a general idea of what the coming election will be like.

Johnny Marshall sang two vocal solos and Rudy Ivanich, Emery Bobic and Warmer Anderson displayed their version of how the music goes 'round and 'round. Dick DeArment and Glen Nelson played the part of two Senators from California and gave us an idea of what they are doing in politics. Members of the P. O. D. class brought out the planks and made the Democratic and Republican platform in the coming election. Melon Germanovich as President Roosevelt and Rudy Jurdana as Herbert Hoover, got into an argument over the plank "Boondoggling" and their chances of being elected president. Britt Swanson read the scripture and announced the numbers. Announcements were made by Mr. G. E. Nord.

SHENANGO GAME

Bessemer will play Shenango High School Friday, Feb. 21, on the Bessemer High School floor. Bessemer defeated Shenango on their floor a few weeks ago to the tune of 35-17 score. The probable line-up for the coming tangle is as follows: W. Olson, A. Young, J. Marshall, N. Caldararo, and B. Poushey.

FRIDAY 21ST ASSEMBLY

The assembly for Friday, Feb. 21 was a special. The Duncan McBley Co. presented a puppet show entitled "The King of the Golden River."

North Beaver

A. E. MEETING

The agricultural extension meeting was held Tuesday afternoon at the home of Mrs. George McAnlis. Due to the cold weather only six attended the meeting. The next meeting will be held at the home of Mrs. A. H. Fullerton on March 5.

CLASS PARTY

The young girls class of the Westfield Sunday school held a valentine party at the home of their teacher, Miss May Gilchrist, on Saturday evening, February 15. There were twenty present including three guests from Slippery Rock State Teachers College. The evening was spent in playing valentine games and exchanging valentines, after which refreshments were served by the social committee.

NORTH BEAVER NOTES

Mrs. Curtis Kerr who has been ill the past week is able to be about again.

Westfield church services will begin Sunday at 11:00 a. m. Sunday school at 12:15. Christian Endeavor at 8 p. m.

New Castle callers, Mrs. A. H. Fullerton, Bert McCurley, Wayne Thompson, Mrs. Charles McClelland, Mr. and Mrs. George McAnlis.

EAST BROOK

Everette McConnell and family spent last Sunday with relatives near Volant.

Quite a number of the Scott Twp. high school students are absent from school with an attack of mumps.

Mr. and Mrs. Carl Bluedorn and son were recent guests of Mr. and Mrs. Lester Kerr, of Harlansburg.

Mr. and Mrs. Charley Bowden, of New Castle were guests Monday of the latter's mother, Mrs. Charles Emery.

Prayer meeting of the Unity Baptist church was held Wednesday evening at the home of Mr. and Mrs. Wimer.

Friends of Wendell Kerr, are pleased to know that he is showing improvements in the Jameson Memorial hospital.

There will be services in the Unity Baptist church next Sunday morning and the evening service will be in charge of the young people.

On account of the cold and the drifted condition of the roads, Delores Collins has been staying at the home of Miss Helen Macom and going to school.

Mrs. Minnie McFarland and sons, Clarence and Alvin, and grandchildren Blanche and Paul, were visitors last Sunday at the home of Mr. and Mrs. Albert Cassidy of Sharpsville.

GARDNER

Mary and Charlie Zorens of Gardner are still out of school this week as they are suffering with grip.

Mr. and Mrs. William Hall of Gardner, had a visit from their relatives Mr. and Mrs. Wallace Kirkwood and child, of New Castle.

Mr. and Mrs. John C. Reed, of the old Pittsburgh road spent the week end visiting their relatives, Mr. and Mrs. Ralph Mayberry, of Aliquippa.

Mrs. Clara Tanner, is suffering with some throat trouble at the home of her parents, Mr. and Mrs. J. A. Weingartner, of the Butler road.

Mr. and Mrs. A. H. Wade, of the Butler road spent the week end at the home of their parents, Mr. and Mrs. Redic Campbell, of Hooker in Butler county.

Mr. and Mrs. Philip Moore, of Gardner had these guests on Monday night Mr. and Mrs. Clifford Zeigler, Mr. and Mrs. Elmer Glass, and son Bobby all of New Castle.

The Gardner Community Circle held an oyster supper at the home of Mr. and Mrs. Edward Earl, of the Ellwood road, last Friday night. The entire family of each member was invited and they were a jolly crowd.

The snow which fell on Monday night at Gardner made it difficult for some of the New Castle teachers who live here, and one young man who is a student at Slippery Rock college, and several other citizens, to get to their work on Tuesday morning.

Mr. and Mrs. William Bender, of the Harlansburg road arrived home from Neptune, New Jersey, last Thursday night. The roads over the mountains were kept in fine condition but when they reached Greensburg rain was falling and the roads were very icy.

Last Tuesday night the ladies of the Community Circle gave a surprise party in honor of Mrs. Thomas Shaffer, they all met at the home of Mr. and Mrss. Hammond, and marched to the Shaffer home bearing gifts and a fine lunch. Mr. and Mrs. Shaffer greatly appreciate this token of goodwill.

Mr. and Mrs. Floyd Derr, of Gardner, went last Friday to visit Mr. and Mrs. Charles McCoy, of the Poland road, they took Mrs. McCoy's mother, Mrs. William Locke, and sister, Mrs. Mary Welsh, of the Ellwood road with them as all were anxious to see the little daughter which lately arrived at the McCoy home.

Last Saturday morning Rev. Albert J. Ringer Schumaker came to Gardner and spent the day with his mother and sister Miss Florence. Mr. Schumaker is Secretary of Leadership Training, under the American Baptist Publication society, of Philadelphia and has been with a group of other workers holding conferences and meetings in Detroit and in Chicago.

Miss Dorothy Hay, teaches a class of little girls at the Gardner Sunday school, and one of the pupils entertained the class last Saturday afternoon. Dorothy Robison, daughter of Mrs. Clifford Robison was the young hostess to her classmates, and arranged for a valentine party which was a very jolly affair. There were some comic valentines which were great fun. There were some nice games and Mrs. Robison served a fine lunch.

The State of Sao Paulo, Brazil, has ordered the construction of nearly 3,000 miles of new roads.

Three and one-half to four barrels of fuel oil are equal to one ton of coal.

Only a Cold? - Don't Fool Yourself

Colds should be checked before they become deep-seated. Colds that hang on — stubborn colds — may lead to more serious illness.

Start at once taking Father John's Medicine, used over 80 years as a treatment for colds and bronchial irritations.

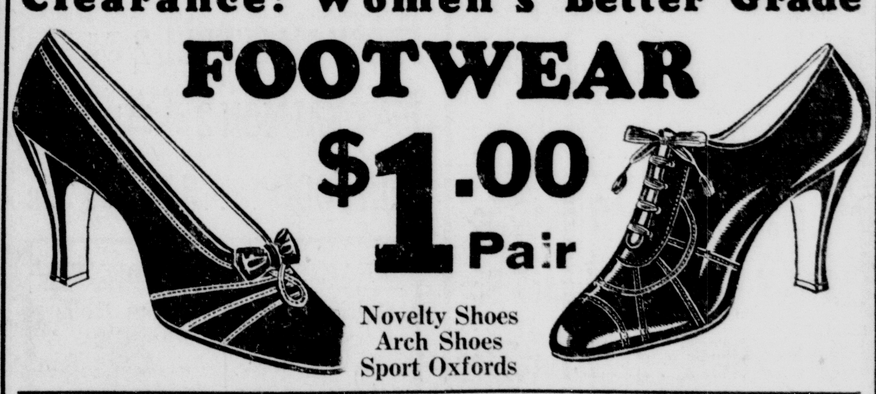

In 9 cases out of 10, Dr. Frederic Damrau, New York, proved by clinical tests that it shortened the duration of colds.

In addition to this proof of value, its use for 80 years is dependable and convincing evidence. Be prepared—keep a bottle on hand.

HEAD OF STATE HIGHWAY PATROL TO RETIRE

Capt. W. C. Price To End Service

Will Relinquish His Duties As Superintendent Of Patrol, March 1

HEALTH ASSIGNED AS CAUSE OF MOVE

(International News Service)

HARRISBURG, Feb. 21.—A new leader for Pennsylvania's highway patrol was being sought by state officials today following the retirement of Capt. Wilson C. Price, organizer and superintendent of the patrol.

In a letter to Secretary of Revenue John B. Kelly, Price asked that he be permitted to relinquish his duties and retire as superintendent effective March 1. He said poor health prompted his decision.

Accepting Price's application for retirement, Secretary Kelly said:

"I am very sorry that Captain Price finds it necessary, due to his physical condition, to take this step, but I feel that in this instance his health comes before service."

In the letter to Kelly, Price said his physical condition had not been satisfactory for several years, and prevented him from attending to affairs of the patrol "that ought to have had my personal supervision."

Price's retirement came at a time when one of his officers, Capt. John M. Bender, was being investigated by Secretary Kelly on charges of misconduct and laxness in the performance of his duty.

AROUND CITY HALL

Members of the city fire police will meet at 7:30 p. m. tonight in council chambers, city hall, where they will be sworn into office by Mayor Charles E. McGrath. The membership numbers 24, all of them having been reappointed to office several weeks ago. It is the duty of the fire police to see that there is no interference with firemen engaged in battling a fire.

With spring less than a month away council has begun thinking of projects. Each project requires about six weeks before final approval and the "go ahead" order is received, hence their projects discussions at city hall.

When the old Wire nail mill building is taken over by the city and the building made tax exempt, all the equipment and as much motor apparatus as possible will be stored there. The city may put a watchman on the job.

Sons of Veterans, an organization which has had quarters for a long term of years on the third floor of the city building, has moved to the second floor of a building on the south side of East Washington street.

Not many persons have been arrested here during the past three or four months for traffic violations. During the cold weather most of the automobilists who can do so, leave their cars in garages or at home.

Mayor Charles E. McGrath will have police watch cars parked in the Municipal parking lot, South Jefferson street when the Industrial Exposition gets under way here next week.

WORKERS ORGANIZATION WILL MEET TONIGHT

Members of Lodge 3, National Security Association will meet tonight in the Moose Hall on South Mercer St at 7:30. A number of important matters are scheduled for action. There will be a program of entertainment.

Careful Drivers Not All Killed

(International News Service)

PHILADELPHIA, Feb. 21.—More than 2,200,000 Pennsylvania motorists drove their cars without accidents in 1935, the Keystone Automobile club disclosed here.

Approximately 80,000, of three and a half per cent of the total registration, were involved in crashes, continued safety campaigns, the club pointed out, is likely to reduce the annual casualty toll.

Prices Of Groceries Higher Than Year Ago

(International News Service)

WASHINGTON, Feb. 21.—The housewife is footing a bigger grocery bill—or eating less—than a year ago, regardless of the removal of the processing taxes by the supreme court's AAA decision, government figures disclosed today.

Unless the family wants to subsist on canned corn, peas, tomatoes, peaches, pears and apples, with a dash of lettuce, spinach and macaroni, the groceries cost more in January this year, even after the removal of the processing taxes, than in January, 1935.

Only Minor Effect

The processing taxes themselves "had only a minor effect on retail food prices," asserted the Consumers' Guide issued by the Consumers' Counsel of the AAA. The price of milk remained the same, an average of 11.8 cents a quart even with the tax removed.

Chuck roast topped the list in price increase at 24.6 cents a pound —9.1 cents a pound higher than a year ago, while smoked hams were next at 33.2 cents a pound, an increase of 8.5 cents. Round steak was up 2.7 cents; rib roast, 4 cents; pork chops, 2.4 cents; breast of lamb, 2.8, and leg of lamb, 0.6.

Although the price of flour dropped 0.2 cents a pound, bread prices have increased. While the white bread price has declined 0.2 cents a pound in the last month, it is 0.2 cents a pound higher than a year ago, with rye bread up 0.3 cents, and whole wheat, up 0.5.

Bovine Tuberculosis Virtually Erased

HARRISBURG, Feb. 21.—During 1935 the Bureau of Animal Industry, Pennsylvania Department of Agriculture, tested 76,445 herds and 655,894 cattle for tuberculosis. The investigators found 15,029 infected cattle.

Pennsylvania now has 183,233 herds and 1,439,050 cattle under supervision by Federal and State authorities and only eight counties —Berks, Bucks, Chester, Delaware, Lancaster, Lebanon, Montgomery and Philadelphia—have not qualified as modified accredited counties with all herds and cattle tested.

Grove City Church Will Be Improved

GROVE CITY, Feb. 21—Extensive repairs to Grace M. E. church will to be made, following approval of a meeting last evening. Interior walls, and windows will be washed, necessary re-painting done, and such minor repairs as are needed.

Before the Erie conference meets here next September, the trustees expect to extend the renovations to the Sunday school building. Last fall the roof and brick-work of the main building, erected 27 years ago, was repaired.

FATHER OF LOCAL WOMAN IS DEAD

HARMONY, Pa., Feb. 21.—Funeral services for John Eichnawer, 74, will be held Saturday in Grace Reformed church. Surviving are the following children: Mrs. Anna Johnson and Mrs. Rose Haslett of New Castle; Mrs. Lillie Cable of Lancaster township; Mrs. Violet Hyde and Edward Eichnauer of Flint, Mich. A sister, Miss Amelia Eichnauer of Lancaster township, also survives.

"Thumber" Jugged By State Police

(International News Service)

BUTLER, Pa., Feb. 21.—Thumbing his way out of town after allegedly stealing a pocketbook containing $73, Willie McGinnis was recently given a bit of "free wheeling" by the state police.

As the officers approached McGinnis after tracing his steps from the spot where the purse was "lifted" he stepped up and thumbed his way to jail.

CHANGE OF VENUE ASKED FOR FLOWERS

BUTLER, Pa., Feb. 21.—William J. Flowers, Butler realtor, today petitioned the state supreme court for a change of venue in his re-trail on charges of involunttary manslaughter, growing out of the death of Miss Esther Von Krogh, on route No. 8, last July 27. Flowers was granted a new trial last week by Judge John H. Wilson. In his motion for a change of venue, Flowers' attorneys argued he could not be given an impartial trial in Butler county.

BROTHER OF LOCAL MAN IS BURIED

SHARPSVILLE Pa., Feb. 21.—Funeral services were held yesterday afternoon for Charles O. Perschka, 77.

Surviving are his wife, Margaret E. Auchter Perschka, four sons, Clarence L. and Elmer R. of Sharpsville, Orlo A. and C. Raymond of Mercer; two brothers, Julius of Farrell and Ernest of New Castle; a half-brother, Adolph Wehman, of Ellwood City, and 16 grandchildren.

Stadelhofer Tells Of Germany Today

Today's political conditions in Germany were reviewed by Rudolph Stadelhofer, retired manager of the local branch of Armour & company, when he spoke before the Pro-Indus club at the Y. M. C. A. last night. Mr. Starelhofer visited Germany last summer.

The club on Thursday, February 27 will participate in its annual dinner meeting at the Margaret L. Henry Children's Home along with the children of the home. Dinner will be served at 6:30 that night.

Modernization Of Army Posts Will Be Sought

Ask $30,000,000 For Modernizing Of Army Posts Throughout U. S.

(International News Service)

WASHINGTON, Feb. 21.—A $30,000,000 modernization program for army posts throughout the United States and its possessions was submitted to congress today by Secretary of War Dern.

The projects are for housing and other improvements held necessary by the war department for some years' past. Dern informed the House Military Affairs committee the program has been approved by the budget bureau.

Although the $545,000,000 army appropriations bill passed by the house recently called for some modernization work, at certain army posts, the program submitted by Dern embraces improvements at virtually every military establishment in the continental United States, Hawaii and Panama.

ELEVATOR MEN MUST KNOW THEIR WEIGHTS

(International News Service)

COLUMBUS, O., Feb. 21.—Elevator operators at the state office building are required among other things to qualify as "weight calculators."

A weight calculator must be able to judge the average passenger's weight "on the hoof."

On the inside of the door of each lift is a sign reading:

"Weight capacity 3000 pounds."

Theoretically, when traffic is heavy, operators are expected to judge pretty much to the pound whether they are nearing the 3,000 pound limit.

"An elevator full of thin men is considerably different than an elevator full of fat ones," said a sturdy weight calculating operator. "Most all of us know when we're carrying close to the limit and we've been told not to overload."

Woman Who Made New Castle Visits Dies At Age Of 111

Reputed to be 111 years of age, Dr. Marie Charlotte de Goliere Davenport, health lecturer, is dead in St. Louis and only the offer of a funeral director saved her from a pauper's grave. The aged lady had lectured in New Castle and had passed through here a number of times.

She claimed to be the daughter of Count Paszkoff and to have been born in St. Petersburg in 1824.

She lectured throughout the country upon longevity and claimed to have been the friend of such celebrities as Franz Liszt, Sara Bernhardt and many others.

SAYS SHARKS ARE "PRETTY TAME STUFF"

(International News Service)

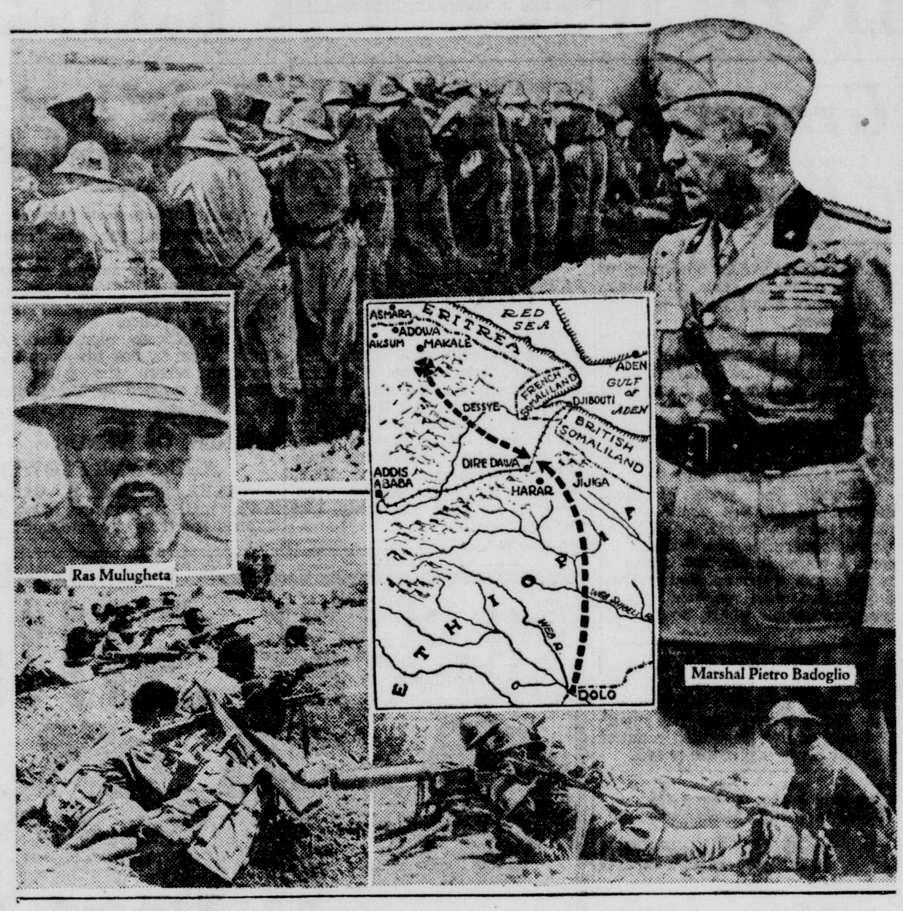

PHILADELPHIA, Feb. 21—Sharks aren't necessarily dangerous nor are fish emotionally cold, according to Dr. Robert Van Dusen, director of the Philadelphia aquarium.

The most vicious fish in the acquarium collection, he declared is the grey moray, an eel-like creature with powerful jaw and long teeth, but sharks—they're pretty tame stuff.

After the Florida hurricane, he pointed out, bodies were found weeks later in shark-infested waters without a scratch on them. He admitted however, that the presence of blood in water might excite a shark to attack.

As for a fish's emotional capacity, they frequently show considerable affection and fondness for each other, he said.

Italians Push Toward Ethiopian Capital

In hurried offensive to cut the Addis Ababa railroad before the setting in of the spring rains, Italian forces under Marshal Badoglio are reported inflicting severe losses on the Ethiopian defenders under Ras Mulu-Gheta blocking the road to the Ethiopian capital. More than 5,000 Ethiopians have been reported killed in the latest battle on the northern front. Photos show some of the white Italian troops engaged in the battle, the defenders, leaders of the opposing forces and map showing the Italian strategy. (Central P...

Mystery Drama Given Last Night

Senior Epworth League Players Present Play At Mahoning M. E.

A blood-curdling mystery drama-replete with headless phantoms, screams and action, and enchased in a haunted house setting at the foot of the Ozarks around which thunder, rain and lightning beat relentlessly—was presented by a group of talented Senior Epworth League players in the Mahoning M. E. church last night.

"Hobgoblin House" was good, old-fashioned drama in every sense of the term. There was plenty of action, the complications were properly complicated and the denouncement was satisfactory to all.

Much of the credit for the production goes to the director, Jimmie Smith, well known member of the New Castle Theater Guild. Members of the cast were:

Darius Krupp—William Emerick.
Henry Goober—Albert Moss.
Delilah Worts—Mrs. Ted Kerr.
Suzanne Parkins—Jane Steen.
Miss Priscilla Carter—Elizabeth Dripps.
Marian Carter—Marjorie Howard.
Gill Carter—Genevieve Moss.
Jack Loring—Samuel Davy.
Frank Harlow—Milton Butts.
Bluebeard Bronson—Howard Tackitt.
Bill Wilkins—James Emerick.
Patricia Arnold—Helen Mescall.

"Hobgoblin House" is to be repeated tonight at 8:15.

Post Office To Be Open On Saturday

Superintendent E. M. McBride said this morning that, contrary to previously announced plans, the Mahoningtown postoffice will be open until noon on Washington's birthday.

There will be one city delivery, in the morning, and no rural deliveries. The general delivery, stamp and parcel post windows will be open until noon but no money orders will be issued.

Won't Be "Doormat" Says Athletic Head

(International News Service)

EASTON, Pa., Feb. 21.—In connection with its revised policy, Lafayette college will neither seek national football championships nor be content to remain a doormat for other institutions, Henry W. Clerk, new director of athletics, told the faculty members here.

The college, he declared, will compete with increasing frequency against schools of its own class, curtailing the number both of "set-up" games and those in which Lafayette should be hopelessly out classed.

Cult Leader Claims 25,000 In One County Are Believers In Polygamy

(International News Service)

KINGMAN, Ariz.—E. Elmo Bollinger, county attorney of Mohave county, Arizona, who recently conducted the presentation of principals in the Short Creek "plural marriage" colony, believes the federal government should act to cope with the spread of polygamy in the southwest.

Two members of the Short Creek colony were sentenced to prison. But, Mr. Bollinger declared:

"I have barely touched the surface of this unfortunate situation. I can name more than a dozen men, beyond my jurisdiction, who have from two to five wives and many children. I can name a man who has five wives in three states and the federal government is feeding all of them. He is also beyond my jurisdiction.

"A competent lawyer, with proper authority and the services of a few G-men, could send more polygamists to prison from the states of Arizona and Utah than were convicted in those states during the Edmonds' Act trials of 50 years ago."

Joseph W. Musser, one of the leaders of the cult of which the Short Creekers are members admitted here that more than 25,000 persons in the United States are advocates of plural marriages. He said:

"We have advocates of plural marriages in almost every state and also in Canada and Mexico.

"The taking of more than one wife is not contrary to federal statutes except in the territories, and we hold that state laws restricting the number of wives are unconstitutional."

The convicted Short Creekers are basing their appeals on this plea.

Despite the prosecution of its members, the Short Creek colony could be 10 times its present size if it wanted to be, it was declared by John Y. Barlow, one of the leaders.

"We have received so many thousands of letters from people wanting wives that we are using them for fuel," he said.

"It seems that half the men in the country think that we are operating a matrimonial agency. We are sorry to disappoint them but we haven't a surplus of women in Short Creek."

Barlow said letters had been received from everyone from laborers to college professors. All are being sent polygamy literature which explains in detail why Short Creek advocates harems, and incidentally points out that one of the cardinal principles of the faith is 15 to 30 children for each man.

Religious Beliefs At State College

Presbyterians Predominate But There Are 26 Other Creeds Represented

(International News Service)

STATE COLLEGE, Pa.,—Presbyterians head the list of religious groups at Pennsylvania State college in point of numbers, but the body of 4839 undergraduate students represent 26 other religious beliefs, according to report by registrar William S. Hoffman.

There is one Moslem on the campus; two each of Swankfelders, spiritualists and universalists; seven Moravians; eight members of the Russian Orthodox church; nine of the Church of God, and ten each of Mennonites and Unitarians.

Presbyterians number 906; Methodists 800, Roman Catholics 685, and Lutherans 550.

WHAT A COME DOWN FOR THIS FIRE TRUCK

(International News Service)

KANE, Pa., Feb. 21—"Old Mountie" a 19 year old truck and the pride and joy of the Mountain Hose Company here, recently did duty as a snow plow.

The borough council promised the company a new truck if "Old Mountie" could be put to use chasing snow instead of fires.

Thus the ancient truck got a tryout, but the plow was attached so that it could be dropped at a minutes notice in case of fire.

Warren State Hospital Is Reported Overcrowded

(International News Service)

WARREN, Pa., Feb. 21—An insane pyromaniac, who persists in building fires in his bedroom in Ward No. 0 which has fire alarm, was disclosed today by state troopers investigating conditions at the Warren State hospital.

The man starts frequent fires in his room with newspapers, according to the attendants.

The troopers were reported to have found that eight wards for men and women housing 446 patients are not equipped with fire alarms; that two other buildings where patients sleep also are not equipped with fire alarms, and that fire extinguishers in the institution have been recharged while the state police investigation was under way.

The troopers, Corp. Frank Milligan and Private Harold Munsee, said they found the hospital was overcrowded with 483 too many patients. The population was 2,156, while the capacity is 1,673, they reported. They reported that some of the patients were forced to sleep on beds set up in the hallways.

"It's my opinion that they need a fire alarm more than any other place" said C. S. Hudson, in charge of all the male wards,

Milligan said more fire extinguishers were needed. He said he was surprised to find a recharge tag on extinguishers with the date, February 20, 1936, the second day of the present investigation. He also reported finding some extinguishers not marked and an extinguisher on the fire truck which hrad not been refilled since December of 1932.

Dr. Leonard Rosenzweig, the clinical director, said the institution has sought in vain for a modern $45,000 fire alarm system.

No signs of "barbarism" were found, the troopers reported. They inspected several small rooms equipped with a mattress and bed and heavily barred windows which Dr. Rosenzweig said were used for unruly patients to allow them to "cool off."

Library Story Group Defies Zero Blasts

Weather No Hindrance And Crowd Turns Out For Program

Despite extremely cold weather the attendance topped 67 at the regular story-hour meeting in the story-hour room at the free public library.

The feature of this gathering was George Washington poems, stories, etc. These bits of literature were presented by Miss Alice Joyce, children's librarian, and a great deal of appreciation was shown by the youngsters in attendance.

In addition to the George Washington stories, Miss Joyce related the stories of The Three Magic Gifts and the Slippers of Misfortune. These were adventure stories, and were told in a very thrilling manner by Miss Joyce.

This story-hour session is a regular weekly feature of the library, and Miss Joyce extends her cordial invitation to anyone who is interested to attend and enjoy the stories which she will present from time to time.

Mercury Fails To Affect Readers' Crowd At Library

Zero spells may come and go but in spite of them the New Castle free public library finds its readers also come and go. Miss Alice M. Sterling, the librarian, reported today the cold blasts of the past few weeks have only slightly reduced the reading room attendance.

"Even on the coldest days we find readers here," the librarian said. "The reading room attendance hasn't been affected by the weather much."

Ten Students Named As Tutors

Appointed As Part Of N. Y. A. Program Of Year At Westminster

(Special To The News)

NEW WILMINGTON, Feb. 21—Ten students have been appointed as tutors under the Westminster college arrangement with the federal government in the disposal of National Administration funds.

Under the tutoring plan, a limited number of students may tutor student groups and be paid out of N. Y. A. funds furnished through federal aid.

The appointments in various departments are as follows: George Massie, Munhall, in chemistry; Jas. Ewalt, Polk, and Marie Nevin, Monongahela in mathematics; Lucille Nevin, Monongahela and Margaret Eversole, Wilkinsburg, in English; Robert Mulholland, Pittsburgh, in Bible; Robert Ralston, Freeport, in history; Florence McKechnie, Poland, O., in education and John Willits, Ford City, and David Kennedy, Wheaton, Ill., in economics.

The tutoring project under the N. Y. A. is in addition to other projects, such as the laying out of an arboretum in the College woods and a topographical survey of the land which have been going on since September of 1935, under the supervision of Professor Harold Black, department of mathematics.

MANY UNLICENSED CANINES KILLED

HARRISBURG, Feb. 21.—More than twice as many unlicensed and uncontrolled dogs were destroyed in Pennsylvania last month as in the corresponding month a year ago, J. Hansell French, Secretary of Agriculture, reported today.

State agents, police officers and constables, destroyed 1677 dogs last month, compared with 802 in January 1935. Agents of the Bureau of Animal Industry traveled in subzero weather and other snowbound roads to destroy dogs reported killing livestock and game, and to appraise the damages.

Has Possession Of Historic Flail

GROVE CITY, Feb. 21—The flail used in subduing the Mohawk Indian who murdered five members of the Wigton family, near Keisters, on the present route of the B. & L. E. Railroad, is the prized possession of John Boyles, 94 year old Grove City Civil War Veteran. Mr. Boyles is a distant relative of the victims of the last Indian "massacre" in Western Pennsylvania.

After killing Mrs. Wigton and four children, the drunken Indian took refuge in a nearby house, to which he was trailed. Three men, McQuiston, Blair and Donaghey, started up a stairway to capture him. Blair was felled by a stove lid, but Donaghey protected his head with a chair, climbed the steps and knocked the Indian senseless with the flail which is now Mr. Boyles' property.

INDO-VIN WORKS ON LIVER AND STOMACH OF THIS MAN

Victim Of Sharp Gas Pains, Headaches And Indigestion Says: "I Am Well And Happy Now."

Prominent citizens, many right here in New Castle, have gladly gone on record publicly at the Eckerd's Drug Store, endorsing Indo-Vin, the new, scientific medicine that works with the sufferer's food.

Many of these people have suffered for years—spent much money on different treatments—yet they get almost instant results from Indo-Vin. The reason this medicine succeeds where others fail is because it is a combination of several medicaments into one compound, including several of Nature's finest medicinal herbs.

Acts On Three Organs

How these ingredients work to benefit the stomach, liver and bowels, is best told in the words of those who have been helped by Indo-Vin. Here is a letter from a widely-known citizen who has lived in this vicinity for many years. He is Mr. John Barnstock, who says:

"I have been free from stomach distress for months since I took Indo-Vin, and that awful misery has never returned. My food used to turn sour and form gas in my stomach organs which bloated me up until I thought my insides were going to burst. When I started taking Indo-Vin, all the misery and suffering just seemed to disappear, and now I haven't been bothered with stomach trouble AT ALL since I took this medicine."

What Indo-Vin Is

Indo_Vin is taken after meals and mixes with the food in the stomach; often acts in less than ten minutes to stop gas pains, sourness and bloating. It contains seventeen of the purest medicinal ingredients and not one a habit-forming drug. It will aid the liver by stimulating the flow of fresh bile, so necessary in helping Nature digest your food, and it will further aid in the removal of intestinal impurities that may have been the cause of your headarhes, biliousness, dizzy spells and worn-out feeling.

What Indo-Vin Will Do

First of all, Indo-Vin acts on the liver and helps stimulate the flow of fresh bile; it will cleanse your bowels gradually, gently and thoroughly without the usual pain and griping that often comes from the use of cathartics. Indo-Vin will bring out gases and intestinal impurities that may have been inside of you a long time, causing your trouble.

It will help make the digestive organs sweet and clean.

It will give you a lively appetite; more desire for food than perhaps you have had since you were a healthy boy or girl.

It will aid in clearing up skin eruptions caused by the impurities in the digestive organs; it will help overcome the sallowness or "muddiness" that is due to sluggish liver.

Indo-Vin will make your STOMACH, LIVER and BOWELS more active, build you up in general and make you LOOK, ACT and FEEL like a different man or woman.

Don't neglect constipation. Don't think an occasional "cleaning out" makes things right. Between times, the blood stream and kidneys are loaded with impurities. Indo-Vin helps avoid this.

Indo-Vin is a real, genuine medicine for a person to take and we are selling large quantities of it . . . The Eckerd's Drug Store, New Castle, Pa.

TRANSIENT THIEF PROMISES TO PAY

(International News Service)

GALION, O., Fez. 21 —H. Kyle Cooper, manager of the bus station lunch counter here, has had his confidence in human nature restored.

He received a post card from Harry H. Harden, mailed from Columbus, in which Harden promised to repay him for the $6 in cash and a small amount of money from a chance game device which Harden, a transient, had taken in return for Cooper's kindness in allowing him to spend the night in the lunchroom.

The post card said: "Dear Harry —Believe it or not, I shall re-imburse you for your grief in a little while. Do not think that I could heartly offend you or anyone else half so hospitable. Patiently await word. Respectfully, H. H. Harden."

The card was postmarked one week from the date of the theft.

2 Things to Do

TO EASE COLD INSTANTLY

Discomfort and Aches Go Almost Instantly This Way

1. Take 2 BAYER ASPIRIN Tablets and drink a full glass of water. Repeat treatment in 2 hours.

2. If throat is sore, crush and stir 3 BAYER ASPIRIN Tablets in ⅓ glass of water. Gargle twice. This eases throat rawness and soreness instantly.

Why BAYER Aspirin Works So Fast

Drop a Bayer Aspirin tablet into a glass of water. By the time it hits the bottom of the glass it is disintegrating.

In 2 Seconds By Stop Watch

A Genuine Bayer Aspirin tablet starts to disintegrate and go to work. What happens in these glasses happens in your stomach — Genuine BAYER Aspirin tablets start "taking hold" of pain a few minutes after taking.

THE pictured directions above show perhaps the quickest, simplest and most modern method yet discovered to combat cold and sore throat.

Your own doctor will approve this way. Millions of people have discarded "cold killers" and patent nostrums for this modern way. It relieves the average cold almost as fast as you caught it.

Note that all you do is this.

Two Bayer Aspirin tablets with a full glass of water.

Three Bayer Aspirin tablets, crushed and dissolved in ⅓ glass of water as a gargle. Gargle with this mixture twice, holding your head well back to permit this medicated gargle to reach the irritated membranes of the throat. The Bayer Aspirin you take internally acts to fight a cold almost instantly. AND — eases the aches and pains that accompany most colds.

The gargle acts instantly *like a local anesthetic* to soothe pains in the throat and to ease throat irritation.

Try this way. You will be amazed at how quickly you can ease a cold. Be sure, though, to get Genuine BAYER ASPIRIN tablets. They dissolve almost instantly in the stomach. Hence start working almost instantly. And also, dissolve thoroughly enough in water for use as a gargle.

Patrol Leaders Of Girl Scouts Meet Saturday

City-Wide Patrol Leaders' Party Planned For 2 P. M. Tomorrow

A city-wide Girl Scout patrol leader s party will take place in the Orr Auditorium Saturday afternoon at 2 o'clock and it is believed that about 80 scouts will participate.

These girls will be spokesmen for the 21 troops here and will submit, in an open forum, ideas and suggestions for city-wide Girl Scout summer and winter activities.

This will be the second time that patrol leaders have met together in New Castle. The first conference, last year, was so fruitful that tomorrow's event has assumed an unusual importance in the eyes of Girl Scout Council and Leader's Association members.

Although it is to be a festive affair—with games, singing and refreshments—its purpose is a very serious one and is taken just that way by the scouts. The suggestions they will present have come directly from New Castle's 481 registered Girl Scouts and have evolved from troop discussions during the past two months.

Last year the patrol leaders advocated a longer day camp, a certified swimming instructor, a camp newspaper and more outdoor cooking at Camp Phillips, various civic projects, a booth at the New Castle fair and so forth. Most of these ideas budded into materialization.

Mrs. E. W. Guy, president of the New Castle Girl Scout Leader's Association, will be in charge of the party. Assisting her will be Miss Mary Grimes, of Troop No. 7. Mrs. George Ward, of Croton troop, will take registration.

Scouts will be divided into ten patrols of eight members each and discuss in patrol corners, questions pertaining to scouting and then will meet in assembly for a general conference.

Hard Coal Fields Are Facing Crisis

Survival Depends Upon Reduction Of Costs To Win Back Business

(International News Service)

NEW YORK, Feb. 21.—The anthracite industry faces a crisis and its survival depends upon reduction of costs to allow a reduction of prices that will win back business to competing fuels.

This opinion was contained in a statement made public here today by spokesmen for the industry following the final meeting of the operators negotiating committee at the Anthracite Institute.

The miners and the operators are scheduled to open negotiations on Monday for a new agreement to replace the one expiring March 31.

The operators' spokesmen indicated the mine owners would oppose union demands for increased wages and shorter hours, although no specific declaration was made in favor of wage reductions. The statement pointed out that wage payments of $125,000,000 in 1935 represented two-thirds of the costs. The operators declared they had no hard and fast counter-proposals to the miners' demands, but would enter the negotiations in a friendly spirit.

TRANSIENT CAMP TO HOUSE NEEDY

(International News Service)

KENTON, O. Feb. 21—Work on the demolition of the federal transient camp here, which formerly housed 200 transients now employed on WPA projects throughout the state, has been ordered halted.

According to his instructions Lieut C. S. Vaill said the twenty frame buildings will be left standing, and turned over to the Hardin county relief department for uses as homes for families now living in less substantial houses.

Lieut. Vaill said he believed similar instructions had been sent to other transient camp supervisors in the state.

KNIFE-EDGE BOW FOR SEA QUEEN

Knife-edge bow of the giant Queen Mary

Decision of marine designers to retain the knife-edge bow in the new British super-liner Queen Mary, as against the so-called bulbous bow, has started a controversy in shipping circles. All the big liners built within the last few years feature the bulbous bow, but designers point out that it was the knife-edge bow which enabled the Mauretania to keep her laurels as speed queen of the Atlantic for 22 years. The Queen Mary will enter the transatlantic service this summer.

On Court House Hill

County offices will be closed tomorrow, Washington's birthday, in order that officials and employes may ponder on the efforts which are being made to destroy the liberties which Washington fought to preserve.

Ray H. Aylesworth, receiver of the Pittsburgh company at Ellwood City, has been authorized by court to sell certain property to David and Anna Shapiro for $11,000. Mr. Aylesworth's report for the month of January shows that he collected $704.19 and expended $511.78. Balance on hand, $3,633.26.

Local officials will be interested in the latest test for drunks, sent out by the Federal bureau of investigation, but not officially endorsed. It was discovered by a Swedish professor. When called to determine if a man is drunk, he punches a hole in the man's ear and draws off a quantity of blood. He boils the blood for two hours with a mixture of bichromate-sulphuric acid solution and a little potassium. In another bottle he boils a similar mixture, but without the blood. Then he analyzes the contents of both bottles. The difference between them is proportional to the amount of alcohol present. This might be alright for a scientist but the chances are local officials will go by the old standbys of smelling the suspect's breath and examining his eyes.

Harry Cunningham of Slippery Rock township has filed preliminary papers to foreclose a mortgage against Charles E. Ketterer, receiver of the First National bank of Ellwood City. The mortgage was given in 1924 by C. A. Voorhees and Mary Ann Voorhees, his wife. The property was transferred to the bank subject to the mortgage. Mr. Voorhees has since died . The original amount of the mortgage was $3500. It now amounts, with interest and costs, to $4,419.19.

A call came to the county commissioners' office yesterday asking that a physician be sent to see a woman in Pulaski who was said to be critically ill. According to the informant, efforts had been made to secure several physicians, but all of them were too busy to go to the country. The commissioners sent the county physician.

'Squire Zedaker of New Bedford, who was a witness in a case on trial before Judge James A. Chambers yesterday, hasn't much use for the cold weather, but don't know anything to do about it. He says we've had the longest continued cold spell that he remembers.

From present indications it looks as though prospective legislative candidates are soon going to have to tell how they stand on gasoline taxes. Motordom is becoming aroused over the levies which are being made. In many places taxes amount to almost as much or fully as much as the cost of the gasoline.

Experience has shown that so-called emergency gas taxes soon become permanent.

HERE ARE THE REAL FACTS ABOUT BRAN

Brought Out by Tests with Kellogg's ALL-BRAN

Some years ago, there was considerable difference of opinion regarding the use of bran. So to discover the actual facts of the case, the Kellogg Company asked for a series of laboratory tests at leading universities.

Experimental studies on a group of healthy women showed that the continued use of bran was thoroughly satisfactory. Unlike cathartics, it did not lose its effect.

Other independent tests on men indicated that, with certain people, the "bulk" in bran was more effective than that found in fruits and vegetables.

Laboratory analysis proved that Kellogg's ALL-BRAN supplied vitamin B and iron as well as plenty of bulk. This "bulk" in ALL-BRAN is gentle in action. It absorbs a great deal of moisture, and cleanses the intestinal tract.

ALL-BRAN corrects constipation due to insufficient "bulk." It is the natural way—far better than using pills and tablets. Serve as a cereal — or use in cooking. Sold by all grocers. Made by Kellogg in Battle Creek.

NAVAL NOTES

By M. L. NIXON
Naval Recruiter, Second Floor Federal Building

About 11 years ago, Atlantic shipping was for months endangered by the erratic behaviour of the "Governor Par" a disabled British schooner, abandoned by the crew in mid-ocean. In her hold she carried a fortune in Canadian lumber. Twice steamers put out from Nova Scotia to tow her ashore and salvage her cargo; but each time, after they had boarded her, a sudden storm forced them to abandon the attempt. Months later she appeared off the Azores where again efforts at salvage met with the same defeat. Her final fate, like that of many others, remains a mystery.

The Canal Zone has an area of 553 square miles and a population of about 39,000, one fourth being service men of the U. S. Navy and Army. The line of the Canal runs NW to SE from the Atlantic side, with the Pacific end of the Canal being further East than the Northerly end. The United States holds title to all the land in the zone and none is available for private ownership. An average of 5,000 ships pass through the canal annually.

Nautical Novelties: There is aboard every ship a crow's nest, but with none of the feathered species therein; it is a sheltered place high on the forward mast for the lookout to stand his turn.

Some ships have a manger but it has never known the trod of horses hoofs; it being the forward section of a ship, where the water, after coming over the bow, drains off without getting the entire length of the ship wet.

CHECKING UP ON HOUSEWORK TIME

(International News Service)

ABINGTON, Pa. Feb. 21—How to make homework easier was the purpose of special periods held at the opening of the new semester in Abington high school. Students were taken to the library and instructed on the most efficient methods of historical research in one typical phase on the plan. Other classes prepared special assignments under the direction of the instructor in an attempt to find the time necessary for each homework lesson.

Public Enemies No Longer Find Haven In Chicago Hideout

(International News Service)

CHICAGO—Murray Humphreys, successor to Alphonse ("Alcatraz Al") Capone as Public Enemy No. 1 in the days before the rule of John Dillinger, is a free man.

So sallow as to resemble a ghost, Humphreys filtered through the big gates of Leavenworth federal at Leavenworth, Kas., the other day. If and when he comes to Chicago—if he is not already here—Humphreys will find that things aren't what they used to be.

Most of the boys aren't around any more. Some of them are pushing up daisies in the silent city of the dead, as the saying goes, others are being detained by various governments in jails while still others have "gone straight," also as the saying goes.

Frank ("The Enforcer") Nitti and Ralph Capone, brother of Al, came to Chicago from their Florida retreat for the New Year's celebration, but they didn't tarry long. It isn't like the "heat" that the boys speak of in moments of unguarded comprehension, but Florida is warmer in the winter.

With Nitti and Ralph Capone of course, was Sam Gusik. Sam is something of a lesser light, but he's a good man to have around just in case.

"Machine Gun Jack" McGurn, of course, never comes north in the winter. It interferes wih his golf. And "Golf Bag" Sam Hunt has disappeared. "Golf Bag" Sam used to caddy for McGurn and in those days he carried a machine gun in the golf bag. That's why they call him "Golf Bag" Sam.

Al Capone, of course, is still the government's guest at Alcatraz Island. Time was when Al himself was a great host.

Plenty of the underlings are still on hand, however, and Humphreys may yet get a welcome after his own heart. Murray once controlled bootlegging, cleaning and dyeing, linen supplies, laundries, the milk racket, teamster unions and a dozen other phases of Chicago life. In the pursuance of his reign, he may have stepped on somebody's toes at one time or another and for this reason his welcome may not be all that Murray would have it.

It may be that Murray's freedom is just what some of the boys have waited for. They have waited before.

Treasurer's Bond Controversy Not As Yet Settled

Eagle Indemnity company may not increase the bond for the city treasurer from $30,000, to $100,000 as desired by the city, according to a communication received by the city from the firm of McBride & Shannon, agents.

The letter from the agents, state that the general agents have advised them that from the opinion of the court, as handed down in which a preemptory mandamus was awarded, that the general agents do not see how another bond could be submitted as the court order directs council to approve the $30,000 bond as submitted.

So far no public announcement has been made by city officials as to the reported proposal to appeal the court decision. Mayor Charles E. McGrath in speaking of the order recently, said that insofar as he personally is concerned, he believes that he has done as much as he possibly could to prevent the city paying the premium for the bond and indicated that unless colleagues desired different would let the problem drop.

"Village Smithy" Gets Summons

(International News Service)

PITTSBURGH, Feb. 21.—The last semblance of nearby Elizabeth's "horse and buggy" days passed into oblivion today with the death of Harry P. McClintock, 69, last of the borough's blacksmithing artisans.

McClintock, who was deacon in a Baptist church at Elizabeth, had done only little work at his quaint forge in the past five months due to failing health.

Important Ruling Is Handed Down

Fines Collected By Counties For Liquor Violations Belong To State

(International News Service)

HARRISBURG, Feb. 21.—In a "test case" decision affecting thousands of dollars in county treasuries, the Dauphin county court today ruled that fines collected by the counties for liquor law violations should rightfully go to the state.

Cutter Reaches Distressed Ship

(International News Service)

NEW ORLEANS, La., Feb. 21.—The cutter Kimball, out from Pascagoula, today had successfully reached the distressed steamer Elma and was proceeding toward the mouth of the Mississippi river, the coast guard announced here.

The Elma, under command of Captain Paul Cullison and carrying a crew of 14, had radioed for help late last night.

Hereditary Cancer Purely A Myth, Says Pathologist

(International News Service)

LONDON, Feb. 4.—"It is a common but erroneous belief that cancer is hereditable."

This is the opinion of Dr. Temple Grey, well known London pathologist, as expressed publicly at a Croydon inquest. He added:

"The idea is a pure fantasy—there is not a scrap of scientific evidence for that belief."

Dr. Grey's statement may bring comfort to thousands of Americans haunted by the knowledge that there have been cases of cancer in their families.

Could Miss Bertha L. Cheal, 55-year-old Englishwoman, been given the comfort of those words, she might be alive today. It was over the body of Miss Cheal that the inquest was being held.

Due to certain internal symptoms and knowing that an aunt and uncle had died of cancer, Miss Cheal believed that she was suffering from this implacable disease, her brother, George Cheal, testified at the inquest.

Moreover, the brother said, she had been told at hospitals that she had a tuberculous hip.

So one day Miss Cheal, it was brought out, turned on the gas and died.

Dr. Temple Grey said a post-mortem examination had revealed neither cancer nor tuberculosis. The woman actually was suffering from rheumatoid arthritis, he said.

Then he made the statement denying that people inherit cancer. A verdict of suicide while of unsound mind was recorded in the coroner's records.

THE PARENT PROBLEM

By Garry C. Myers, Ph. D.

PARENTS CAN AID CHILD

Most who write me do so to tell me of some matters which worry them—wife worried over a husband who does not co-operate in bringing up the children; mother worried over an infant who won't eat; or a child or youth who won't co-operate; young person or adult worried about himself or herself.

It's the latter group from whom I get the most soul-baring letters. How eloquently they write, from the very bottom of the heart! And they know that I will not betray their confidences, will not print anything they ask me not to print. Sometimes as I read these letters I almost get down myself and really feel distressed, since I have the misfortune—or fortune, I'm not sure which—to put myself, in my imagination, in my suffering correspondent's place. I trust that those who write me really know that I care. No doubt some gain relief merely through being able to tell about their troubles to one who is sympathetic.

Unusually Appealing

Lately I have had some unusually appealing letters — from a high school teacher who often cries herself to sleep, she says, because she has trouble to keep order in class; from another teacher who graduated at the head of a large class at college, "very unhappy" at her work; from a graduate student who has contributed to educational literature, "so discouraged" with herself; from a girl who graduated from high school with honors and won a scholarship, but lacks the money to go to college, now a house servant, "eating my meals alone in the kitchen"; from several youths who stutter; from several worried over blushing. One boy who said he would rather die than live. Several girls, and two mothers, writing recently on this matter.

All of the foregoing persons wrote also about their loneliness, their discomforts when in social situations, and distress at inability to feel at ease with others of their age. Nearly all write of their lonely childhood experiences. I have yet to hear from a lonely youth or adult who says he or she suddenly became so. Practically all express their longings for companionship.

I have almost come to the conclusion that it is the timid, lonely high school teacher who is most likely to have trouble with discipline. You see, adolescents are not inclined to have high regard for the one whom they easily can intimidate, who lacks self-assertiveness.

Of course, I write all these troubled souls as sympathetically and as hopefully as I can, and I know it is possible for them to effect great self-improvement, though I also know it will be an up-hill job, at best.

Now let me beg of young parents to try so to set the stage that their young children will now, and all through childhood and adolescence, find abundant satisfactions with many other boys and girls their own age. In doing so you will prevent a vast deal of needless human suffering and inefficiency.

Strip Steel Is Produced Here For Wide Usage

Blair Strip Steel Company Started Operations In August, 1924

PLANT INCREASED CAPACITY TWICE

Although not as large as some of the industrial plants in New Castle, the plant of the Blair Strip Steel Company, on the eastern edge of the city, is an important one, and furnishes steel for a variety of uses to the steel trade all over the country.

Their products will be on display at the Industrial Exposition which opens Monday in the rooms of the Lawrence Auto Sales Company.

The Blair Strip Steel Company was incorporated in 1923 as a Pennsylvania corporation. The plant went into operation in August, 1924. The entire production was originally sold direct to the automobile industry.

Financed Locally

In recent years a considerable diversity in the sale of the products has developed. Steel from the Blair Strip Steel Company is now sold in practically all of the eastern and middle western states.

This company was financed chiefly by New Castle individuals and the original plant built to produce about 300 tons per month. Additions to the plant were made in 1928 and 1930 at which time the production reached over 2,000 tons per month.

On October 1, 1930, a very serious fire destroyed part of the property. The entire plant was not rebuilt but production was again resumed in February, 1931.

The original directors of this company consisted of George D. Blair, George D. Blair, Jr., Judge J. Norman Martin, Thurman C. Post and the Honorable George T. Weingartner.

The present directors are George D. Blair, Jr., C. Allan Ingals, Judge J. Norman Martin, Thurman C. Post and the Honorable George T. Weingartner.

COMING To End RUPTURE Troubles

Representatives of Wm. S. Rice, Adams, N. Y., originator of the Rice Method for the self treatment of rupture at home, will be at the Leslie Hotel, New Castle, Pa., Tues., Feb. 25, also at the Standard Hotel, Sharon, Pa., Wed., Feb. 26, to give a personal and free trial of his method to all sufferers who want to end rupture trouble and truss wearing.

No matter how bad the rupture, how long you have had it, or how hard to hold; no matter how many kinds of trusses you have worn, let nothing prevent you from getting this FREE TRIAL. Whether you are tall and thin, short and stout, have a large abdomen, whether you think you are past help or have a rupture as large as your firsts, this marvelous Method will so control and keep it up inside as to surprise you. It will so restore the parts where the rupture comes through that soon you will be as free to work at any occupation as though you had never been ruptured.

The trial will be absolutely complete and thorough without a penny of cost. You owe it to your own personal comfort and safety not to miss the great free demonstration. It is a real opportunity to learn how you may be done with chafing trusses and the danger, suffering and trouble your rupture has caused.

The hours are 9 to 12 a. m., 2 to 5 p. m. and evenings 7 to 9. Remember the dates and place, Leslie Hotel, New Castle, Pa.

Halt Purchase Of Game Lands

Game Commission To Devote More Money To Improving Present Areas

LARGE ACREAGE OWNED BY STATE

HARRISBURG, Feb. 21.—The Board of Game Commissioners have decided to exert greater efforts and expend more money for development and improvement of the sportsmen's 535,067 acres of State game lands.

This policy will necessitate a proportional curtailment of funds for the acquisition of lands. It is believed by the commission that sportsmen of the state are heartily in sympathy with this move, which is based on a desire to improve game lands so that they will become the best possible habitat for a maximum crop of suitable varieties of game.

For fifteen years the Game Commission has conducted an extensive land purchase program, yearly allocating a rather large sum of money for acquisition purposes. The program got under way in 1920. Concerted efforts were made to secure, by purchasing low priced mountainous land, as large an area of good game territory as possible with funds available. Between 1920 and 1927 a total of 92,641 acres were acquired. Then the resident hunting license was increased from $1.25 to $2, the increase of 75 cents being earmarked by law to be used only for the acquisition of lands and the establishment and maintenance of game refuges, including, of course, the maintenance of all lands purchased. Now 481,067 acres have been purchased and 54,000 additional acres are under option to purchase.

The board continued its efforts to acquire as large an acreage as possible with increased funds made available. Since the cheaper variety of lands usually support a larger crop of game, the board continued the policy of accepting that type.

Old Farms Purchased

As the land purchase program developed it became apparent that at least a fair proportion of money available should be used to acquire old farms as they better support small game species not adaptable to woodland and brush areas. The board then resolved to acquire some of these old farms. The principal difficulty encountered was in securing areas sufficiently large to make them of any practical value to any great number of hunters. Farms of about 100 acres were available but it is seldom possible to secure 500 acres or more in a contiguous area at reasonable prices.

Even if a larger proportion of funds were not allotted for special improvement purposes, the land purchase program would be reduced from year to year since the larger the acreage acquired the greater the expense for ordinary maintenance.

Plans for further developing and improving game lands are now being formulated. It is expected that additional roads will be constructed over certain of the larger blocks of land to protect them from forest fires. However, only roads of strategic importance for this purpose are contemplated. Where cleared areas, as old farms, are available or can be developed at not too great an expense they will be prepared for cultivation and planted with grains, grasses, etc., to provide food especially suitabl. for small game species. In woodland areas, a certain amount of improvement cutting will be conducted to permit sunlight to reach the first floor for production of sprout growth which will furnish browse for deer, and also berry bearing shrubs which will furnish food for all woodland game species.

Badminton 'Open' To Be Played Here

Plans Being Made For State Tournament In City In March

With practically no warning whatever, New Castle may find itself acting as host to the Pennsylvania Badminton Open sometime in March. To a large percentage of the vox popul, the name Badminton suggests a cigar, a mixed drink, or one of the battle sites in Ethiopia.

Actually it is neither one of these. It's a game and before breaking down and divulging anything further, you might just as well get the pronunciation straight. You pronounce it as though it were spelled "Bamminton." You see, the "D" is practically useless, but skip that.

Here in New Castle a Badminton club has been operating for several years. The club is headed by Browne Zahnizer and twice a week matches are played. The game is something like indoor tennis, but is played with a cork ball into which feathers are stuck. The game follows the old English game of battledore and shuttlecock and was named for the Duke of Beaufort's seat at Gloucester.

But about the Pennsylvania Open. Since the inauguration of the game here the local Badminton players have been taking part in matches in Pittsburgh, Erie and Cleveland. Some of them were recently entered in the national at Cleveland and a number of the national stars promised to compete in New Castle if the Pennsylvania Open were staged here.

A little work will be necessary to bring the event to New Castle, but it will attack many players and spectators. An effort will be made by the members of the local Badminton group to cinch the open for New Castle within the next two weeks.

As for the game itself it looks like a grown-up game of ping-pong. Actually it is plenty tough and playing it is something of a combination of tennis, basketball, hundred yard dashing and duck-on-davy. It requires plenty of stamina and speed and is rapidly developing into a popular game over the United States.

'Prof. Dodds' Is Everything Else In Cuban Papers

(International News Service)

HAVANNA, Feb. 21.—Local newspapers have no difficulty with such North American names as Dizzy Dean, Joe Louis or Lou Little, but when the government invited Dr. Harry Willis Dodds, president of Princeton University, to arbitrate its election difficulties, every important paper in Havana was thrown for a loss.

The English language paper Havana Post listed the distinguished educator as Harold Willis Dobbs, as did El Mundo.

Headlines in the veteran El Pais hailed him as Professor "Podds" but it was "Poods" in the text of the story.

The century-old Diario de la Marina furnished the paternal touch by listing him as Harold Willis Dadds.

An eight-column black streamer in the penny afternooner El Crisol (The Crucible) shouted that "Doods" was coming but by some alchemy, later in the story, it became Harold Dillis Dobbs.

First honors went without question to another penny afternoon paper, Alerta (Watchword) which informed the public with dignity that the government had invited the president of the University of Princeton, Senor Harry Willis Dodos.

Rumor Taylor And Baldwin May Drop Out

(International News Service)

HARRISBURG, Feb. 21.—Capitulation of state leaders to demands of revolting Republicans in western Pennsylvania, with the possible withdrawal of both State Chairman M. Harvey Taylor and Auditor General Frank E. Baldwin from the party slate, was freely rumored in capitol circles here today.

The opinion that the protesting western element of the G. O. P. might be conceded representation on the state ticket was strengthened by the appearance of E. Arthur Sweeney, Greensburg newspaper publisher, as a possible candidate for the nomination of auditor general, also sought by Taylor and Otto F. Messner, of Lancaster.

"Covers" Dad's Death

Billy Field

Dashing to the scene of a fire in Uniontown, Pa., Billy Field above, high school senior and cub reporter, continued to cover the story for a newspaper even though his father Earl Field, 42, had perished in the blaze. On the verge of a collapse the youth brought the facts to the newspaper office, before returning home to comfort his aged grandmother, mother of the victim.

Dr. J. K. Pollock Will Lecture

Westminster Students To Hear Addresses On Forms Of Government

(Special To The News)

NEW WILMINGTON, Feb. 21—Because of an increasing interest in European forms of government, fascism, Hitlerism, and communism, Westminster College will bring to its campus Professor James K. Pollock, University of Michigan, February 28, for two lectures before the student body.

Professor Pollock has been in the political science department of Michigan for the past 15 years, where he teaches courses in political parties and electoral problems. His special interests have been in British political institutions and in comparative political problems of the United States, Great Britain, and continental Europe.

At the morning chapel, Professor Pollock will speak on "Government in a Changing Order" and during the afternoon on the subject, "New Experiments in Social Science."

Professor Pollock is a former resident of New Castle.

Thomas To Leave For Naval Service

Will Begin Course In U. S. Naval Hospital At Portsmouth, Va.

Tonight, Alfred R. Thomas, who has been residing at the home of Mrs. Maude Jones, 1030 Maryland avenue, will leave New Castle for the naval operating base located at Norfolk, Va. From there he will be transferred to the United States naval hospital at Portsmouth, Va., where he will begin a four months' course as a member of the hospital corps.

Thomas has been on leave to New Castle for the past 13 days, prior to which time he graduated with platoon 59 from a three months' naval training course at Norfolk, Va. He also states that his next leave will probably be during the month of August. He is a former resident of Chicago, Ill., but visited New Castle quite frequently and moved here about one year ago. He is the son of Mrs. Elizabeth Thomas of Chicago.

Measure Timber Yields Of Forests

HARRISBURG, Feb. 13.—Asserting that the State Forest of Pennsylvania should be conducted as any other well regulated business, Secretary Thomas C. Buchanan, of the Department of Forests and Waters, today announced that a project has been started to determine how much wood each species grows on the state forests each year in order to regulate the amount cut.

The result of this project will form the foundation of a working plan for each state forest which will insure the continuity of development through the years.

Hold Miner For Threat Letters

Man Wrote To President, Ford, Morgan And To Governor And Mrs. Earle

(International News Service)

UNIONTOWN, Pa., Feb. 21—A smock miner who said denial of his request for compensation in a mine injury had engendered hatred within him for all "higher-ups" was in the hands of federal authorities today following his arrest on charges of writing threatening letters to President Roosevelt.

The prisoner, John Gondos, 54, police said, also admitted sending threats to Governor and Mrs. Geo. T. Earle, Henry Ford and J. Pierpont Morgan.

Examining physicians, according to authorities, reported their diagnosis showed Gondos was sane but that he had communistic tendencies.

A congressional movement to tax excess profits of corporations instead of their incomes is gaining in popularity.

'Bootleg' Miners Ordered To Halt

Fear For Safety Of Other Miners Working Beneath "Bootleg" Mines

(International News Service)

SUNBURY, Pa., Feb. 21.—Half a hundred unhired miners who ignored commonwealth warnings were under court order today to halt surface mining said by the Department of Mines to be endangering the lives of workers in the Cameron colliery of the Stevens Coal Company near Shamokin.

Judge Charles K. Morganroth, of Northumberland county, granted the state a temporary injunction restraining Lester Kobel "and others" from mining coal on the site and fixed February 25 as the date for arguments on the issue.

Deputy Attorney General F. Willis Daniels hastened to point out the "bootleg" coal question was not directly involved. Although the defendants were conducting so-called "bootleg" operations, it was contended the action was taken as a safety measure to protect men working beneath the independent miners.

If Mount Everest were placed in the deepest pit of the Pacific, its summit, five and one-half miles high, would be submerged more than half a mile.

Doctors Protest Unfair Hearing

Two Coast Doctors Claim Impartial Hearing In Sterilization Case

(International News Service)

SAN FRANCISCO, Feb. 21.—Defense attorneys for two prominent San Francisco physicians, Drs. Tilton S. Tillman and Dr. Samuel G. Boyd, who must stand trial on charges of conspiracy to commit Mayhem in the bizarre Ann Cooper Hewitt sterilization case, today were preparing appeals to the state supreme court.

The attorneys believe Drs. Tillman and Boyd were not given an impartial and fair preliminary hearing which they claim was illegal because base on a complaint signed by a police inspector instead of the 21-year-old heiress.

Lawrence County Farms And Farmers

By H. R. McCulloch, County Agent

USE HIGH QUALITY SEED TO PRODUCE GOOD CROPS

Pure, vigorous, and well-chosen seed is fundamental to success with any crop. Too often the farmer figures closely on the cost of the seed and fails to realize what a relatively small item of farm expense it is and how much depends on his good judgment in the matter.

Most cheap seed is poor seed for some reason; otherwise, it would not be cheap. Most of our bad weeds reached our farms in purchased seed of some sort. Many of them will always be with us. The amount of seed sown is less important than its purity and hardiness. Two quarts of clover per acre in favorable seasons often give an adequate stand. It is better to sow good seed at a limited rate than poor, cheap seed much more heavily.

The source of red clover and alfalfa seed has much to do with its winter hardiness. The best adapted red clover seed is that grown nearby. Home raised clover seed seldom fails to produce a thrifty crop. The next best clover seed seems to be from neary-by states, Ohio, Indiana, or Michigan. Seed from Washington, Oregon, and other far western states has proved uncertain and should be avoided. Most of the imported seed is undesirable and is stained red or green as a warming and to protect the purchaser.

J. B. R. Dickey, extension agronomist of Pennsylvania State College, says that for the northern and western counties of Pennsylvania, one should insist on Hardy Northwestern alfalfa or one of the Varigated Varieties, such as Grimm, Canadian, or Ontario Varigated.

The source, of alsike, sweet clover, and timothy does not seem to make much difference, but their purity and germination should be watched.

Western oats, and that generally handled by seedsmen, while of excellent weight and appearance, is seldom as satisfactory as the smaller grained local sorts, such as Cornellian, Patterson, Keystone and Ithacan. In sowing these varieties, 8 or 10 pecks to the acre are as much as one should use.

Smooth-awned spring barleys are good yielders and not so disagreeable to handle as the old-fashioned kinds. Wisconsin 38 seems the best of the smooth-awned varieties, with Velvet and Comfort tied for second place. While barley is less reliable than oats on land not in good fertility, the old, two rowed, rough-beared Alpha barley is the surest variety where soil and season are not too favorable. Alpha is also the best barley to sow mixed with oats to produce a heavier feed than oats alone.

NEW TOMATO VARIETIES AVAILABLE TO GROWERS

Plant breeders are still looking for a perfect tomato. No such variety has been found to date, but there are several quite satisfactory varieties available.

A few new selections are on the market this year. To obtain an early tomato that is nearly round and fairly solid, Scarlet Dawn and Grothen have been added to the seasonal group which includes Pritchard, Bonny Best and John Baer.

Scarlet Dawn is shaped much like the Marglobe. Both the Scarlet Dawn and Grothen have good exterior color but the former has better interior color. Grothen is the largest tomato in its seasonal group.

Rutgers is much like Marglobe but matures slightly later and has a more vigorous, higher yielding plant.

Glovel is a new pink tomato, otherwise much like the Marglobe. The fruits are said to be more uniform in size than Globe or Gulf State Market.

Earliness in tomatoes is obtained not only by proper selection of varieties but also by careful plant-growing methods.

These methods include sowing the seed under glass in March and transplanting in pots or 4 to 6 inches apart in a hotbed in April. This practice will produce stocky plants 8 to 12 inches tall and with large fibrous root systems ready to set in the field by the middle of May.

A properly hardened tomato plant will have a purplish stem and a green top free from disease and insect injuries.

Tomato plants which have been held back or checked in growth so severely that they turn yellow usually never recover. They should, however, be adjusted to the mild weather of late May by gradually exposing them to the outdoor conditions.

EWES NEED EXERCISE AND GOOD FEED NOW

Deep snow prevents the ewe flock from getting some much needed exercise in the outdoor lots. Without exercise, the ewes will produce weak lambs which eventually will mean a small lamb crop.

Successful sheepmen who miss no opportunities of giving their flocks every possible chance to make good are battling the snow drifts, too. Many are scattering some roughage, such as hay or corn fodder on the snow. This forces the ewes to take exercise that they otherwise would avoid.

The better sheepmen have planned a feeding schedule so that they can feed a good legume hay, such as clover or alfalfa, at this time. This insures a good milk flow and a larger percentage of lambs raised.

If legume hay is not available, the deficiency can be met by feeding a protein supplement, such as bran or oil meal, in the grain ration.

A good grain ration to be fed with legume hay to the breeding flock at this time consists of 300 pounds oats, 100 pounds shelled corn and 50 pounds of bran. If good legume hay is not available, then the grain ration should be composed of 300 pounds oats, 100 pounds shelled corn, 100 pounds bran and 50 pounds oil meal or soy bean meal.

The amount to feed each ewe per day will depend on the condition of the flock which will range usually from one-half to one pound per day.

The above are suggested sheep management practices as made in a recent circular letter to sheepmen in Lawrence county. Any sheepmen who did not receive one of these letters may have their name added to the list by notifying the Agricultural Extension office, 206 post office building, New Castle.

THIS IS THE SEASON FOR PRINT DRESSES

It is time for a new dress—a gay colorful print. This will bring a touch of spring to the winter wardrobe. Later, then coats can be discarded, and with one's spring hat and accessories, it will be the basis for an entirely new costume. In fact, a print dress can be worn the year round, says Miss Mary Vogle, county home economics extension representative.

It is at this season that prints make their first appearance. Each year they blossom in new designs (this year tiny animal motifs are new) and each year designs include large or small flowers, geometric designs, or paisley effects. Variations of the dot or check make an annual appearance.

Backgrounds in white or light colors are nice for hot weather or evening dresses, while black or dark colors are for more practical general wear. In any case the flower colors are bright ad gay.

Designers, ever eager for new ideas, offered a prize this year for the best designs submitted by high school textile students. Eight manufacturers chose 12 of the best designs to be made up in pure dye silk. These are now being sold in the leading department stores.

In choosing a print, the average woman is especially mindful of the color and design factor in her choice. She wishes a becoming color, and one which will fit into the color scheme of her present wardrobe, if it is to be worn now with her winter coat. If not, what hat and accessories will she have to wear with it later?

She will choose a print which is flattering in its size of design. If quiet and retiring without striking color combinations in her skin, hair and eyes, she will not choose a large pattern with strong color combinations ,or strong light and dark contrasts, but will leave that for her more active, decisive sister.

Prints combined with plain materials are as popular as last year and very practical. This gives a fine opportunity to add some color to a dark costume, and also for combining new and used materials. A popular use of plain and print is in the redingote dress, a style especially pleasing for the figure inclined to be stout.

Other suggestions for use of print are a blouse, the top of a plain dress, collar and cuffs or scarf collars.

A TEASPOON MAKES GLOOMY DISHES GLEAM AGAIN!

IT'S strange, but true, that you can get two different results from the same soap. Use it alone and you get dishwater gloom. Sprinkle in a teaspoon or two of CLIMALENE and chinaware and glasses sparkle like jewels. All the pristine purity of original surfaces is called back to life again by Climalene.

It softens hard water. Cuts through, expels every trace of grime and grease. And it doesn't fade the color schemes off china . . . it rather renews their brilliancy and beauty . . . and it does it with half the soap and in less than half the time of soap alone!

Use CLIMALENE for the most delicate tasks or for the roughest chores . . . for whiter washes and softer, richer colors . . . in fact, for anything from your finest linens to the linoleum on the kitchen floor. Get Climalene from your grocer today, and you'll be glad tomorrow. He has it in two sizes, the introductory 12 ounce size for 10c, the 2 pound giant package for 25c. The Climalene Co., Canton, Ohio.

10c now buys Bowlene—makes closet bowls sparkling white instantly.

Health Officer Issues Warning

Says Thaw And Flood Condition May Bring Health Menace

Dr. William L. Steen, city health officer, today issued a public health bulletin stating that in case of a sudden thaw with resultant high water, disease may follow unless precautions are observed.

Dr. Steen's bluletin says:

The principal dangers are from:

1. Polluted wells and springs.
2. Filth washed out of privy vaults and cesspools.
3. Muck and mud left by flood waters.

Precautions to be taken are:

1. Boil for twenty minutes all drinking and domestic water secured from wells and springs.
2. Keep this up until the well or spring is cleaned, disinfected, tested, and found to be safe. Upon request the Pennsylvania Department of Health will test such supplies.
3. Pump water out of cellars, clean thoroughly, and scatter chloride of lime liberally over the floor.
4. Disinfect privy vaults and cesspools with chloride of lime or unslaked lime. Apply liberally.
5. Clean up the premises wherever the flood water has reached."

COLLAR BUTTONS CAUSE NO CONCERN

COLUMBUS, O., Feb. 21.—Some years ago, many years before he became Governor Davey's director of finance, M. Ray Allison lost a collar button as he was dressing for an important function.

The vain search for the bounding button delayed Allison's arrival at the function by some 45 minutes.

Recently, following a conference with a number of state official's in his office, Allison felt the back of his collar hunch high into the hairline.

Did Allison get down on his hands and knees to look for the missing gadget?

He did not!

He reached into his desk drawer, picked up a card upon which there was attached two dozen collar buttons, tore off one and adjusted his collars.

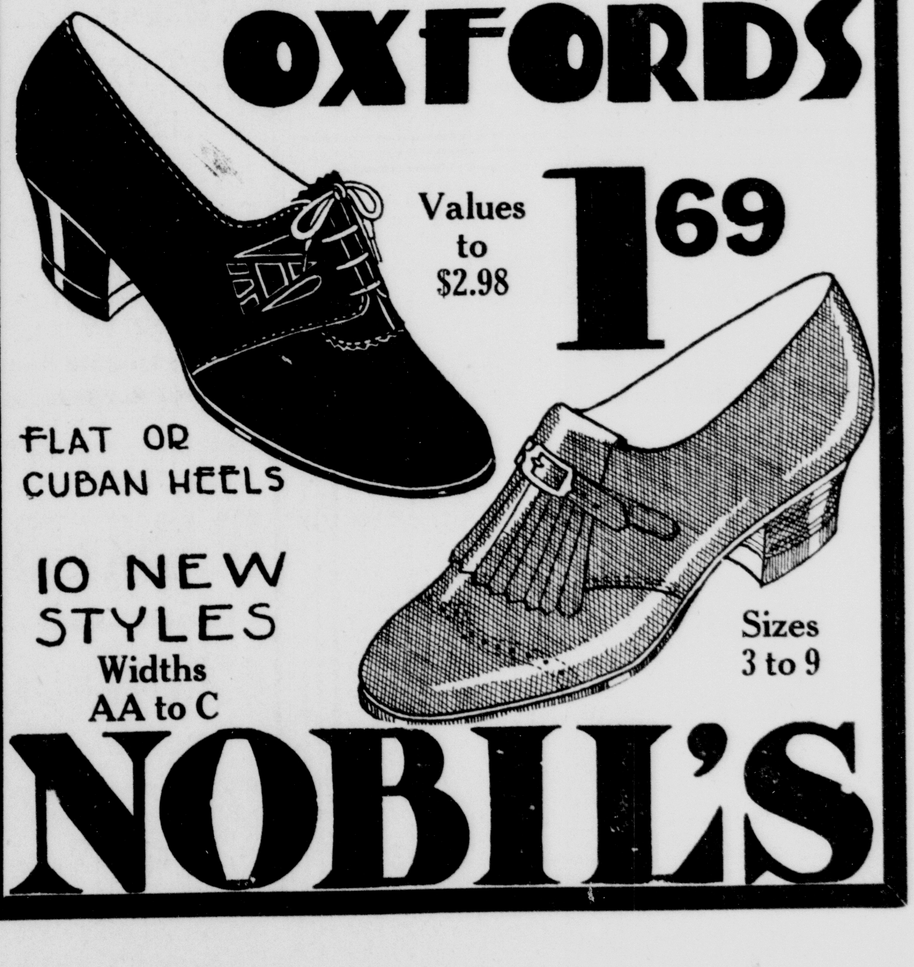

"These," he said, "are my spares. "I've kept 'em on hand ever since I lost that button several years ago. Have one?"

DECEMBER COLD AND DRY MONTH

HARRISBURG, Feb. 21.—The precipitation in Pennsylvania during the past month averaged about one inch below normal, and the temperature was four degrees below the monthly mean, according to the bureau of waters, Department of Forests and Waters.

The greatest deficiency in precipitation occurred in the eastern section of the state, and the temperatures were lowest in the northern and western sections, department records reveal.

NEED INSPECTOR OF THERMOMETERS

(International News Service)

GREENSBURG, Pa., Feb. 21 — There seems to be some question as to just how cold it did get here during the month of January.

The official temperature on the Westmoreland Water company thermometer indicated 14 below to be the bottom cold for the month. Doubts as to the accuracy arose however when the high point for the month was read at 57 degrees. No one can recall such intense heat during January.

SEPARATING THE NATIONS

The people who believe God and the Bible have for centuries expected the day to come when all nations will be separated into two distinct divisions, one of which divisions will die and the other division survive and live. The proof is now certain that such separation work has begun. The great crisis is here. The people must be warned! What are the reasons for such separation? What power is doing the separating work? Does the separation involve religion, commerce and politics and the people in general? What must the people of good will do in order to be on the safe side?

"People Before Property"

"Brass Tacks" On The Sunday School Lesson

The Golden Text

Luke 16:13—"No servant can serve two masters: for either he will hate the one, and love the other; or else he will hold to one, and despise the other. Ye cannot serve God and mammon."

(The International Uniform Lesson on the above topic for Feb. 23, is Luke 8: 1-56, especially 26-37, the Golden Text being Luke 16:13, "No servant can serve two masters; for either he will hate the one and love the other, or else he will hold to one and despise the other. Ye cannot serve God and mammon.")

By DR. ALVIN E. BELL

ALL THAT Jesus said regarding the relative value of property and life has a direct bearing on this lesson: "What doth it profit a man to gain the whole world and forfeit his life?" "Take heed, and keep yourselves from all covetousness: for a man's life consisteth not in the abundance of the things which he possesseth."

The First Ladies' Aid Society

The first "Ladies' Aid Society" on record in the Christian church enrolled such names as Mary Magdalene, Joanna and Susanna, of whom we read in this chapter as "certain women who had been healed of evil spirits and infirmities, who ministered unto them of their substance." These women knew that they had been enriched by Christ in things that money could not buy, and they showed their gratitude by putting their substance at Christ's disposal to enable him to extend those blessing to others.

Human Misery and Property

Jesus' healing of the Gerasene demoniac, which resulted indirectly in the loss of a herd of swine, represents his estimates of the relative value of men and hogs or any other type of property. Here was a wild man suffering intollerable misery of body, mind and soul, to whom there could be nothing worth while in life and who besides was a social menace to the community. Out of him Jesus cast a legion of evil spirits. These demons seeing God incarnate in Jesus, desire to incarnate themselves, if not in human, then in swine flesh, to which Jesus acceded for the moment required to rush them to destruction as they plunged into the sea. If it be asked why Jesus permitted this destruction of property let it be remembered that swine raising was to those people an illicit traffic forbidden by their laws. Despite this, Christ's action aroused great indignation in the community.

Hogs Versus Men

"They went out to see what had come to pass and they come to Jesus and found the man, from whom the demons were gone out, sitting clothed and in his right mind, at the feet of Jesus: and they that saw it told them how he that was possessed with demons was made whole. And all the people of the country of the Gerasenes round about asked him to depart from them." A man was saved but some hogs had been lost, and the community was so hog-minded and hog-blinded it could not see the man "clothed and in his right mind." So they ordered Christ to leave their community. To them our Lord represented a menace because he put men above their illicit hog business.

Property vs. Life and Health

The relative value of life and death as compared with property is illustrated in the healing of the woman who touched the hem of Christ's garment and in the raising to life of the daughter of Jairus. The woman had spent all her wealth in a vain search for health only to find it through faith in Christ. Likewise Jairus believed Christ and death turned to life in his child. Money could buy neither health nor life. These came as Christ's blessings upon faith. Why, then, belittle faith and magnify something infinitely inferior into an "almighty dollar?"

My New York

By James Aswell

(Copyright, 1936, by Central Press Assn.)

NEW YORK, Feb. 21.—The State of the Nation: For the fun of it, I have been running through a couple of months' accumulation of mail (most of it answered, believe it or not) and I have dug out some facts about the enthusiasms of readers which may interest you. . . . The straw poll and the wetting of thumbs to determine which way the wind of popular thought bloweth is a new journalistic pastime now, anyhow, so I offer my modest collation:

Those who peruse this chatter in the State of Ohio are of a literary turn. . . . They ask for news of books and authors, confess to scribbling ambitions and seek the names of agents. . . . Their letters are of a scholarly turn and often tell me facts about Manhattan I had never dreamed. . . . In Maine the interest runs to food and menus, while in Massachusetts there is much absorption in politics and many a missive contains a stinging quip or two about tax-complexed politicoes. . . .

California customers wish data on the theater and even about certain ether spielers. . . The movies, perhaps too much with them, are seldom mentioned in the pleasant letters of these folk. . . . New York State column friends—I proceed at random through the tabulations—are much engrossed in the oldtime personalities of the Island East of the Hudson and always react in warmth and number when these notes mention figures like Diamond Jim Brady, Bet-a-Million Gates, Lillian Russell and Boss Tweed. . . .

New Jersey, in the count, emerges as a State with a practical turn of mind. . . . Citizens generous enough to write this reporter point out omissions of fact and figure and ask for quotations on a good time in the theaters, restaurants and amusement salons in general. . . . Gayety with a sensible practicality. . . . On the other hand readers in the far northwest, Washington and the Dakotas, impress me with sharp wit and a generosity to recount good ones they have heard.

The deep South (for which I have an understandable sympathy for it was down there I was born) would appear, from the average of the screeds on my desk, to be much absorbed in music. . . . Hot, sweet, jazz and classical. . . . The opera, too, appeals to subscribers to papers which run this column in Tennessee, Florida and Texas. . . . Although it is true that I have had five letters recently from San Antonio devoted to discussion of movie performers and their offstage glamor or lack of it. . . .

West Virginia and Virginia are varied, but if any single note stands out in correspondence from these regions it is an interest in national figures and international affairs. . . . The letter discussing the new King of England or the various rumors about the Lindberghs abroad is more likely than not to bear a postmark from one of those States. . . . Wisconsin readers bring me in touch with the younger generation, for which I am grateful; many university students write me from the University of Wisconsin and other schools thereabout. . . .

Connecticut and Indiana readers are often much interested in the weather. . . . Great blizzards and sizzling heat waves appeal to them, unless my poll is in error; and, though far separated on the map these states display an amazing familiarity on the part of column-reading citizens with the history and physical attributes of the City of New York. . . . Pennsylvania readers, like those of Maine, are cookery experts—and I could go for a serving of scrapple and syrup right now. . . . Indeed, since I am short of space to mention all the state leanings I easily might, I think I'll hop down to the corner hashery and ask if the chef knows the difference between baked apple and simple scrapple.

SENIOR HIGH SCHOOL NEWS

(Material Gathered and Edited by Student Reporters)

MAJOR FOSTER SPEAKS

Major Arthur B. Foster, this city, spoke before the students of Senior High on, "The Need for National Defense," at an assembly on Thursday morning.

The talk was appropriate to National Defense Week, now being observed.

CLYDE BREST CHOSEN

The Senior B Class held an election Friday, February 14, in order to choose their officers for this semester. The new officers are: Clyde Brest, president; George Varga, vice president; Paul Rumbaugh, secretary and Tom Twaddle, treasurer.

HI-Y CLUB SESSION

Monday, February 17, the Hi-Y club met in the assembly of the Y. M. C. A. building. Henry McNicholas activity secretary of the Y. M. C. A. took charge of the devotional period. The entire club joined in the discussion of the topic, "Loyalty." After the discussion the devotionals were closed by a prayer from the leader.

Five new members were inducted into the club. They were Curtis Fritz, Joe Gill, Mike Ward, Bob McNeil and Jack Higgins. These new members will be initiated at the "Poverty Party" to be held Monday, February 24 in the banquet room of the Y. M. C. A. After the induction of the new members the meeting was closed with the usual "Friendship Circle."

INSPECTION SQUAD MEETS

Thursday after school the members of the inspection squad met with Mr. McKenzie in Study IV. New officers for the semester were elected. They were: Ben Jenkins, captain; Evelyn Lockhart and Dave Rowland, lieutenants and Velma Pratt, secretary. This squad will meet every other Tuesday to discuss conditions about the school

BOOKS ARE RECOMMENDED

If it's a good book you're looking for, go to the library and see the new feature which has been placed there for your use and convenience. The title of this feature is "We Recommend" and sonsists of a poster on which is placed the cover from the book; below this is a short description of the book.

These recommendations are made by the students themselves for the benefit of other students.

The descriptions of the books will be filed and kept by Miss Westlake for future convenience of those students who wish to read the book later.

A different poster will be exhibited every day or two.

INTEREST GROUPS MEET

Interest groups were in order last Monday evening when the Girl Reserves met in the Y. W. C. A. After a short business meeting in charge of Peggy England, the girls divided into the various interest groups which they had chosen.

A new interest group, art, in charge of Miss Turk, has been formed. Miss Evelyn Swanson has taken Miss McGeorge's place as leader of the Dramatic group. Besides these two, knitting is again in charge of Mrs. Shaeffer and Miss Popp, and basketball is supervised by Misses Ann Chill and Ann Hensley.

Counterfeiting Ring Operates Within Prison

Plot Is Nipped At San Quentin, Many Counterfeit Bills Passed Out

(International News Service)

SAN QUENTIN PRISON, Cal., Feb. 21.—A counterfeiting ring of convicts who operated in San Quentin's photo engraving department where they were assigned work—a plot even a bit fantastic for a novelist—was the subject of inquiry today by the state prison board of directors.

Members of the board revealed startling details of the counterfeiting of $12,000 worth of fake $10 bills in the engraving shop as they prepared to resume their probe.

Jack Lewis, Los Angeles robber, who engineered the counterfeiting plot, was sent back to the dungeon today after being grilled for more than three hours when he appeared before the board yesterday.

Lewis told the directors the bills were carried out of the prison by an unwitting agent—a salesman of photo-engraving supplies.

He declared the salesman was unaware three separate batches of bills, contained in envelopes, were the medium by which the counterfeit money was circulated on the Pacific coast.

Students Depart From Grove City

Suspended Students Go To Homes After College Action On Hazing

(Special To The News)

GROVE CITY, Pa., Feb. 21.—Obeying an order to "get out of town", fifteen of the seventeen expelled students of Grove City college have left for their homes. The other two are residents of Grove City and are barred from the college campus.

The expulsion came about as the result of hazing conducted by members of the Pan-Sophic club, oldest fraternity on the campus.

The suspended members of the fraternity are: James Ashcom, of New Wilmington, president; Robert Beswick, of McKeesport, vice president; James McMillan, of Evans City, secretary-treasurer; Paul Dunn, of Dormont; John Dean, of Northside, Pittsburgh; Bevan Lawson, of New York; George Myes, George Fezall, of Beaver; John Olloman, of Saline, O.; Robert Sheraw, of Altoona; Jack Kellerman, of Cresson; Fred Pickens, of Marionville; Fred Kiehl, of Williamsport; Mark Graham and Dick Fithian, of Grove City; Fred Robb, of Oakdale, and Abby Southwick, of Smethport.

Graham is the son of M. W. Graham, a trustee of the school, and Fithian is a nephew of Dr. E. J. Fithian, another trustee.

The fraternity, a social organization, has 25 members. Most of the members, including those expelled, are on the basket ball, football and track teams.

Start 3,000 Taxi Cabs Thru Today

Downtown Sees 100 Bound For New York; Kept Here Overnight

There was an unofficial "parade" downtown today—there were 100 glistening taxi cabs, the very last word in taxi comfort, in it!

The 100 sparkling, speedy cabs were the first of the 3,000 which will pass through New Castle enroute to New York from the Checker Cab Manufacturing company at Kalamazoo, Mich. On Monday night there should be 75 to 100 more.

Identical in every way, the cabs are being stored at night in spacious parking garage of the Lawrence Auto Sales company, on South Mercer street, and the 100 men who man them spend the night here.

Within a few days the fleet that was driven through this morning will be whisking New Yorkers over the streets of that metropolis.

The cabs cover about 400 miles a day enroute east.

Wine Denies Owing $2000 To Goldberg

Says Money Paid By Executor Was Wedding Present Promised His Wife

The case of Louis Goldberg, of Sharon, executor in the estate of the late Ben Goldberg, of this city, against Louis Wine, is on trial before Judge James ... Chambers in county court today. Goldberg is seeking to recover $2,000 which he claims that he loaned Wine out of the estate funds. Evidence of the payment of the money was shown by four checks drawn on the McDowell National Bank of Sharon, two in the sum of $200 each, one for $300, and a fourth for $1,300.

Wine denies that he is indebted to Goldberg in the sum of $2,000, or that any demand has ever been made upon him to pay it. He says that he was married to Dora Goldberg, a sister of Ben Goldberg, deceased, and that the money had been promised by the decedent to his wife for a wedding present, and that the executor was but complying with the decedent's wishes when he sent the checks to him for the $2,000.

So pessimistic were the conventional novelists of last century about marriage that they seldom dared prolong their stories beyond the wedding bells.

Two Of Quadruplets Are Taken By Death

Boy And Girl Members Of Negro Quadruplet Family Are Dead

(International News Service)

CHARLESTON, S. C., Feb. 21.—Two of a set of quadruplets, born yesterday to a Negro family 20 miles south of here, died today in a Charleston hospital.

The quadruplets were composed of two boys and two girls. Efforts to save one of the boys and one of the girls failed, but the condition of the other two were reported as "fair" today.

The mother, Sally Glover, is only 30 years old, but the birth of the quadruplets brought the total number of her children to 19, of which only eight survive.

Besides being the mother of quadruplets, she also is the mother of two pairs of twins.

The family lives in a log cabin, and the father is employed as a farm hand.

Pastor Gives Talk At Union Banquet

Hi-Y Holds Second Annual Fathers-Sons Dinner Last Night

"The Relationship of Father and Son" was the appropriate topic the Rev. D. L. Ferguson, pastor of Highland U. P. church, discussed in his address last night at the second annual fathers' and sons' banquet of the Hi-Y club of Union township high school at Union high.

The program was enjoyed by 175 fathers and sons.

The toastmaster was J. Rudesill and the song leader was R. E. Johns. Dancing girls of Mary 'Elizabeth Uber entertained the group.

Mothers of the Hi-Y boys served the dinner, a full steak banquet course.

A group of prizes were presented, among them one to Mr. Kegarise, father of eight Hi-Y boys.

Officers Reserve Hold Court Martial

Interesting Session Is Held In Federal Building On Thursday Night

With a large attendance of reserve officers and a group of non-commissioner officers of Troop F present, a court-martial was held in the officers reserve rooms in the Federal building Thursday night. The trial was not a genuine one of course, but was presented for the purpose of familiarizing the reserve officers with the procedure. Major C. M. Culp, of Pittsburgh was in charge.

Officers to represent and prosecute the accused were drawn from the ranks of the officers reserve as were the court-martial judges. Lieutenant Charles Sankey took the part of an accused private and was defended by Major Arthur B. Foster and Lt. Don E. Eckles. Major W. Fulton Jackson and Lt. Ralph Sepic prosecuted. The court-martial was a part of the training course for officers and was held to be a successful affair.

News Briefs From City Hall

Traffic police today directed out of the city approximately 100 taxicabs which were parked in a local garage last night.

Only one person was arrested last night on charge of drunkenness.

Automobiles operated by Mrs. T. J. Fletcher, Delaware avenue and Mrs. Kenneth Walker, West Clayton street, collided yesterday at Highland and Boyles avenue.

Cranberry was originally craneberry. The fruit is borne on curved stalks which suggest the neck of a crane.

Y.M.C.A. Opens Sex Clinics For Youths To Solve Problems

Psychiatrist Digs Out Solutions Of Worries For Young Men

PITTSBURGH, Pa.—On the theory that sexual maladjustments underlie most cases of martial misunderstanding, the downtown Y. M. C. A. here, in a radical departure from its traditional conservatism, now offers youths free weekly consultations on these intimate problems.

Under the direction of Dr. Dora Hudson Klemer, a psychiatrist, the veil of mystery usually surrounding marital and pre-marital sex relationships has been lifted for young persons, young married couples and those about to be married. Purpose of the consultations, officials of the Y. M. C. A. explained is to bring those interested a better and deepened understanding of sex problems.

In announcing its new service, the Y. M. C. A. issued a statement reading in part:

"When two sensible people face the prospect of marriage, their hearts may be thrilled but sober reflection helps them to see that there are a myriad of questions to which they have no certain answers."

A spokesman for the institution explained further:

"The Y. M. C. A. is hereby inviting discussion on such subjects as sex relationship, birth control and other marriage problems which still are taboo in most churches. Experience with young men has shown the 'Y' that there is as much (if not more) need for good reliable advice on these subjects as others which can be more openly treated.

"Sound advice certainly should be more conducive to solution of marriage problems, than random hints which the troubled young man or woman is able to pick up in other ways, the "Y" believes."

In announcing her plans for the new service, Dr. Klemer said:

"The Y. M. C. A. from its beginning has regarded it as one of its important functions to give counsel to young people about personal problems.

"Every day young folks come to secretaries and laymen to discuss a great variety of matters dealing with the whole range of their concerns. The more common of these deals with getting a job, earning a living, finding a satisfactory place in a social group, religion education finances and relationship to the other sex.

"The present efforts to do counseling work in the field of marriage is simply an attempt to organize the work on the best basis which now seems possible."

In order to ward off mere "amusement seekers," the consultations are private and by appointment.

SIMPLE REMEDY FOR BITES

If one of the children comes rushing in, having been bitten by an insect such as a mosquito, bee, yellow jacket, apply ammonia water and later on bathe with cloths that have been soaked in cold water. Rubbing alcohol will help in poison ivy cases, and if you live near the beach the salt water will aid more than anything.

Tour Of Thermometers Shows Wide Variance In Local Temperature

King Winter, who has been striking a violent blow these days pushed the old valve down again yesterday afternoon, around around he went and stopped anywhere from 25 above to almost zero, a survey of thermometers throughout the city revealed.

Between the hours of 2 and 3, a New Castle News man took time out, snooped in where ever he saw a "mercury gadget", and before he was finished he was dizzy looking at thermometers. Starting off in front of The News, the weather was 21 up; on the corner of Mercer and North it was getting colder, so the thermometer said. It was 12 above at this point.

Up in the North Hill, on Fairmont avenue, it was just 18 degrees above. Down the hill again on North Mill, two thermometers registered 18 and 14 above, respectively. Across the Mill street bridge, it was 14 above. An old time thermometer on Water street read 18 at one point; across the street it was 14. On the corner of East and Washington, it was getting warmer, 21 above. Along East Washington street, one thermometer read 25 above another 14 above and another 6 above.

The West Side reading on three thermometers were: 16 above, 8 above and 23 above. The South Side thermometers sent the writer daffy. On South Mill and East Long, it was 11 above and just a few doors down, one thermometer read 6 above. Another was broken. On the viaduct the thermometer read 5 above and about two blocks up it was near "zero". Here's were the news hound said, "What's the use" and "Who cares," and called it a day.

Children Cause Fire In Bedroom

Error In Sending In Alarm Cause Fire Departments To Flock To Scene

Fire, caused by children playing with matches, caused a $25 fire in a bedroom at the home of Sam Dambrosi, 1119½ Agnew street, on Thursday afternoon at 2:45.

In the excitement over the fire, several alarms were sounded from a nearby box, causing all the departments except Seventh Ward to be called into action, and a large crowd gathered, thinking a big conflagration was in progress.

WOMAN IS FOURTH VICTIM OF CRASH

BUTLER, Pa., Feb. 21.—Death claimed its fourth victim in the crash in Barberton, O., on October 6, 1935, when Mrs. Sybil Hardley Fisher, 79, dropped dead at the home of her son, Abel Fisher, 129 East Wayne street, today. Death was the result of injuries suffered in the crash, it was stated.

Mrs. Fisher fell dead as she walked from the kitchen into the living room of the Fisher home.

"GORED" BY BULL, WOULD GORE OWNER

(International News Service)

PERKIOMENVILLE, Pa., Feb. 21.—William S. Kolb of Bechtelsville filed claim for damages against his employer William Espenshade, Perkiomenville cattle dealer, after one of the latter's prize bulls gored him.

In compensation court here, Kolb said the animal attacked him as he led it from a stable, but was driven off after inflicting serious injuries. An insurance company disclaimed liability in the case.

THIS MELTING POT MAY NEED STIRRING

(International News Service)

PITTSBURGH, Feb. 21.—Claiming 27 countries as their birthplaces and foreign-born parents representing 40 nations, a group of university of Pittsburgh students have formed an organization known as the Inter-cultural associates.

The associates with a common point of agreement that there is only one race—humanity—has as its purpose the promotion of appreciation and understanding of racial and national cultures and the encouragement of inter-cultural friendships.

Young Blood May Pep Up Council

(International News Service)

AMBRIDGE, Pa., Feb. 21—Young blood was inserted into the borough government here recently when Joseph Becek, just three years out of his 'teens and one year out of Notre Dame, became the president of the borough council.

Becek, probably the youngest council president in the entire state, defeated a veteran council member, S. K. Van Horn, in a close contest.

The youthful council president attributes his success in local politics to forensic experience gained as a member of his high school and college debate teams. Becek was class orator at Notre Dame.

Parks Gaining In Popularity

(International News Service)

PITTSBURGH, Feb. 21.—Parks are gaining popularity in Allegheny county and it isn't due entirely to convenient "lover's lanes."

According to a recent report, an all-time record for attendance was set in the county parks during 1935 and the main attractions seem to have been the county fair, the picnic groves and the golf links.

Of the 3,000,000 people to attend the parks in the past year, 1,068,000 visited the fair, 280,641 went for picnic lunches, and 97,735 attended to take advantage of golfing facilities.

CINCINNATI COPS BOAST OF RECORD

(International News Service)

CINCINNATI, O., Feb. 21—If Cincinnati policemen seem to strut a little these days who is to blame them?

The police department's record for 1935 the best in many years has just been announced by the Bureau of Records, and shows that during the year Cincinnati police solved 98 percent of all murders; accounted for the arrest and conviction of 48 percent of all petty thieves, robbers and burglars; obtained arrests and convictions in more than 90 percent of all assault cases brought to their attention; secured convictions in 86 percent of all recorded criminal attack cases; recovered 87 percent of all automobiles stolen during the year and arrested 52 percent of all car "kidnapers."

DEMBROSKI AIDS DISABLED VETERAN

Local friends have received an interesting article and picture from Frank Dembroski, of 2122 Berger street, who is taking care of a disabled veteran in Toledo, O.

The picture shows Clifford Loche, of Toledo, a former member of the 32nd Division, who received a broken back in an automobile accident four years ago, being aided in filing his claim for the government bonus by the traveling bureau of the Veterans of Foreign Wars, of Toledo.

FIREMEN BREAK OUT OF STATION

(International News Service)

SALEM, O., Feb. 21—Salem's 95-year-old city hall is beginning to show signs of age.

Recently, firemen stationed there were unable to open doors to respond to an alarm and only got out by smashing through with the fire truck without further attempts to force the ancient hinges.

HARRISBURG, Feb. 21.—Maintenance offices of the Department of Highways work six months ahead of the calendar. The current snow removal program was worked out last summer while the mercury stood around the 100 mark. Now, with snowdrifts on every side, this office hums with details of next summer's maintenance schedule.

Quarry Stone At Hillsville For Fifty Years

Pittsburgh Limestone Corporation Ends Fiftieth Year Of Operation

ONE OF SIX IN PITTSBURGH AREA

One of the exhibitors at the Industrial Exposition which opens in the rooms of the Lawrence Auto Sales Company on South Mercer street Monday, will be the Pittsburgh Limestone Corporation, whose operations at Hillsville is the major industry in that locality.

The Hillsville quarry of the Pittsburgh Limestone Corporation, one of the largest quarries in Pennsylvania, has just completed its fiftieth year as a producer of limestone. In 1886 this quarry, which is located about ten miles northwest of New Castle, was opened by John S. Reel. Mr. Reel later sold his interests to George W. Johnson, of New Castle, who in turn formed—and sold to Carnegie Steel Company—the G. W. Johnson Limestone Company. This company was included among the several limestone companies which, in 1934, were consolidated into the Pittsburgh Limestone Corporation—a subsidiary of the United States Steel Corporation—with operating offices in the Johnson Building at New Castle.

One Of Six Plants

The Hillsville quarry is one of six limestone plants of the Pittsburgh Limestone Corporation, which produce and ship limestone for metallurgical use in the steel plants, blast furnaces and foundries in Western Pennsylvania and Eastern Ohio. They also furnish limestone for the manufacture of Universal-Atlas Cement, and crushed stone for all types of concrete and macadam highways and driveways.

The Hillsville quarry is an open pit operation in what is known as the Vanport limestone. The stone lies in horizontal layers having a total thickness of from 15 to 20 feet. The overburden, which is generally of a shaly character of an average depth of from 15 to 40 feet, is loaded by steam shovels into cars and dumped in worked-out portions of the quarry. After the limestone measures have been cleaned, vertical bench holes are drilled with air drills on wagon mountings, and shot, in rounds, against a buffer of stone left from the previous round. The stone is then loaded by steam shovels into cars which are hauled in trains by steam locomotives to the primary crusher. After passing through the crusher the stone is conveyed to the electrically operated screening plant where it is sized to the desired specifications and prepared for market.

The present rated capacity of this quarry is 1,250,000 gross tons product per year. At this time there are employed more than two hundred residents of the Hillsville-New Castle district. The officers of the Pittsburgh Limestone Corporation are MacGilvray Shiras, president, Pittsburgh; A. W. Worthington, vice president and general manager, Pittsburgh; H. L. Gordon, assistant general manager, New Castle; J. W. Hamilton, secretary, Pittsburgh; H. E. Jeffries, treasurer, Pittsburgh. H. W. McKee, Jr., of New Castle, is superintendent of the Hillsville quarry.

HOLC Applications Nearly Cleaned Up

Loans Made To 58,031 Owners Of Property In Pennsylvania

By ARTHUR C. WIMER
(Special Washington Correspondent New Castle News)

WASHINGTON, D. C., Feb. 21.—The Home Owners Loan corporation has disposed of all but 652 applications for loans from distressed home owners of Pennsylvania. Corporation officials say all of these remaining applications will be easily handled before the deadline next June.

The HOLC has made loans to 58,031 owners of mortgaged homes in the Keystone state. These advances total $164,863,523, or an average of $2,835 per loan. The Pennsylvania average per loan is smaller than the national average of $3,018.

HOLC officials say Pennsylvanians who received loans have an unusually good record in making repayments. Delinquencies have been few, especially those growing out of deliberate refusal to make payments by those able to do so.

Legal Profession Is Well Crowded

Estimate That About 40,000 Young Men Are Studying To Become Lawyers

(International News Service)

WASHINGTON, Feb. 21.—The legal profession does not need more lawyers but better equipped lawyers, Associate Supreme Court Justice Pierce Butler told the legal institute, composed of alumni of Georgetown University Law school.

He regretted the "passing influence" of experienced lawyers whose part-time places in the law schools are gradually being taken over by full-time professors. He suggested some method be formulated by which the well-seasoned barristers may share their experience with law students.

Justice Butler said there are almost 40,000 young persons studying law today.

"This is at least four times as many as needed for the practicing profession," he said.

Many Candidates For Postmasterships

Thirty Seeking Appointment To Four Offices In Congressional District

By ARTHUR C. WIMER
Special Washington Correspondent New Castle News

WASHINGTON, D. C., Feb. 21.—Only two candidates have applied for the New Wilmington postmaster-ship, but announcement of examinations for four other postmasterships in the Lawrence-Butler-Beaver county district brought applications from thirty aspirants, according to the Civil Service Commission.

Receipt of applications for the five jobs ended this week. While only two candidates declared themselves for the New Wilmington appointment, 12 requested the Wayne postmastership, seven the New Brighton postmastership, seven the Rochester appointment, and four requested to be considered for the Aliquippa office.

New Wilmington applicants were listed by the Civil Service Commission as Elmer M. Newton and Chester C. Bracken.

Candidates for the other postmasterships were named as follows:

At Wayne—Clarence J. Gallagher, Thomas G. Ferguson, Mrs. Isable M. Lyons, Lawrence T. Adelberger, Savillian B. Ferguson, Herman Petri Lengel, Thomas J. O'Donnell, Harold Raymond Blackstone, Francis A. Gugert, Lewis S. Chester, Jr., James E. Maguire and Robert J. Colgan.

At Rochester — William John Kress, Paul W. Marshall, George H. Ruth, Thomas Hunter Javens, John S. Gordon, George A. Howe, and William F. Thorpe.

At New Brighton—Ernest Jay Beacom, Emmet R. Anderson, Fred P. Mack, William L. Mitsch, Glenn A. Funkhouser, James H. Frew, and John Jay Jackson.

At Aliquippa—Frank J. Ley, Paul Martin Henderson, Howard J. Cochran, and Philip Joseph McNally.

The jobs pay $3000 annually at Aliquippa and New Brighton, $2900 at Wayne, $2800 at Rochester, and $2400 at New Wilmington. The Civil Service Commission will rate candidates according to education, training and fitness, and final selections will be made by Democratic leaders of the tri-county district.

"Divining Rod" Is Successful

Electric Current For Locating Coal Veins Is Highly Efficient

(International News Service)

NEW YORK, Feb. 21.—Use of an electrical current in determining the location of coal deposits in the ground has proven highly effective, Dr. Maurice Ewing of Lehigh university announced here.

Addressing the 145th meeting of the American Institute of Mining and Metallurgical Engineers, Dr. Ewing said that development of an electrical "divining rod" process had been started in 1934 and verification of its findings by drilling completed recently.

The experiment was started on the premise that anthracite is a better conductor of electricity than are the slates, shales and sandstones in which it is embedded, and it demonstrated that veins of anthracite could be detected by making measurements of electrical resistivity at the surface.

The method employs iron stakes driven into the ground, with charged wires connecting them. The electrical current, in completing its circuit underground, spreads deeply so that the sub-surface materials become part of the circuit. The experiment was carried out near Mahoney City, Pa., and drill operations consistently verified the predictions that coal would be found, it was said.

China's No. 1 Film Star Now Married

(International News Service)

SHANGHAI, Feb. 21.—When Miss Butterfly Wu, China's foremost film favorite, married Eugene Penn, a well-known Chinese business man, after a romance of five years, the ceremony was one of the most elaborate affairs of its kind ever witnessed here.

Over 2,000 guests were invited to attend the dinner and reception held at two of the largest Chinese hotels in Shanghai.

New Castle Ready For Butler Game Saturday Night

Sectional Rivals Will Meet At George Washington High Floor

Biggest Crowd Of Year Will Probably See Game, Starts At 7 P. M.

A battle royal is to be staged in New Castle Saturday night. The scene will be the George Washington High gym floor. The contestants will be New Castle High "Red Hurricanes" and the Butler High "Soapminers". The preliminary game with the reserves teams playing is scheduled for 7 o'clock.

It is certain that New Castle and Butler will battle for second place in the league, regardless of the outcome of the Beaver Falls-New Brighton game tonight at the Beaver Falls floor. In event that New Brighton wins, the winner of the New Castle-Butler game will meet Beaver Falls High in a play-off game for the Sectional Three championship.

Look For Battle

Butler hammered New Castle for a 19 to 13 count at the Butler High floor earlier in the year, and the local sons are rarin' to get even with the Butlerians. If New Castle had won at Butler things would be different now in Section Three, in fact the league race would probably be sewed up for the Bridenbaughmen.

It will be the final Sectional game for both teams, and all caution will be thrown to the winds. Each team will be out to take the coveted victory regardless of whether it be for first or second place in the league. New Castle and Butler have been rivals for many years.

Faculty Manager Ralph H. Gardner looks for the biggest crowd of the year at the Washington floor for the Saturday tilt.

"WEALTHY PREACHER"

"Have you a good biography?" asked the minister at the bookstore.

"Yes, indeed, sir," replied the clerk "Have you read "The Wealthy Preacher?"

"Perhaps you misunderstand me," insisted the minister. "I never read fiction."

HERE AND THERE IN SPORTS' LAND

Patty Berg, conqueror of National Champion Glenna Collett Vare, and Maureen Orcutt, Miami, fought their way to the final of the annual Palm Beach woman's golf tournament yesterday at Palm Beach. Miss Berg a Minneapolis girl, defeated Mrs. Leon Solomon, Memphis, Tenn., champion 5 and 4 in the semi-final and Mrs. Crews defeated Miss Marian Miley, Lexington , Ky., 2 and 1 The winners meet today.

J. Runyan cracked par with a 68, three better than regulation figures and one stroke over a field of more than 80 professionals and amateurs, including some of the big names in golf.

St. Vincent did not employ a substitute last night at Indiana floor, to defeat Indiana State Teachers in basketball, 52 to 40. Evans, a forward was the scoring ace of the game, having registered 22 points, 10 of which came from field goals. . . . Fairmont met Morris Harvey at Charleston, W. Va., and won a landslide victory, 72 to 18. Kern, center for Fairmont shot 10 field goals and gained six more points from the foul line. . . . West Virginia Wesleyan scored their second victory over Salem college at Buckhannon, W. Va., 49 to 39. John Willard, Bobcat forward, made 19 points and boosted his average to 17.3 points for 12 games this season.

Sam Leslie, first baseman, whom New York sold to Brooklyn three years ago has been sold back to the Giants for $20,000. . . In swimming meets at Pittsburgh, Carrick and Pitt drew 34-34 and Schenley won from Westinghouse, 47-28. . . . Spencer Woodill, 19 year old pitcher for Swissvale, will receive a tryout with the Pirates this spring. . . . Wesley Fessler, Harvard, and Romeyn Berry, Cornell have accepted positions on the National collegiate No. 1 committee to supervise Olympic basketball selections in the Eastern area. . . Cleto Locatelli, Italy and Izy Jannazzo, New York, will fight at New York tonight. They are junior welterweights. . . Discovery is favored to win the Santa Anita handicap tomorrow.

Grovers-Rockets Battle Tonight

Floor Game At Grove City Will Attract Attention Of District

GROVE CITY, Feb. 21.—The district's most intense athletic rivalry overshadowing all other sports events for Grove City and Slippery Rock students and fans, breaks out anew tonight with the Grovers and Rockets meeting here for the first time this year in a basketball game. Since 1932, when the modern series was opened, no game on either schedule aroused much enthusiasm.

Having broken a string of defeats at Allegheny, Tuesday, the Grovers have developed spirit to a fever pitch, as they prepare to meet the Rockets. Comparative scores give Slippery Rock a big edge, but the Grovers, primed to stop Truman, Teacher scoring ace, are not to be counted out. George Petach, freshman, will be assigned the task of opposing the Rocket center, and there's a good chance he may succeed, in holding the high-scoring Truman to a reasonable total.

With the pendulum of sports supremacy in the local rivalry swinging to Slippery Rock in recent years, tonight's game takes on added importance. With a football victory over the Grovers, Slippery Rock has prospect of making a clean sweep in this year's competition, for the first time in the history of the athletic relationship. Last winter the Rockets captured both basketball games, for the first time, but lost to the football contest.

ARE OUT TO GET PERSONAL TAXES

(International News Service)

BETHLEHEM, Pa., Feb. 21.—A resolution that personal property tax lists in Northampton county be brought up to date to balance the budget was passed by the Fourth-Broadway—Wyandotte improvement association here.

The association asked the county commissioners to maintain the present seven mills personal tax rather than increase property levies 100 percent. In addition, the organization said, many taxables in the county 21 years of age or over, should be added to the personal assessment sheets.

Pulaski "Big Five" Defeats Kirppus

Exciting 35 To 33 Game Goes To Pulaskis, Chernyavski And F. Wanio Stars

The Pulaski "Big Five" won a close one last night from the fast Kirppus club, 35 to 33, in the final minutes of play at the Pulaski hall. The game was one of the best of the year and drew a big crowd.

In the preliminary game, the Pulaski Reserves lost to the Kirppus Reserves, 29 to 25, with B. Wanio and Davis starring for the winners, and Kolodziej and A. Presnar for the losers.

The Pulaski "Big Five" led the scoring in the first half of the battle 21 to 18, with Chernyavski and Johnnie Slosernick doing the bulk of the scoring. The Kirppus won the second half 15 to 14, but could not overcome the lead piled up by the Pulaskis in the first half. Joe Kelly, former high school and Slippery Rock star, was held to six points by Walter Chernyavski.

Titans Leave On Another Trip

Have Three Games In West Virginia Starting On Saturday Night

MEET GENEVA ON HOME FLOOR SOON

(Special To The News)

NEW WILMINGTON, Feb. 21.—After a second eastern invasion in which the Titans of Westminster college dropped two games to eastern schools, George Washington university 33-25 and St. Thomas at Scranton 31-30, Coach Lawther's cagers will leave today for three games in West Virginia territory.

Saturday night the Lawthermen meet Glenville Teachers college; Monday, West Virginia Wesleyan, at Buckhannon, and on Tuesday, Fairmount Teachers, returning to New Wilmington Wednesday for a four days' rest before tackling Geneva college in the second game of the season with the Covenanters, Saturday night, Feb. 29, on the Titans' home floor.

The Titan average for the season in wins and losses now stands at 14 won and six lost. If Westminster drops another game, it will be the first time in 10 years when they have lost more than six games. In 1927 and 1933 the Titans dropped as many as six games and each time fell to a second in the conference and district. According to statistics, however, the Titans should capture the six games remaining on their schedule unless the West Virginians are tougher than they are doped out to be.

Westminster had little difficulty dropping the Glenville teachers earlier in the season 53-28, but on their own court the West Virginians might be more difficult. Fairmount and West Virginia Wesleyan are new additions as Titan opposition, and rather hard to estimate as to toughness.

After the West Virginia excursions the Titans land at home to finish the season with Geneva, Waynesburg and Slippery Rock, all of whom have been beaten once this season by Westminster.

The Titans offered no definite alibis for the two eastern defeats. The George Washington Colonials were the hardest opponents the Titans have met this year, with tall, fast, experienced players and a wealth of reserve material. Lawther's men had difficulty keeping their footing on the slick Colonial floor, without the aid of rosin applied freely by the George Washington players to their shoe-soles.

A long, cold road trip from Washington to Scranton perhaps accounted much for the Scranton defeat against a team which the Titans considered no stronger than many teams defeated by the Westminster varsity already.

Bennett, who was held to four points in the Washington game, came back with 14 points for a high score against St. Thomas.

All-Star Game Will Be Played

New Castle High Will Meet Team Composed Of All-Stars Of County League

DATE OF GAME IS NOT KNOWN

The proposal has been made and it sounds like a good one, for the playing of an All-Stars County league team against New Castle Hi "Red Hurricanes." No definite date has been set as yet for the playing of the contest which will take place at Washington floor.

Considerable interest in a game of this nature could be worked up. It has never been tried before. It would be a test for the County League teams against New Castle. It certainly would be a fast engagement.

Coaches Will Pick Them

Just how the All-Stars will be picked is not known, but it has been suggested that each coach of the County High school teams submit a first and second team to Charles "Bugs" Walther at the News sports department. The players receiving the highest number of votes will be used on the first All-Star team, etc.

There will be a preliminary game between the Class B All-Stars of the County and the pick of the combined Franklin and Washington high teams. This would also be a distinctive basketball game and an enjoyable one.

The following coaches of the Lawrence County High schools will be eligible for picking the County Class A All-Stars—Dave Boyd, Union Hi., DeWitt Emerick, East Book; John Eagleson, New Wilmington; J. K. Fredericks, Bessemer; Ralph Spears, Mt. Jackson; C. B. Hennon, Wampum; George Phelps, Shenango.

The proceeds of the game will go toward a fund to give all of the county basketball players a rousing big banquet.

To keep olives fresh after the bottle is opened pour a little salad oil on top of the liquid in the bottle.

New Wilmington At Union High

County League Game Will Be Played At Union High Floor Tonight

New Wilmington high school basketball team will go to the Union high court tonight for a Lawrence county high school league battle. The girls of the two schools will play the preliminary game at 7:30 o'clock.

Coach Davey Boyd has the Unions all primed for a fast battle tonight with the New Wilmingtonians. There is quite a bit of friendly rivalry between the two teams and for that reason a big crowd will no doubt follow the Eaglesonmen to Union township for the game.

Both Union and New Wilmington are out of the county league title race, but this will not detract from the battle one bit.

Discovery Made Favorite To Win At Santa Anita

Believe Discovery Will Lead Field At Least By Five Lengths

By GRIFFING BANCROFT, JR.
International News Service Sports Writer

SANTA ANITA RACETRACK, Arcadia, Cal., Feb. 21.—"Discovery by five lengths!"

That seemed to be the consensus of the turf around here today as 15 thoroughbreds made ready for tomorrow's running of the classic $100,000 Santa Anita handicap.

With the definite withdrawal of Greentree stable's First Minstrel, the field of probable aspirants for the flower crown from the hands of Miss Anita Baldwin, daughter of the late "Lucky" Baldwin, not to mention the Hundred Grand, was narrowed to 15.

Two of these are doubtful. Fred M. Alger's Azucar, last year's winner, is a horse who doesn't mind mud but won't run in slop, and Norman Church's Riskulus doesn't like even mud, so any more rain is almost sure to drive them out.

Track Is Heavy

Although the track had a chance to dry yesterday with a letup in the ten days of constant rain, it is sure to be heavy at 4 p. m. tomorrow, the hour set for the big race. Any more rain, and it will be bottomless.

Mud or no mud, Alfred Gwynne Vanderbilt's Discovery remained a topheavy favorite today, the odds on him falling another point, to 6-5. A. A. Baroni's Top Row at 3-1 and Mrs. F. A. Carreaud's Time Supply at 4-1 were the two horses given the best chance to beat him.

New Castle Saxons To Play Homestead

Game Saturday Night At Senior High Floor Will Draw Old Timers

New Castle Saxons will play the Homestead Saxons at the Senior High floor Saturday night, it was announced by Coach Norman Buckingham today. The Homestead girls and the New Castle Saxon girls will play the preliminary game at 7 o'clock.

This game has been designated as booster old timers game for the Saxons and former members of Saxon teams here in years gone by. It is hoped that several hundred of the Old Timers will make their appearance at the game.

The New Castle Saxons are in second place at the present time in the West Penn-Ohio Saxon basketball league, and are fighting hard for the leadership. The Youngstown Saxons are leading the league.

Coach Buckingham will have his strongest lineup available for the battle. The Saxons are in the church A league under the name of the St. Paul's Lutherans and are champions of the first-half of the league season.

The Homestead girls are rated as one of the strongest girls teams in the Pittsburgh district.

Games Saturday In House League

St. Nicholas Will Meet Duquesne Sokols, Castletons To Meet "Y" Seniors

There will be one House-Indus League game at the "Y" Saturday night and one non-league battle. The league game at 8 o'clock will find the Castletons meeting the "Y" House-Seniors.

In the preliminary game the St. Nicholas team will meet the Duquesne Sokols at 7:15 o'clock. The Duquesne Sokols have such well known stars as the Kocheran brothers in the lineup. Kocheran is a former Westminster star.

Runyan Leads Golf Tourney

(International News Service)

ST. PETERSBURG, Fla., Feb. 21.—Paul Runyan, White Plains, N. Y., professional golfer, today led the field of America's topnotch golfers into the second round of the $2,500 St. Petersburg Open, after breaking the course record yesterday with a par-shattering 68.

Runyan's score, two under the course record for tournament play, and three under par, was one stroke better than his nearest competitors, Johnny Revolta, national P. G. A. champion and recent winner of the $3,000 Thomasville (Ga.) Open, and Johnny Hines, who were tied at 69.

Davis Walsh Picks Red Sox As Winners In American League

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, Feb. 21—It seems that any time the band wagon goes by, with everybody riding along, I'm down on the sidewalk playing my favorite solo on the snare drum, which probably accounts for the fact that I think the Boston Red Sox will win the American League pennant this year. Everybody else has already gone on record as saying that they postively won't, but they said the same for the Washington Senators in 1933 and the Tigers themselves in 1934.

Actually, the chances of each were exceedingly good because they didn't have anything much to lick. The Senators faced a champion that wouldn't repeat; the Tigers, in turn, a champion that couldn't. In other words, I'm counting less on the Red Sox this time than on the world's champion Detroit Club. It simply is not a three-way winner.

Only great Cubs have won the pennant three times straight in either league—the old Cubs of 1906 to 1909; the old Tigers of 1907 to 1909; the Giants of 1921 to 1924; the Yankees of 1921 to 1923 and 1926 to 1928, and the Athletics of 1929 to 1931. Even other great clubs like the old Athletics of 1910-11 and the old Red Sox of 1915-16 couldn't do it.

Giants Were Good

I'm not forgetting the Giants of 1911 to 1913. They somehow missed greatness but, at that, they were, by contrast, well out in front of the present Tigers, who are merely great in some spots, ordinary in others and downright bad in the rest. You just can't keep winning with a ball 9 like that, even in a league that has almost forgotten how good it used to be.

As a matter of fact, I can't even go along with the general criticism of the Red Sox, which seems to be based on the supposition that they have to finish second or worse because they're not perfect. The story the dissenters tell is that the club has too much talent and too little pitching. They say Grove can't come back, although last year he was never away. They say Ferrell can't repeat, although he has been repeating ever since he joined the club.

What About Pitchers

They also say that the rest of the pitchers couldn't break a pince nez in a field box with their Sunday ball although they overlook the fact that when a club starts to win a pennant, even an interboro and suburban pitcher can and often does win as many as 15 games.

And just to exhibit a complete lack of bias, the same critics point out that Simmons will add a lot of punch to the Tigers. Not being able to know about things like that before they happen, I am forced to put my rejoinder in the form of a question, viz., how much punch is there in a batting average of .267?

New Castle Rifle Club Wins Match

The New Castle Rifle Club defeated Ellwood City Rifle Club at the Cathedral range last night by the close margin of 930 to 927. High score for the match went to Field, of New Brighton with 196 out of a possible 200 count. Second high was held by Leo Hill with 193.

The results of the match—New Castle Rifle Club—Leo Hill 193; Ruby Moore, 187, Cramer 185, Pugh 183; Dean 182. Total 930.

Ellwood City—Field 196, Kennedy 191, Williams 187, Stamm 177, Pander 176. Total, 927.

Giants Obtain Leslie, Dodgers Get Young Star

Bill Terry Gives Up $25,000 For First Sacker, Dodgers Secure Hassett

By PAT ROBINSON
International News Service Sports Writer

NEW YORK, Feb. 21.—For the first time in history, the Giants, Yanks and Dodgers today were involved in a three-cornered deal among themselves.

Bill Terry got that first base insurance he's been hunting for by giving the Dodgers a reported $25,000 for Sam Leslie.

The Dodgers bought John (Buddy) Hassett from the Yankee farm at Newark for a "substantial sum" and Outfielder Ralph Boyle and First Baseman Johnny McCarthy.

Favors Dodgers

On paper, it's a corking deal—especially for the Dodgers who give up nobody they wanted and in exchange get cash and one of the most sought after young ball players in the country.

Like Frankie Frisch and Lou Gehrig, Hassett learned his baseball on the sidewalks of New York. Like them, too, he is not the greatest fielder in the world, but, again like them, he can powder the ball.

After his graduation from Manhattan in 1933, the Yankees landed Buddy and sent him to Wheeling where he hit .332. The next year he slugged for .360 with Norfolk and was stepping out nicely with Columbus last year when a broken ankle laid him on the shelf.

Natural Hitter

By all reports, the young man is a natural and naturals hit in any league. Casey Stengel believes Buddy will make Dodger fans forget Leslie, which shouldn't be difficult at that, for there were times last year when the Brooklyn faithfuls gave old Sambo quite a ride. In fact, on several occasions they darn near rode him out of the park on a rail.

McCarthy is one of those fancy dans around first base. He can field with anybody and hit minor league pitching but he's never shown a penchant for hitting under the big tent and the Dodgers must have somebody who can drive in a few runs. Boyle's stick also was a little light for major league wear.

Good In Pinch

Leslie will be just what the doctor ordered for the Giants—an experienced man who can give Terry's aged dogs a rest now and then and who can sock one in the clutch.

The Giants bought Sam from Memphis in 1929, farmed him out and then kept him through '31 and '32 and traded him to Brooklyn for Lefty Clark and Lefty O'Doul in 1933.

Three Games In Church League At "Y" Floor

Three games have been billed for tonight in the New Castle Church Basketball League. The first battle will start at 8 o'clock and will feature the First Christians and St. Nicholas teams.

The Sacred Hearts, leaders of the league, will play the Epworth M. E. team in the big game on the bill. The Epworths are battling hard for the leadership held by the Hearts. The third game will find the Central Christians meeting the St. Michaels team.

Johnson Busy Limbering Up Pitching Arm

"Big Train" Will Attempt To Throw Silver Dollar Across Rappahannock

By LEON W. SHLOSS
International News Service Sports Writer

WASHINGTON, Feb. 21.—That rural skit entitled "Who Threw What Dollar Where," slated for a one-day stand at Fredericksburg, Va., tomorrow, was in full dress rehearsal today.

On his 300-acre farm at Germantown, Md., Walter Johnson, selected to play the lead, was busy limbering up the arm which will try to throw a silver dollar across the Rappahannock river at the point near Fredericksburg where George Washington is reputed to have originally accomplished the same feat.

Perfects Control

"Have worked for speed and control until now by throwing 100 feet at barn door," the "Big Train" reported. "Yesterday knocked so many holes in the door that one of my calves almost froze to death last night, so today will try for distance, substituting iron washers for silver dollar."

In Fredericksburg, citizens attempted vainly to cast metal slugs across the Rappahannock, according to the local Chamber of Commerce press release. At the same time, rumors of skulduggery and the presence of a fiery controversy over the equipment Johnson is to use, invaded Fredericksburg.

East Brook At Wampum High

Wampum Must Win Tonight To Stay At Top In Section 22 Race

East Brook high school basketball team will go to Wampum tonight for the most important battle of the Section 22 league race. The Wampum team must defeat East Brook tonight to stay up at the top of the league along with Bessemer high.

Bessemer will have its hands full tonight with the Shenango high team. If Bessemer wins and Wampum loses, the league title goes to Bessemer, and vica versa. A lot depends on these two battles carded for the Wampum and Bessemer courts.

Wampum Primed

Coach C. B. Hennon has the Wampumites all primed and ready for the best game of the season against the team of East Brookians coached by DeWitt Emerick, who defeated Wampum earlier in the year at the East Brook floor.

If Flumer is right tonight, the Wampum team will click as the saying goes "so goes Flumer, so goes Wampum high tossers," so it's up to this youngster. Of course, Marshall and McBride may slip in an occasional field goal, but it is Flumer who carries the burden. Fontana and Scala are a pair of fine guards, and so are Hall and Finnegan of East Brook. It looks like a real contest all the way.

Wampum's fondest hopes of a championship basketball team are close to reality today and tonight tells the tale.

Butler Junior High Team Wins

Butler Junior High Turns Trick On Franklin 17 To 13

For the first time in quite a few years the Franklin junior high basketball team lost to another junior high team, and it happened at the Franklin high court yesterday afternoon with the Butler junior high team pulling the trick 17 to 13.

The Wallace coached machine could not get started. The first half went to the New Castle 9 to 8. Butler came to life in the second half and made the Franklins look bad.

DeRose, the Butler center, was the star of the game with 10 points.

In the preliminary game the Franklin high faculty basketball team lost to the night school faculty team 39 to 29. Johnnie Cabas was the star for the night school faculty.

Award Contracts For Municipal Building Here

Cook Anderson Company Of Beaver Get General Contract At Bid Of $86,792

START RAZING OF CENTRAL SCHOOL

Ellwood And New Castle Firms Get Contracts At Adjourned Meeting

ELLWOOD CITY, Feb. 21.—Four contracts in the construction of a new municipal building in Ellwood City were awarded by borough council at an adjourned meeting held Thursday evening in the city building.

As predicted last Tuesday, the low bidders in each received the contracts. The recommendations to this effect of the building committee were passed by council. The general contract was awarded to the Cook-Anderson Co. of Beaver whose base bid was $82,158. Council also voted to give them the three alternate bids which made it an aggregate bid of $86,792. The alternates included the building of a marble corridor five feet high, steel frames, and the recessing of radiators.

The plumbing contract was awarded to William M. Clark & Co. of New Castle at a bid of $5,147. The agreement here includes the use of the salvagable material from the Central school. This will be taken out by the borough and stored until needed.

Herge Radio & Electric company of Ellwood City received the electric wiring and lighting contract with an alternate whose total low bid was $3,924. The alternate was for the installing of an emergency lighting system.

The heating and ventilating contract went to the Withers company at a bid of $5,424, which included an alternate. The radiators will be set back in the wall. The total amount of the bids was $101,287.

The construction of the new municipal building is a WPA project for which the borough received a grant of $42,500 from the federal government. Razing of the Central school building, the site where the new one will be constructed, started this morning as a WPA project when 80 local men went to work under careful supervision. The borough is allowed $18,000 for this project, which with the grant, this means that the borough is benefitting from a total sum of $60,500.

The building committee was authorized to select Ellwood plumbers to supervise the removing of the plumbing fixtures and name a person to oversee the removing of the salvagable material and sell what is not needed. The blackboards will be sold to township schools.

New Castle Man Rotary Speaker

A. L. Thayer Is Speaker At Weekly Meeting Of Ellwood Rotary Club

ELLWOOD CITY, Feb. 21.—An interesting meeting was held by the Ellwood City Rotary Club in the First Presbyterian church on Thursday evening. At the business meeting Mike Kraynack was introduced as the high school Rotarian for the month.

The evening's program was in charge of James Cope who introduced as the speaker of the evening Architect A. L. Thayer of New Castle. Mr. Thayer attended the meeting of Rotary International in Mexico City last year and spoke on the subject, "Rotarians in Mexico."

Naturally being interested in architecture Mr. Thayer described the way in which the modern city dwellings were built right on the street, with yards in the rear.

He told of the many churches and of the high quality of architecture in them. He said that many of the little churches in obscure places had beauty equal to the finest churches we have. He described the shops and shopping. One item of interest was the inevitable bull fight which was performed with such finesse as to awake admiration even in a hostile spirit.

An inter-club meeting and ladies night will be held next Friday evening, it was announced. The meeting will be in charge of Paul Reynolds. Morris DuPrayer, prominent business man of Paris, France, will be the principal speaker of the evening.

Install Pastor Of Trinity Lutheran Church Thursday

Rev. F. H. Daubenspeck Formally Installed As Pastor Of Local Church

ELLWOOD CITY, Feb. 21.—With impressive ceremony Rev. F. H. Daubenspeck, former pastor at Chicora, was formally installed as minister of the local Trinty Lutheran church on Thursday evening. A crowd of about 300 witnessed and participated in the proceedings of the evening.

The charge to the congregation was given by Dr. H. H. Bagger, president of the Pittsburgh Synod. Rev. J. F. Beaumont of New Brighton gave the charge to the pastor. The address of the evening was given by Rev. White of the Orphan's Home in Zelienople. David Flinner gave the response. Group singing was enjoyed during the evening under the leadership of the choir.

After the ceremony an informal reception was held for Rev. Daubenspeck.

Providence Class Regular Meeting

Church Group Meets At Home Of Mr. And Mrs. Gus Hampe, Thursday

ELLWOOD CITY, Feb. 21.—Mr. and Mrs. Gus Hampe proved to be pleasing hosts last evening when they opened their home on the New Brighton road to members of the Young Peoples class of the Providence Baptist church who gathered for the regular meeting with fifteen members in attendance.

The business and devotional periods were conducted by the president, Clarence Safreed. They made plans to hold an oyster supper at the North Sewickley township grange hall on Tuesday evening, March 17.

An enjoyable period of games and contests followed with the prize award going to Miss Catherine Czar. The hostess assisted by Mrs. Lester Hazen served a delicious luncheon featuring seasonal appointments.

The next regular meeting will be held on Thursday evening, March 19, at the home of Mr. and Mrs. Howard Syphrit of Rockdale at which time the annual election of officers will be held.

Social Meeting By B. & P. W. Club

ELLWOOD CITY, Feb. 21—Business and Professional Women's Club of Ellwood City held their customary social meeting last night at the Hostess House on Glenn avenue with 20 present.

Monopoly and bridge were enjoyed during the evening at the close of which the prizes went to Miss Mabel Long and Miss Mabel Gemmil, for monopoly. Mrs. Catherine Charles and Miss Elizabeth Patton won in bridge. The place was beautifully decorated in the national colors in honor of George Washington's birthday.

The hostesses for the evening were Miss Elizabeth McCracken, Mrs. Opal Porter and Mrs. Sue Pitzer. It was announced that a dinner meeting will be held on March 3 at the Hostess House.

Baptist Society Has Fine Meeting

ELLWOOD CITY, Feb. 21.—Women's Missionary Society of the First Baptist church held an interesting meeting at the church last evening. Missionary Group No. 4, of which Mrs. D. J. Jones is captain, was in charge of the program.

The feature of the evening was an address by Miss Helen Artman, a returned missionary from India, and who is a cousin of Mrs. J. E. McDanel, of this city. It was an interesting talk on the customs and work of the country clearly illustrated by curios and costumes as shown by the speaker.

After a short business meeting a fine social time was enjoyed. Lunch was served later by Mrs. A. E. Conner and her committee. The society will meet again on March 18.

After the program tea was served by a committee composed of Miss Margaret Burton, Mrs. John Aggas and Mrs. William Gray.

The affair was one of the most interesting ones of the year and was a complete success in every detail.

Name Clyde Hill To Boro Council

Fail To Elect President Of Council In Two Votes Last Night

ELLWOOD CITY, Feb. 21.—After the taking of two votes Clyde Hill of Fountain avenue was elected to the Ellwood City Borough council to fill the unexpired term of Russell Sitler who resigned to become Burgess.

In two more votes taken at an adjourned meeting of council last night in the city building, the members split on their election of president of council when Paxton R. Fike and A. J. Howell received four votes apiece. The former has been temporary chairman in the past two meetings.

In the election of the councilman Harry Caplan of the third ward nominated Mr. Hill and Earnest Reinheimer named ex-councilman John E. Powell. Council passed the motion of J. P. Meneice to vote in open ballot which resulted in a tie. Some legal difficulty was experienced in this and was finally straightened out by Borough Solicitor J. W. Humphrey. Another vote gave Hill a 5-3 majority.

For chairman of council Fike was named by William McGlincey and Howell by Harry Caplan. After two votes resulted in a tie the matter was referred to the regular meeting of March 5 at which time the Burgess will be called in to cast the deciding ballot if council votes a tie again.

Mechanics Trip Finishing Team

Take Early Lead And Defeat Defending Champions 37-32 Last Night

COLD DRAW QUINTET NOSES OUT FACULTY

ELLWOOD CITY, Feb. 21.—Defending champions Finishing ran into a snag at the Shelby auditorium Thursday evening when they took a 37-32 set back at the hands of the Mechanical cagers in an exciting battle in a Shelby Interdepartment league game. A 27-24 victory by the Cold Draw over the Faculty in the second game of the evening, gave them the league lead.

The Mechanics displayed great class last night as their fast passing attack bewildered the Finishing. The latter was playing without one of its star performers, Barnes who was absent. A commanding lead was held by the Mechanicals for three quarters. The score was 15-8 in the first quarter, 26-12 at the half, and 30-16 at the end of the third quarter. Finishing started a great rally in the final period which was cut short by the closing whistle. They scored 16 points to their opponent's 7, making the final score 37-32 for the Mechanics. Arnold, Robuck, and Segedi were prominent in the attack for the visitors, while Ursu and Cole were best for the losers.

Cold Draw pulled a surprise in the second game of the evening when they took the play away from the highly touted Faculty cagers. They jumped to an early 5-2 lead and then made it 12-6 in their favor at the half. The teams battled hard in the ensuing period which resulted in the faculty knocking off a point from their opponent's lead when the score was 19-14. Faculty's rally in the final period was cut short when they rolled up 13 points to the Cold Draw's 5. The final score was 27-24 for the latter. The work of Clyde, Mayne, and Ferucci was best for the victors, while Newton and King were outstanding for the losers. Faculty's poor exhibition at the foul line cost them the game.

LEGAL NOTICES

NOTICE TO SPORTSMEN

RESOLUTION OF THE PENNSYLVANIA BOARD OF GAME COMMISSIONERS DECLARING AN OPEN SEASON ON BEAVERS AND EXTENDING THE SEASON FOR TAKING SKUNKS.

It having been proved to the satisfaction of the Board of Game Commissioners of the Commonwealth of Pennsylvania that beavers are materially destroying property in Pennsylvania, and that the trapping of the same may be permitted without jeopardizing the future supply thereof; and that the season for trapping skunks may be extended without jeopardizing future supply of skunks; therefore, pursuant to the provisions of Article V, Section 509, of the Act approved May 24, 1923, P. L. 359, as amended, the Board of Game Commissioners, upon motion made, seconded and carried, hereby removes protection from beavers during the period and under the conditions herein prescribed, also declares an additional open season for the trapping of skunks in the Commonwealth of Pennsylvania:

1. The open season for trapping beavers shall be between March 16 and March 31, 1936, both days inclusive, and the season for skunks is hereby extended to include the month of March 1936.

2. Trapping methods, identification, and visitation of traps shall be in accordance with the provisions of Article VI of the Act above cited.

3. Only persons who are bona fide residents of Pennsylvania, holding a lawfully issued resident hunter's license, shall trap beavers; Provided, however, that owners of land actually residing thereon and cultivating such lands, and members of their families residing thereon, may trap beavers on such lands if they are open to public hunting and trapping, but not on any adjacent or other lands without first securing a resident hunter's license.

4. Any person having the right hereunder to trap and kill beavers shall be permitted to use and set not to exceed ten traps and may trap and kill not exceeding four (4) beavers during the open season hereby fixed; provided that should any person unintentionally trap more than four (4) beavers he shall within twenty-four hours report and deliver the excess so taken to a salaried employe of the Game Commission, to be disposed of as directed by the Board.

5. The hides of beavers lawfully trapped shall not be possessed by any person other than the trapper or sold or otherwise disposed of until they are first examined by a salaried Game Protector of the Commission and a permit from the Commission has been issued to such person. It shall be the duty of each trapper to report the number of beavers trapped by him to any salaried Game Protector of the Commission, and to have such animals tagged by such officer on or before April 10, 1936. Such tags shall remain attached to the beaver or skins until they have been tanned and made up into commercial fur.

6. It shall be unlawful for any person to have in his possession any beaver, or green or raw beaver pelts, before March 16, 1936, or after the 10th day of April, 1936, which has not been properly tagged by an officer of the Commission.

Any person or persons violating, or attempting to violate any of the provisions of this resolution, upon conviction in a summary proceeding, shall for each offense be sentenced to pay a fine of $25.00 and the costs of prosecution, and on default of paying said fine and costs, he or they shall be imprisoned one day for each dollar of the fine so imposed and costs of prosecution.

The foregoing resolution shall be duly published in accordance with the provisions of Section 509 of the Act aforesaid, and the Executive Secretary of the Board is authorized to certify the same as and for the act of the Board of Game Commissioners.

I hereby certify the above to be a true and correct copy of the resolution adopted by the Board of Game Commissioners at its meeting on January 16, 1936.

SETH GORDON,
Executive Secretary.

Stock Market Trading Heavy

Stocks Open Generally Higher This Morning Then Develop Easier Tone

By LESLIE GOULD

NEW YORK, Feb. 21.—Reflecting the mixed speculative sentiment in Wall street, the market churned around today in heavy trading with the ticker running one to three minutes late much of the time.

Stocks opened generally higher and then developed an easier tone as substantial profit-taking came into the market.

Foods and alcohol shares forged ahead and Chrysler led motors into new high ground. Oils held firm and utilities continued their recovery to score fractional gains but realizing was heavy in rails where losses ran to a point.

Chrysler touched 98⅞, a new peak since 1929, and Hudson, Nash, and Stuedbaker also advanced but Packard was called upon to absorb a good deal of profit-taking. General Motors was firm.

Numerous large blocks of stock changed hands. Among the 10,000-share transactions were Trans-America, Yellow truck, Chicago & North Western and Studebaker.

His Laughter Gets Him Lifetime Pass To Movie Theater

Alert Manager Finds That It Is Good To Have A Bellweather

(International News Service)

DEDHAM, Mass., Feb. 21.—The worm turns and so do theater managers.

For years Herbert L. Ohrenberger has been insulted, cautioned and ejected by theater managers because he laughed too long and too loud at comedies.

Movies became nightmares of fear to him.

Tip-toeing theater managers haunted his dreams. But still he could not control his laughter.

Finally a manager, more of an opportunist than his colleagues, changed the rocky tenor of Ohrenberger's life.

It was during a particularly riotous comedy in a Boston theater. Ohrenberger and a party of friends were in the audience. Ohrenberger's well developed sense of humor was touched, tickled and scratched. He howled and laughed, squirmed in his seat and laughed some more.

The audience, amused by the comedy, was elated with Ohrenberger's laugh. His solo became a chorus and the theater rocked with glee.

This time the manager did not hurry down to Ohrenberger's seat on tip-toe with a nasty glint in his eye. Instead he rushed to Ohrenberger, asked to see him in his office, smiled, and presented the laugh-leader with a life pass to the theater.

Mrs. Dan Archetto will entertain the club ladies in two weeks.

Polish Falcons Top Ohio Quint

The Polish Falcons handed the Christ Mission team of Youngstown, O., a 43 to 29 defeat at the Falcon floor last night, with Russell "Sheik" Kawa and Henry Koszela the big stars of the battle. Bucila and Roegen were the best for Youngstown.

The score at the half favored the Falcons 19 to 13.

It was announced that the Falcons would play the Natrona Falcons here Sunday afternoon at Falcon hall. The New Castle Falcons lost to the Natrona team at the Natrona floor several weeks ago. The Falcons to date have won 28 games and lost but six.

Tulips are such favorites partly because of their fine colors, which often attain to a fascinating purity of scarlet, orange, crimson, yellow and white.

Broadcast Saves Life Of Patient

(International News Service)

VIENNA—Life of a woman was saved by the Vienna broadcasting station. A warning not to use some medicine just obtained from a pharmacy was put on the air between two fox trots.

Dance music was being broadcast when the station had an urgent call from a chemist. He asked them to announce immediately that certain medicine handed to an unknown girl a few minutes previously should not be used by the patient as it contained a deadly overdose of a poison.

The announcer at once broadcast the warning. Ten minutes later the news reached the proper person.

The doctor who had prescribed the medicine, had, by chance, been listening in. From the description he recognized that it was one of his own prescriptions involved in the mistake.

Telephoning his patient, he heard from her that she had just been handed the medicine bottle by her servant and was about to take it. She had not heard the announcement. Two minutes later she would have been dead.

A GREAT GAME

AS DOCTORS PLEADED NOT GUILTY IN HEWITT CASE

Miss Ann Cooper Hewitt, shown at right, with Mrs. Alice Lindsay, one of the nurses who attended her after a sterilization operation, showed no outward emotions at the preliminary hearings of Dr. Samuel Boyd and Dr. Tilton Tillman who are charged with mayhem. The two surgeons who assertedly performed the operation on the daughter of the late inventor, Peter Cooper Hewitt, pleaded not guilty to the charges. A warrant was sent to New York for the heiress' mother, Mrs. Maryon Hewitt, who, her daughter claims, was responsible for the operation.

Rescuers Brave Storm to Save Children

After digging their way for miles through deep drifts, rescue crews are shown carrying children out of the hospital 15 miles west of Milwaukee, Wisc., where they had been snowbound for ten days and faced serious fuel and food shortage. *(Central Press)*

Miami Will Get Army Air Base

Florida Town Almost Sure Of Being Picked One Of Seven Sites

AIR DEFENSES TO BE STRENGTHENED

(International News Service)

(Copyright, 1936, By International News Service)

WASHINGTON, Feb. 21—The city of Miami, Fla., has been tentatively selected as one of the sites of the proposed giant frontier air-defenes bases.

This was disclosed today by Rep. Wilcox (D) of Florida following a series of conferences with War Department officials. Wilcox is sponsor of the program which calls for election of seven huge air bases in the continental United States and Alaska. The plan was approved by congress last session, although no appropriations have been made for construction work.

Report Is Ready

A special war department board has been surveying possible sites for the various bases for several months. A report and recommendations has been submitted to Secretary of War Dern, Wilcox said.

"While I have not seen the report I was given to understond Miami is one of the locations," he said.

The Florida base will provide a protective link for the South-eastern and Caribean area and enable the concentration of aircraft in one location in case of emergency. Wilcox considers a Florida base of particular strategic importance because of its proximity to the Panama Canal.

COMBAT GYPSY MOTH

HARRISBURG, Feb. 21.—Nearly 1000 WPA workers are employed by the State and Federal Departments of Agriculture in the eradication of the gypsy moth in Pennsylvania.

Fewer Students Make Low Grades

Westminster Shows Big Reduction In Number Of Students On Probation

(Special To The News)

NEW WILMINGTON, Feb. 21—Through use of student-tutors and special review sections for students whose grades are low, Westminster College has decreased its number of delinquents and probation students by over 50 per cent from last year.

N. Y. A funds, provided by the federal government as a means of aiding students in financial need, allow funds to be used for student-tutors in various departments. Practically every department of Westminster college is using these student tutors to help slow students.

Special review sections in French, economics, accounting and English have aided students in those subjects to bring low grades up to passing marks.

The office of Dean Alex C. Burr, through intensive correspondence with parents of failing students, has aided much in preventing students from having to leave school because of too low grades.

A new administrative measure enforced this year requires students with unsatisfactory grades for one semester to take less work the following semester. The new ruling assumes that the reason for some students doing poor work is the carrying of too many hours credit.

GREEK MEETS GREEK BUT BOTH ARE MEEK

(International News Service)

MEADVILLE, Pa., Feb. 21.—"The Greeks had a word for it," but a committee on extra-curricular activities had another one.

The committee ruled recently that two Allegheny college honorary Greek organizations must discontinue their activities after September 1.

The banned orgaizations are the Omicron Delta Kappa, men's fraternity and the Omicron Delta, senior women's organization.

Weather Oddities In Grove City

GROVE CITY, Feb. 21—Weather oddities reported on Broad Street: The last, not the first, robin, winging its way due south, after a bitterly cold three weeks sojourn here, to reverse the seasons.

College co-eds, with jaunty crocheted ear muffs protecting their ears, but wearing no hats. Snow suits for street attire.

Autos vainly struggling to turn out of 12 inch grooves, to pass other cars, or to turn into side-streets.

Store report exhausted stocks of: Ice creepers, "stocking" caps and caps with ear "lugs."

THIS IS TERRIBLE; NO PAID VACATION

(International News Service)

PITTSBURGH, Feb. 21—It'll be all work and no play for the newcomers to the Allegheny county payroll for at least a year.

The county commissioners recently ruled that nobody will get a vacation until he has been working a year or more.

Those affected may thank R. H. Helick, a $200 a month park engineer, for the action. He sent a letter of resignation, effective February 12 and asked for a weeks pay for vacation inasmuch as he had worked for the county six months.

The commissioners denied the request and made the resignation effective February 5.

Tuckerton Railroad All "Tuckered" Out

WHITINGS, N. J., Feb. 21.—Bus and truck competition has sounded the death knell of the 75-year-old Tuckerton railroad which ran 28 miles through the sand dunes and sword grass of the Ocean City seashore resort section.

Not a single passenger was on board as the last locomotive puffed into the station here and discharged the veteran crew of three. Once a profitable road, the company was unable to stem shrinking revenues.

University To Put On Big Celebration

Pittsburgh Institution Will Be 149 Years Old On February 28th

(International News Service)

PITTSBURGH, Feb. 21.—Preparations have been completed for celebration of the 149th anniversary of the University of Pittsburgh which is to be held on February 28, known to students and faculty as Charter Day.

Founded two years before the constitutional convention created the United States of America, the University was originally known as Pittsburgh Academy, later becoming the Western University of Pennsylvania and in 1908, the University of Pittsburgh.

With plans already being formed for February 28, 1937, at which time the university will observe its sesqui-centenial, work is being hastened on the Heinz Memorial. A history of the school from 1787 to the present is being written by Mrs. Agnes Lynch Starrett, assistant professor in English, at the request of Chancellor John G. Bowman, for observance of the 150-year mark.

Maple Sugar Season To Open This Month

HARRISBURG Feb. 21—Pennsylvania's "sugar bushes" are prepared for what promises to be their best season in several years. Cold weather, deep snows and sudden thaws make a good season with a high-quality product.

Normally the "tree tapping" season begins the last week of February or the first week of March. During the brief season the sap from the maple trees is gathered and boiled down into maple syrup and maple sugar.

Pennsylvania's maple products industry, famous for the quality of its output, ranks fourth for the entire country.
